EPA-HQ-2018-001217	Joanna McCall	COGENCY GLOBAL INC.	10/31/2017 21:10	(see uploaded PDF document for complete request) Cogency Global Inc. (Cogency Global) hereby requests from EPA any and all information, including correspondences, related to the applications submitted by Intech Pharma Pvt. Limited for products containing aluminum phosphide (CASRN 20859-73-8) which may have pending registration numbers 92448-1, 92448-2, and/or 92448-101. Cogency Global is not requesting any confidential information, such as Confidential Statements of Formula, but would also like to request the registration jackets for these pending registrations should any of these applications be approved while this FOIA request is pending. Documents responsive to this request likely will be maintained by the Office of Pesticide Programs. This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request. Cogency Global understands that some of the documents responsive to this request may have to undergo confidential business information (CBI) review. Cogency Global requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the document that you determine not to be exempt. Cogency Global consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information. (see uploaded PDF document for complete request)

We seek copies of any and all documents, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's ("EPA's") pesticide registration files for the following Drexel Chemical Company pesticide product: 19713-693 ("Drexel Dicamba Technical"). We would appreciate it if EPA would give priority to the following documents and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review: 1. any submission/application correspondence with EPA; 2. any EPA Form 8570-1 (Application for Pesticide - Section 1); 3. any EPA Form 8579-34 (Certification with Respect to Citation of Data); 4. any EPA Form 8570-35 (Data Matrix); and 5. any EPA Form 8570-27 (Formulator's Exemption Statement). This request does not apply to any documents or portions thereof contained in these files that are Confidential Business Information. Further, this FOIA request does not seek test data, manufacturing processes, or the confidential statement of formula for this or any other pesticide product. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$100. If I may be of any assistance with this matter, please do not hesitate to contact me at (703) 242-2506. Thank you in advance for your assistance. Sincerely, Markus Brombacher INREX, LLC, 9915 Corsica St., Vienna, VA 22181.

				Dear Sir or Madam: This is a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq. We seek copies of any and all documents, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's ("EPA's") pesticide registration files for the following SHARDA USA LLC pesticide products: 83529-85 ("SHARDA ACETOCHLOR 33.7% + DICHLORMID 5.8% CS") and 83529-87 ("SHARDA ACETOCHLOR 29% + ATRAZINE 14.5% CS"). We would appreciate it if EPA would give priority to the following documents and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review: 1. any submission/application correspondence with EPA; 2. any EPA Form 8570-1 (Application for Pesticide - Section 1); 3. any EPA Form 8579-34 (Certification with Respect to Citation of Data); 4. any EPA Form 8570-35 (Data Matrix); and 5. any EPA Form 8570-27 (Formulator's Exemption Statement). This request does not apply to any documents or portions thereof contained in these files that are Confidential Business Information. Further, this FOIA request does not seek test data, manufacturing processes, or the confidential statement of formula for this or any other pesticide product. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$100. If I may be of any assistance with this matter, please do not hesitate to contact me at (703) 242-2506. Thank you in advance for your assistance. There is a large culvert that washes away alot in the dip on cypress creek road right before the cemetery. I Had a high radio active frequencies in that area and the water is really discolored. I doubt the people who live close by really know this. Whatever is coming from PCA is causing corrosion in that creek and road.

EPA-R6-2018-000946	Lisa Song	ProPublica	10/23/2017 22:10	See attached. I am requesting all of the air-monitoring data associated with the ASPECT measurements taken over September 4-11, including but not limited to the date and time of each measurement; the chemical being measured (there should be at least 13 compounds, according to the map); the measured concentration of each chemical; the unit(s) the concentrations are measured in (e.g. ppb or micrograms/cubic meter); the wind direction; the wind speed; the duration of each measurement; the detection limit of each measurement; and the geographic coordinates of where each measurement was taken. The fields listed in the previous sentence are representative of the data associated with a typical air monitoring dataset-if there are additional fields included in the data, please include them as well. If there was any data--for any chemical--taken on these flights that were not shown or represented in the 14 maps EPA posted online (see footnotes 1-14), I am requesting those as well. In short, I am simply requesting all of the data associated with the ASPECT flights over Harvey-affected areas from September 4-11, 2017.

EPA-HQ-2018-000896	Reese Dunklin	The Associated Press	10/23/2017 14:10	Emails that Dr. Tina Bahadori sent to or received from the email address domains of @arkema.com and @americanchemistry.com from Aug. 1, 2017, to Oct. 23, 2017. While I have previously requested emails from certain EPA staff that involve Arkema Inc., this request is distinct and different from those. Should you be releasing the emails requested in this request as part of my prior ones, please let me know and we can discuss whether I modify or withdraw this one. Should you release some or all of these emails as part of another request submitted by another requestor, I ask that you notify me and provide the same documents to me, rather than making me wait out the 20-day timeframe or until my place in the FOIA queue is up. I ask for copies in electronic format sent to me at rdunklin@ap.org. I will take responsive records on a rolling basis. I do not seek confidential business information, or personally identifying information like SSN or DOB.

I would like the organization names (who owns the facility) linked to each facility ID, current and historical, and the year(s) or dates for which each link applies. If you happen to have an organization identifier like a duns number that would be great too. From talking to Susan Smiley, who has been very helpful, I believe you have accurate historical information on facility and organization names back to 2008. Hopefully this is just a very large data dump for your program. Duplicates are not a problem. Please contact me at 443-889-2927 if you have questions. This is for a research project on climate change and the proposal has been accepted at an upcoming top conference so speed is greatly appreciated. Thank you!

EPA-R9-2018-000753	Priya Menon	Ms.	10/18/2017 21:10	This is a request under the Freedom of Information Act. I hereby request copies of the following records. I am requesting all communication and records (including but not limited to written and audio/video records) between Environmental Protection Agency (EPA), National Institute of Environmental Health Sciences (NIEHS) and Fogarty International Center (FIC) on the impact of Global Climate change on public health. I would like to know how global climate change has impacted public health in the 21st century and its anticipated impact to human health in the future. Environmental impact to include direct effect of heat, sea level rise, changes in precipitation that lead to flooding and drought, more powerful hurricanes and storms, deteriorating air quality, and increased exposure to toxic environmental pollutants including persistent organic contaminants, metals, and pesticides. I want a better understanding of how climate change can directly and indirectly influence human health and records to show the efforts made by EPA, NIEHS and FIC to reduce or prevent illness and death. In addition to agency records, any communications, research, publications will also be helpful. I am looking to obtain relevant, recent and current information (2010 to current). If the amount of records are too high and significant then you may reduce the time frame to the past 2-3 years (2014 to current) As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. If you have any questions regarding this request, please contact me at 714-401-6677 and/or priya.m.panicker@gmail.com. I look forward to receiving your response within the twenty-day statutory time period. Thank you for your consideration of this request. Sincerely, Priya Menon 5130 Woodland Ave, Yorba Linda CA, 92887

EPA-HQ-2018-000725	Francesca Fionda		10/18/2017 19:10	Dear Freedom of Information Officer, I am a journalist based in Vancouver, British Columbia requesting the following information through the Freedom of Information Act. A copy of any records, correspondences (internal and external), including but not limited to draft reports regarding or mentioning environmental fugitive Peter Martin Kuhn. According to the EPA website, "Peter Martin Kuhn was the president and Chief Executive Office of French Gulch (Nevada) Mining Corporation and Bullion River Gold Corporation. Kuhn allegedly engaged in a conspiracy to illegally dispose of mining wastes containing hazardous concentrations of arsenic and lead by dumping those wastes onto the hillside and County Road surrounding the mine, which included public lands owned by the Bureau of Land Management, and on at least one occasion, into a nearby stream." The search may be restricted to records sent or received by any method between January 2010 - present day. If information is not available within the parameters we have requested, please contact me as soon as possible so we can modify the request. As soon as any significant part of this request is completed, please send that part of the information and records to me, rather than waiting until all the responsive records are compiled and sending them all at once. If possible, I would like the information to be delivered electronically via email. Please excuse me from the requirement to pay any fees for the fulfillment of this request, as per the justifications in below. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply within the timeframe the statute requires. If you wish to negotiate this request, please call or write me. Thank you for your assistance, Francesca Fionda

EPA-R5-2018-000724	Emily S. Levine	Advanced Environmental Management Group	10/18/2017 19:10	I am requesting any environmental regulation info such as hazardous waste, CERCLA, spills, chemical storage, wells, septic systems, or permits, etc. for the property with the tax identification of 04-22-477-002 in the Village of Oxford, Michigan. Toni DePalma 200 Gannon Road Littleton NH,03561 Dear EPA, Under the New Hampshire Right to Know Law R.S.A. Ch. 01-A et seq., I am requesting an opportunity to inspect or obtain copies of public records that pertain to the restrictions on logging in New Hampshire. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$ 0 _____. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of logging. We are students in a business law class studying government agencies- not using this information for commercial use. The New Hampshire Right to Know Law requires a response time of five business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering our request, Toni DePalma and Sydney

What chemicals are in the trails left by aircraft? I've noticed that there are days when these trails appear in the sky. I know they are not con trails, because the trails stop and start abruptly. Some say they are chemtrails to suppress global warming or climate change. If this is true, why is this continuing in Trump's administration? It's turning our skies from a beautiful healthy blue to a nasty gray. I've seen planes actually take turns not normal for commercial aircraft and once turn around and return. I have seen normal trails from commercial traffic that disappear within minutes, laced with these other trails What are these and why is this continuing?

EPA-R5-2018-000590	Joshua Schnell	Ice Miller LLP	10/16/2017 14:10	Dear Regional Freedom of Information Officer: Please produce records of the following types in the EPA's possession, custody, or control: (1) A complete copy of the EPA's contract with CH2M Hill Constructors, Inc., including all changes, modifications and amendments, for remediation services at the USS Lead Superfund site in East Chicago, IN. (2) A copy of the EPA's contract files for the USS Lead Superfund site. (3) From 2017 to the present, all communications related to changes, modifications, or amendments to the contract for remediation services at the USS Lead Superfund site, including communications between the EPA and CH2M Hill, or the EPA and CH2M Hill's subcontractors. (4) From 2015 to the present, records identifying the funding available for remediation services in zone 3 of the USS Lead Superfund site. (5) All soil screening tests, including XRF tests, related to zone 3 of the USS Lead Superfund site. (6) All records, including communications, related to the topsoil, backfill, or other fill material that the EPA has approved for use in zones 2 and 3 of the USS Lead Superfund site. If you decide to invoke any FOIA exemptions in response to this request, please include sufficient information for me to assess the basis for each asserted exemption. For example, if the EPA withholds a record (or portion of a record) under FOIA exemption 4, please identify why the EPA believes disclosure of the record is likely to cause substantial competitive harm. This information will help me decide whether to appeal an adverse determination. Thank you for your attention to this FOIA request. Please send me responsive records on a rolling basis as the EPA's search for – or deliberations concerning – certain records should not delay the production of other records that are ready for production. Please do not hesitate to call or email me to clarify the request or otherwise expedite and simplify your efforts to comply.

				Pursuant to the Freedom of Information Act (FOIA) (5 U.S.C. § 552), and EPA's freedom of information regulations, I am writing to request information regarding three chemical substances: (1) Poly(oxy-1,2-ethanediyl), .alpha.-(dodecylphenyl)-.omega.-hydroxy-, with Chemical Abstracts Service Registry Number (CASRN) 9014-92-0; (2) Poly(oxy-1,2-ethanediyl), .alpha.-(dodecylphenyl)-.omega.-hydroxy-, phosphate, with CASRN 39464-67-0; and (3) Poly(oxy-1,2-ethanediyl), .alpha.-(dodecylphenyl)-.omega.-hydroxy-, sodium salt (1:1), with CASRN 59269-54-4. We request the following information for each of these substances: (1) The Toxic Substances Control Act (TSCA) (15 U.S.C. § 2601 et seq.) Inventory Reporting forms (either "Form A's", "Form B's", "Form C's", "Form D's", PMN's, or any such forms) that were used to report these substances for the TSCA Chemical Substance Inventory ("TSCA Inventory"); (2) A Chemicals in Commerce Information System (CICIS) (or equivalent) printout for each substance; and (3) The number of companies, if any, who reported these substances for the TSCA Inventory but who claimed their identity as confidential. With respect to item (1), please note that we are requesting copies of the original TSCA Inventory forms reporting these substances, not, for example, a computer printout indicating receipt of reporting forms. We are also not requesting any TSCA Inventory Update Rule or TSCA Chemical Data Reporting Rule forms submitted for these substances. We agree to pay reasonable search and reproduction costs for this information, up to \$250. A quick response would be greatly appreciated. If you have any questions concerning this request, please do not hesitate to contact me at (202) 434-4302 or clarkg@khlaw.com. Thank you in advance for your assistance.

EPA-R5-2018-000421	ann m. land	FTI Consulting, Inc.	10/12/2017 13:10	I am attempting to collect information regarding possible toxic or carcinogenic exposure while I served at Puget Naval Shipyard, Bremerton WA. I was part of a small US Marine Corps attachment and was assigned to conduct dry dock operations in 1989. I understand that the base has become a Superfund site for clean up. Is there any comprehensive report that that has been authored that has identified what waste or chemicals that were identified or located during the clean up? If so, could someone please point me in the right direction so I can review the findings? Your consideration and assistance in this matter is greatly appreciated.

EPA-R9-2018-000359	Kelly Knight	Targus Associates	10/11/2017 17:10	Targus is currently performing a Phase I Environmental Site Assessment at the following address: Elysian Stonelake 1445 Stonelake Cove Avenue Henderson, Nevada 89074 Your assistance and file information for this address is requested to identify potential sources of environmental concern that may have occurred. Such information may consist of fuel or chemical storage activities (ASTs/USTs); environmental releases to soil and/or groundwater; cleanups/assessments; Brownfields information; hazardous material responses, spills, and/or releases; or observations noted during routine inspections. We would also like to request records for the following facility: Cornerstone Park – located at the northwest corner of I-215 and Stephanie Street – U.S. Brownfield Site - ACRES 99202

Please provide the following records in a digital format:

1. All records related to agency travel requests submitted to the White House for designation as "White House Support Missions" (or "White House Mission Designations") from January 1, 2016 to the present. This request includes, but is not limited to:

- a. Records pertaining to the dates and itinerary of trips that were submitted.
- b. The formal request sent to the White House (usually to the Assistant to the President for Cabinet Affairs).
- c. Records related to the justification(s) for each request, such as the estimated cost of a requested flight and the estimated costs of alternatives.
- d. Records of response(s) to each request.
- e. Records indicating whether the trip was in fact taken, and the make/model of aircraft it was taken in. (As this may differ from the make/model of the aircraft requested.)

I certify to be true and correct to the best of my knowledge and belief, that there is widespread and exceptional media interest and there exist possible questions about the government's integrity, which affect public confidence. As travel costs from various federal agencies come to light, there is growing public concern about the government's integrity as it spends taxpayer dollars. This subject has already led to the resignation of a cabinet secretary, which has further undermined public confidence in the ability of the government to wisely spend the taxpayers' money. As the use of military planes for travel follows different procedures and has different implications than the use of chartered planes, it is important that such travel be differentiated from other trips as quickly as possible.

That includes any list held or provided to EPA by the conference call hoster, Intelior or AT&T Connect Event Services. It also includes records of registrations for the call or any list provided by EPA to the White House or by the White House to EPA for sending invites for the call. The invite email was sent by Kelly Sadler, Kelly.j.sadler@who.eop.gov and titled "WH Background Call Regarding CPP." The call was described as the White House joined by EPA. EPA-R1-2018-000202	Ezra Plotkin	Emerson College	10/5/2017 23:10	Hello, my name is Ezra Plotkin. I am a journalism student at Emerson College. For one of my courses, we are learning about the law as it is related to journalists. We were asked to request a federal record from any agency of our choosing. I decided to try with the EPA. I would love to access any record that you are allowed to share with me. I just have to acquire a federal record through use of the FOIA. Anything you can provide me with would be greatly appreciated. For example, I saw something on the website regarding records about Pesticides. That would be perfect for this assignment. Thank you so much, and I look forward to hearing from you.

I understand that there may be costs associated with this request. I ask that you to contact me by e-mail at researchinfo@dnc.org before making copies if this request will cost in excess of \$50, as I would then request a waiver of fees. My preferred reproduction format is an electronic file e-mailed to me at researchinfo@dnc.org. If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are possible, I request that you mail paper copies of the records to me at the address provided above. I appreciate you communicating with me by e-mail at researchinfo@dnc.org rather than by mail or telephone, if you have questions regarding this request. If all or any part of this request is denied, please cite the specific exemption which you believe justifies your refusal to release the information and inform us of your agency's administrative appeal procedures available to me under the law. Thank you for your assistance in this matter. Sincerely, Lauren Dillon

EPA-HQ-2018-000159	Lauren Dillon	Democratic National Committee	10/5/2017 14:10	It has come to our attention that hundreds of damaged, sunk, and derelict vessels are being removed from waterways in the wake of Hurricane Irma. Many of these boats will be considered salvage but will end up back on the market tp unsuspecting buyers which could jeopardize their safety on the water. We are requesting a list of hull ID and/or state registration numbers of all vessels recovered by the EPA and partnering agency in the removal process in order to ensure they are not sold as clean boats, since Florida does not issue salvage titles on boats. We appreciate your consideration of our request.
