EPA-HQ-2016-008260	carey I. gillam	USRTK	7/5/2016 19:07	<p>This is a request for all documents, communications, internal to EPA and/or between EPA staffers/officials and the Food &amp; Drug Administration and/or Monsanto staffers/officials and/or GIPSA regarding testing for residues of glyphosate herbicide in or on food, food products, grains, etc... The FDA announced in February 2016 it's intent to do such testing and this request covers communications leading up to and subsequent to that announcement, a period from January 1, 2014 through today's date of July 5, 2016. I am asking specifically for all emails with the subject line "glyphosate," "glyphosate proposal" (quotation marks added, not to be included in search) and emails with subject line "glyphosate testing" (again quotations added). Search words include, but are not limited to, glyphosate, residue(s), testing, breast milk, Chris A. Sack, "Glyphosate Discussion with Beyond Pesticides" (quotations not to be part of search) David Miller, Diana Haynes, Charles Smith and/or Charles "Billy" Smith, Terry Councell and Jason Vanfossan at GIPSA and Thomas Weber at GIPSA.</p>
EPA-R2-2016-008244	Gregory J. Bittner		7/5/2016 15:07	<p>I am submitting a FOIL request for 1800 Broadway Street, Buffalo. The information we are seeking is the existence of any files or records concerning any environmental violations, legal actions, permits, spills, hazardous or solid waste disposal/storage, etc. relating to the above referenced property. The requested information will be used in the preparation of an environmental site assessment of the property. Your prompt attention to this matter is greatly appreciated. Please see letter attached.</p>

				<p>Burgess &amp; Niple, Inc. (B&amp;N) is submitting this letter as a Freedom of Information Act (FOIA) request to obtain copies of, or review publicly available files for the property known as Rolling Acres Mall located at 2400 Romig Road in Akron, Summit County, Ohio. The current owner of this property is the City of Akron. Currently and historically this property has been mixed use/shopping center since the 1970s. Our request to obtain or review files related to this property includes any and all documents (internal correspondence, letters, reports, notes, recommendations, and other material) that your office may have concerning the above referenced site. B&amp;N is particularly interested in information related to the use, storage, or disposal of hazardous substances and/or petroleum products; the presence of underground storage tanks (USTs) and leaking underground storage tanks (LUSTs); and issues associated with hazardous waste as well as water well information. Please address any correspondence concerning this request to the following: &amp; middot; Krista N. Carter Burgess &amp; Niple, Inc. 5085 Reed Road Columbus, OH 43220 Phone: (614) 459-7272, Ext. 1286; Fax: (614) 451-1385 Email: krista.carter@burgessniple.com Thank you in advance for your assistance in locating available information for this site.</p>

EPA-HQ-2016-008661	Michael Chaplar	Unit Chemical Corporation	7/19/2016 19:07	<p>We have a product registered with the EPA that we are in the processing of updating and adding additional uses. (EPA# 507-8 TIMSEN Unit Blue) We would like to add a claim for Legionella pneumophila. The competitor product (Reg. No. 33427-4) is registered for use against Legionella pneumophila only in air conditioner condensate pans. We would like to also test our product against this organism to make a similar claim. We were told that the EPA does not have study guidelines and was instructed as follows: &amp;quot;The Agency does not currently have publicly-available efficacy study guidelines for Legionella, however, companies are welcome to put together their own study protocols to address uses or organisms that the Agency hasn't issued standard protocols for. The recommendation in the response was to send a FOIA request to EPA for information on how the Legionella claim for the product you reference was substantiated, so you could potentially use the same testing procedure.&amp;quot; Both of our products contain the active ingredient quaternary ammonium compound and the inert ingredient urea. The only real difference is the activity level. If you could provide guidance on how we can test against this organism for this use, it would be greatly appreciated. Thank you in advance for your help. NOTE: This request does not encompass any information that may be entitled to confidential treatment, or that otherwise may be exempt from disclosure under FOIA.</p>

EPA-HQ-2016-008470	Neil Buffett		7/13/2016 14:07	I would like to access, if possible, information related to the President's Environmental Youth Award from the years 1971 to the late 1990s. If possible, I would like a listing of the winners of the award from all 10 regions throughout the country for each year. If there are award ceremony pamphlets, this would suffice. Other listings would be okay as well. Also, if possible, lists of all submissions from the early ears (1970s) would be great. Essentially, I am really just trying to see who won, from all the regions and what projects they won for in the years from 1971 to the 1990s.

(Reader-friendly version attached) Dear EPA Office of Ground Water and Drinking Water, I am a PhD candidate at Ross School of Business, University of Michigan. Together with my advisor, Professor Thomas Lyon, I am working on a project about enforcement of SDWA for water systems of different ownership types. We would like to extend our sincere gratitude for all your help on our previous project, which is close to publication, and would truly appreciate your help on this follow-up project. Your SDWIS Federal Reports Advanced Search Tool (link attached) has provided us great help in downloading the data needed. However, in the Violations reports available (an example for 2016 Q2, generated by choosing "Violations" in the Select a Report box, is attached), we realize we are missing a few variables that existed in your old batch download versions (e.g. "SDWISFED GPRA, summ inv, compl trends, FY2013" attached) before the restructuring of your website. In particular, we need Violation ID# (ViolID), Date a violation was first reported to SDWIS-Fed (ViolFirstRepDate), Sample result for MCL violations (ViolMeasure), Value above which an MCL violation exists (StateMCL), and Unit of measure for ViolMeasure and StateMCL (UnitOfMeasure). The variable names in your original batch download data sets are in the brackets while shown outside are their labels. We would truly appreciate your granting us access to QUARTERLY data sets like the Violations reports available online but complemented by these 5 variables, going back to 2010 Q1 or as far as possible historically if later than 2010 Q1. If the data dates back further than 2013 Q1, we would also appreciate having the variable "Owner Type" and location information like "Zip Code" since they are not available online further into history than 2013 Q1. Please let us know if you require further clarification of our request. Again, we would like to extend our sincere gratitude for your help!

EPA-HQ-2016-008507

Dan Zhao

University of Michigan

7/14/2016 18:07

Yours sincerely, Dan

EPA-R5-2016-008569	Maria Lebron	Self	7/18/2016 13:07	I work next door to General Iron Industries 1909 N Clifton Ave, Chicago, IL 60614. We can smell toxic fumes in my building daily. Sometimes our Building Mgr will come by with a handheld Air Quality meter. I have been having health problems for almost a year and requested Air Quality info from my employer. So far, they dismissed me and refused to answer my questions. I am wondering if there is an Air Quality Report for this business, the area surrounding, or some info that I could bring to my Doctor to get tested for toxicity. My illness is not diagnosed, so far, but affecting me daily. I'm just looking for answers to get my health back on track. Any data you have would be appreciated, including what I should get tested for. Thank you very much.

				Re: Freedom of Information Request 1228-1234 Madison Avenue Block 1500, Lots 54, 55, 56, and 57 New York, NY Langan Project No. 170435501 Dear Sir or Madam: Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. The proposed project consists of the merging of five lots, identified as 1228, 1230, 1232 and 1234 Madison Avenue, Block 1500, Lots 54, 55, 56 and 57 respectively. The four lots have a combined footprint area of about 5,700 square feet. Currently the site is occupied by several buildings, ranging from one to four stories in height. The project is located on the city block bordered by Madison Avenue to the east, East 89th Street to the north, East 88th Street to the south, and Fifth to the west. Please contact me at 212-479-5432 with any questions or send your response to my attention at esnead@langan.com or at the below address: Langan Engineering and Environmental Services, P.C. 21 Penn Plaza 360 West 31st Street, 8th floor New York, New York 10001-2727 Thank you in advance for your cooperation. EPA-HQ-2016-008694	myron levin		7/21/2016 13:07	<p>Dear Madam or Sir, This is a request under the Freedom of Information Act for records of contracts between the EPA pesticide program and the consulting firms Exponent, Inc. and NovigenSciences. Kindly provide copies of all records relating to contracts with these two companies (Note: Exponent acquired Novigen in 2002, and pertinent records may be filed under either name). The requested records include all contracts, purchase orders, letters, emails, memos, invoices and other writings relating to contracts between the pesticide program and Exponent or Novigen. FairWarning, a nonprofit news organization focused on public health and environmental issues, is requesting the information in order to inform the public about significant government activities. Because these contracts are clearly a matter of public record, and in a need to save time, we requested the records on July 1 from EPA public affairs staff. They did not inform us until July 20 that they would not provide the information without a FOIA request. Accordingly, we ask that you date our request as July 1, and try your best to expedite production of the records. In order to save time and paper, we ask that you provide the records in electronic format. However, if you need to mail them, the address is: FairWarning 65 South Grand Ave. Pasadena, CA 91105. We are a very small nonprofit news organization, and we ask that you waive any search or copying fees. If you do intend to charge for copies, please let us know the cost in advance. Finally, if there are any questions about the records we seek, please give me a call at 818 321 5552.</p> <p>Thanks in advance for your prompt attention to our request. We ask that your office perform a records search to identify permits for the installation/removal of petroleum storage tanks and any information regarding potable wells, Letters of No Further Action (NFA), site contamination, spills of hazardous substances, land use restrictions or development plans.</p>

This is a Freedom of Information Act request for documents regarding the response of the EPA to a petroleum coke and coal spill from a United Bulk Terminal Facility discovered on February 20, 2016 (NRC report no. 1141007) and bubbling gas from a Texas Petroleum facility discovered on August 17, 2015 (NRC report no. 1125932). We seek information on EPA response, environmental impact assessments, associated fines and/or restoration conducted under the Oil Pollution Act, National Environmental Policy Act, Clean Water Act, and other relevant Federal Laws. With regard to NRC report no. 1141007, according to documents received from the Louisiana Department of Environmental Quality in response to a FOIA request dated July 12, 2016, "This facility was previously referred to enforcement, and is on a compliance schedule, under the reference number, WE-AO-15-00014 to correct the issue of coal and pet coke entering the river." Given that the facility had been previously referred to enforcement per LDEQ records, we seek any and all documents detailing the enforcement parameters, documents with respect to the efforts of the responsible party to clean up the materials, and fines associated with the spilled material. With regard to NRC Report no. 1125932, according to documents received in response to a FOIA request dated July 12, 2016, Texas Petroleum claimed the gas line on 8/20/2015. However, LDEQ records indicate no further investigation of the gas leak. Given that this NRC report was also filed with the EPA, we seek any and all documents detailing the enforcement parameters, documents with respect to the efforts of the responsible party to clean up the materials, and fines associated with the spilled material. We also request that processing fees be waived because Gulf Restoration Network is primarily interested in informing the public about the nature of the EPA response to oil and gas spills reported within the Gulf region. See Attachment A.

Hello Through a FOIA Request, I am requesting the following for all of Region 10 in Excel format. A listing of Leaking Underground Storage Tank Site locations on Indian Land. Information I would like is: AltFacilityID, Facility Name, Street, Address, City, County, STATE, ZIP, Tribe, TankID, AltTankID, DateInstalled, TankStatusDesc, SubstanceDesc, FederalRegulatedTank, Name. In the past or office has spoke to Chandra Vitellaro who mentioned that the online resource to download this data is not always the most up to date. Also, I wanted to request the latitude and longitude for each site. Chandra also mentioned that the information was available. I appreciate any help you can provide me. Thank you. David Oliveira | ERS Database P: (714) 669-8096 EXT: 1109 | F: (714) 669-8025 Cell: (714) 669-8025

EPA-R1-2016-008876	Eileen L. Morrison	Goodwin Procter LLP	7/27/2016 18:07	<p>I write to request records from the United States Environmental Protection Agency ("EPA") pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. s. 552, and the EPA regulations at 40 C.F.R. Part 2. The FOIA statute and regulations indicate that records being sought should be "reasonably described." The following reasonably describes the records I seek: All records, including communications, relating to any outside consultant or non-agency personnel review commissioned by the EPA or the Massachusetts Department of Environmental Protection ("MassDEP") in connection with the review and assessment Pilgrim Nuclear Power Station's National Pollutant Discharge Elimination System ("NPDES") application, the development, drafting and issuance of draft NPDES permit and Massachusetts Clean Water Act ("MCWA") surface water discharge permit, as jointly issued for public comment on May 18, 2016. This request includes, but is not limited to, technical reviews conducted by Tetra Tech, Inc. to evaluate the best technology available ("BTA") for the facility under Section 316(b) of the federal Clean Water Act, 33 U.S.C. s. 1326. I have made a reasonable search of publically available materials for the documents requested. For purposes of this request, and as provided in 5 U.S.C. s. 552(f)(2), the term "records" includes "any information that would be an agency record subject to the requirements of this section when maintained by an agency in any format, including an electronic format." To the extent that EPA excludes records from its response, please identify each record (title, date, author, recipient) and the legal ground(s) for exclusion. I hereby authorize EPA to spend \$500.00 in responding to this request in compliance with 5 U.S.C. s. 552. If EPA cannot fully respond to this request within that budget, please contact me at 617-570-8281 to discuss whether I will authorize additional expenditures.</p> <p>For the property located at 6744 S. Howell Avenue, Oak Creek, Wisconsin; FRS ID #: 110016661101; FID # 341075900; and Registry ID # 110028108394- Please provide records within the following databases: FINDS, ECHO, SHWIMS, and</p>

EPA-R2-2016-008873	Jessica Rosenberg		7/27/2016 17:07	Information regarding environmental issues, permits, spills for the property at 179 Irvington Avenue, South Orange, Essex County, NJ, Block: 2021, Lot: 14.
EPA-R4-2016-008783	Gina M. Tanner	Terracon	7/25/2016 18:07	We, Terracon Consultants, Inc. (geotechnical/environmental engineers), are currently conducting a Phase I Environmental Site Assessment (ESA) of the mostly vacant area of land located southwest of 7639 and 7649 Turfway Road in Florence, Boone County, Kentucky. (southeast corner of Aero Parkway and Ted Bushelman Boulevard, Parcel IDs include portions of 061.00-00-016.03 and 060.00-00-055.00). Part of the Phase I requires us to contact local governmental agencies to check for any available knowledge or records relative to potential environmental-related concerns or complaints related to hazardous substances or petroleum products on or near the site. Would your office happen to have any knowledge of response/spill records, etc. that may provide an indication of environmental concern on or near that property?
EPA-R10-2016-008731	Timothy A. McKeever	Holmes Weddle & Barcott	7/22/2016 13:07	Copies of all documents produced by Pebble Limited Partnership and/or its parent company, Northern Dynasty Minerals Ltd. and/or any other entity, to the US Environmental Protection Agency and/or the US Department of Justice in response to Requests for Production 19-21, 23, 25-26 in Defendants' First Set of Requests for Production of Documents at 6, Exhibit 1, Defendants' Motion to Compel [etc.], Docket No. 209, in the case entitled Pebble Limited Partnership vs. Environmental Protection Agency, et. al.; Case No 3:14-cv-0171-HRH in the United States District Court for the District of Alaska. This request extends to all records or documents produced in response to the Order dated May 5, 2016 relating to the Motion to Compel in that case.(attached) The documents sought are those documents discussed in the paragraph beginning on page 10 of the attached Order which are ordered to be produced on pages 11 and 12 of the same.

EPA-R9-2016-008791	Julia E. May	Communities for a Better Environment	7/22/2016 13:07	Tesoro's most recent PSD submittal to EPA , including appendices. You let me know that the most recent version is dated June 2016. While we would greatly prefer receiving an electronic version with active Excel spreadsheets, where we can see the calculations forming the basis of the emissions, you explained to me that you have determined you cannot provide it in that form, due to Tesoro's having stated that this is CBI. I understand however that you can send us the pdf version. We are again requesting a fee waiver, for the same reasons that we described in the email below for our first data request, which you granted. This information is all part of the same Tesoro project from our first request. I am sending this new email with our original fee-waiver email - below. Please consider this email chain a new fee-waiver request. I am hoping that since we have recently been through this process once, that perhaps the fee waiver could be quickly granted, and we could receive this document relatively quickly, since it has already been redacted. Let me know if you need any additional information from me, and thanks again for your help!
EPA-HQ-2016-008779	Sylvia Wu	Center for Food Safety	7/25/2016 17:07	Please see attached FOIA request and request for fee waiver.

EPA-R7-2016-008813	Julie A. Waltz	American Agronomic Stewardship Alliance	7/26/2016 16:07	AASA conducts bulk chemical tank inspections across the US for a group of chemical manufacturers. As we do this, we confirm that the facility is using the correct EPA Establishment No. which needs to be on all repackaged portable refillable containers. With the mergers and acquisitions of ag/chem facilities, we believe it would be a service to those facilities being inspected if we had a list of current EPA Establishment Nos. to help confirm they have their current number. Therefore, for the states of Iowa, Nebraska, Kansas and Missouri, we are requesting a list of facilities that have registered with EPA including their current name, location (town) and their EPA Establishment No. There is no sense of urgency other than the fact that these inspections are taking place in July and August. Thank you for considering this request. Julie Waltz 515.975.7845

				I would like to inquire about 2 facilities of a company called Alex C. Fergusson LLC (AFCO). The facilities in question are located at the following addresses: 800 DEVELOPMENT AVE, CHAMBERSBURG, PA 25 SPRING MILL DRIVE, FRAZER, PA My question centers around the possibility of peracetic acid being manufactured at these facilities. Peracetic acid is often manufactured from hydrogen peroxide. Peroxide manufacturing can be dangerous and poses health threats. I wanted to inquire whether the EPA has any record of peracetic acid manufacturing (or other peroxide based manufacturing) at the above mentioned facilities, and whether there have been any dangerous incidents associated with this. Many thanks in advance! Regards, Alex

EPA-R5-2016-009031	Lindsay Ward	Building Evaluation Services and Technology	8/1/2016 19:08	<p>My name is Lindsay and I am working on an Environmental Site Assessment on the Hillside Woods I Senior Apartments located in Delafield, Wi. Upon review of this site, it was discovered that a landfill formerly adjoined this site. The landfill was called "Sanitary Transfer &amp; Landfill-Delafield" with the EPA ID: WID988610176. I would like to request all documents the US EPA has on this site. Usually, under the "Actions" buttons documents are available for review, however, for this site the "Actions" button seems to be disabled. Additionally, I would like to know the current status of this Landfill. Since this CERCLIS site is considered "Active," I would like to know why it has not been closed. This site is also listed on several State regulatory databases, however, they just refer to the US EPA, but remains "open." Is remediation still ongoing? There are several monitoring wells located at this property, are there any records or maps for any cleanup/remediation/monitoring? Please notify our office if a fee of any kind is necessary to fulfill this request before any work is done. Building Evaluation Services and Technology appreciates your efforts in responding to this request. Should you have questions or concerns in this matter or require additional data, please contact me by phone (301) 972-4660, fax (240) 629-817, or email (lward@bestinspections.com). Any information provided would be helpful and greatly appreciated. Respectfully, Lindsay Ward Environmental Analyst</p>
EPA-R8-2016-009076	dana ragusa	jacobs engineering	8/2/2016 19:08	<p>We are conducting a Phase I ESA and have reviewed sites on "myproperty portal". 				August 2, 2016 Via Electronic Submission U.S. Environmental Protection Agency, Region 6 ATTN: Regional Freedom of Information Officer 1445 Ross Avenue (6MD-OE) Dallas, TX 75202-2733 Re: Freedom of Information Act Request San Jacinto River Waste Pits Superfund Site. Dear Sir or Madam: This is a request for information under the Freedom of Information Act ("FOIA"), 5 U.S.C. Part 552. I hereby request a copy of the following "information" as defined by FOIA regarding the San Jacinto River Waste Pits Superfund Site ("Site"): 1. The U.S. Army Corps of Engineers report submitted to USEPA in mid to late June or early July 2016 that provides the Corps' evaluation of the potential causes of the maintenance area in the northwestern portion of the Site cap discovered in December 2015. The report is in the possession of Gary Miller of EPA Region 6 who is the Remedial Project Manager for the Site. 2. The U.S. Army Corps of Engineers report submitted to USEPA on or about June 30, 2016 that provides the Corps' analysis of remedial alternatives for the Site. The report is in the possession of Gary Miller of EPA Region 6 who is the Remedial Project Manager for the Site. I am willing to pay for any search and review fees. Please forward the information directly to me at the following address: Renee C. Floyd Baker Hostetler LLP, 11601 Wilshire Boulevard, Suite 1400, Los Angeles, CA 90025-0509. As provided in FOIA, please respond to this request within twenty (20) business days. I may be contacted at (310) 442-8818 or rfloyd@bakerlaw.com if there are any questions. Thank you very much for your
EPA-R6-2016-009093	Renee Floyd	Baker Hostetler LLP Hinkhouse Williams	8/3/2016 13:08	assistance. Sincerely, Renee Floyd

EPA-R5-2016-009038	Dana Fustin	Anderson Environmental & Engineering	8/2/2016 13:08	I am requesting US Brownfield Assessments for 915 East State Street, Rockford, IL.
EPA-R6-2016-009082	Bryce A. Shepherd		8/2/2016 20:08	I am requesting all files pertaining to: Walmart Supercenter #7178 701 W. Princeton Dr, Princeton, Texas 75407 RCRAGEN/TXR000083757

EPA-R2-2016-009083	Amanda Christel	Kleinfelder	8/2/2016 20:08	Records are requested for 112 Lincoln Street, East Orange, New Jersey 07017. Specifically, any records regarding past and present production processes and waste streams; spills, releases or discharges; above or below ground bulk storage tanks, piping, sumps, and pits; septic systems; drainage systems, storm water conveyance or detention systems; wastes or chemical storage/disposal areas; historic fill; oil-filled equipment (such as transformers); permits issued to all previous and current owners and/or occupants of the property; as-build drawings of the property; administrative, civil, and criminal enforcement actions including citations issued to all previous and current owners and/or occupants; any other environmental impact identified at the property.
EPA-R4-2016-009081	Daniel Parhsley	Glynn Environmental Coalition	8/2/2016 13:08	Please send the Glynn Environmental Coalition (GEC) the July 14, 2016 CBP Phase 3 groundwater sampling report referenced in the July Monthly Progress Report for the CBP at the LCP Chemicals Superfund Site. If the document in electronic format, please send to the GEC and our technical advisor under the EPA Technical Assistance Grant program, Dr. Peter deFur at Environmental Stewardship Concepts (ESC). I have copied Dr. deFur on this email. Does the EPA have the GEC on the distribution list for site documents? Please place the GEC on the email group list for the stakeholders so we do receive the routine Superfund Site documents and reports. I checked the LCP Reading Room and the requested document does not appear, nor the web site to have been updated in 2016. Thank you for your help with obtaining the CBP sampling report so we can produce a Technical Assistance Report in a timely manner
EPA-R8-2016-008903	Crystal Rauch	All-Phase Environmental Consultants Inc	7/28/2016 15:07	I am researching a Site for a Phase I ESA that was part of the Empire Zinc Smelter in Canon City CO. I have a map showing that there were samples taken for an EPA contract and articles that talk about the cleanup. I need the original report proving cleanup was done on the parcel I am working on, which contains the sample results and proof that cleanup was completed. The latitude/longitude coordinates for the parcel are 38&deg;17'08.18&quot;N, 104&deg;34'48.97&quot;W as it has no street address. I will attach the parcel map and the page showing sampling was done and has the contract number on it. Any information on this site will be helpful as the company that is on the contract does not keep records past 10 years. I can send any additional information I have if needed.

Wampler	The National Security Archive	7/28/2016 13:07	Requesting documents prepared in connection with the thirty-seventh session of the Intergovernmental Panel on Climate Change (IPCC-37), which was held on October 14-17, 2013 in Batumi, Georgia. Please provide information regarding toxic chemical releases, water permits, hazardous waste handling processes, &quot;Superfund&quot; status, and air emissions information for 537 W. 35th Street, New York, NY and 542 W.36th Street, New York, NY.
EPA-R2-2016-008927	Maria Drakos		7/28/2016 20:07	I'm researching environmental pollution at the Rice Yard in Waycross, GA, which is owned by CSX Transportation. Semi-annual compliance reports filed with the state of Georgia reference a &quot;June 30, 1986 consent order&quot; that CSX signed, but the reports don't say whether that consent order was signed with the state's environmental protection division or with the EPA. The consent order required CSX to characterize &quot;solid and hazardous waste streams generated by facility operations and to identify where land disposal or spills of solid or hazardous material had occurred.&quot; I'm trying to get a copy of the consent order. I've searched EPAs website but haven't turned up much. Thanks for your assistance.

EPA-R10-2016-009273	James J. Nicita	Foly and Mansfield	8/9/2016 13:08	Region 10 records regarding fill material on property today known as 7200 NW Front Ave., Portland, Oregon 97210. I am also interested in records regarding fill material for a railroad embankment constructed in 1968-1969 on the adjacent right-of-way of the Burlington Northern Santa Fe (BNSF) Railroad, off its Willamette River Railroad Bridge. The BNSF predecessors involved in the construction or use of the embankment at the time were 1) Northern pacific (NP) Railway, 2) NP's subsidiary Spokane, Portland & Seattle (SP&S) Railway and 3) SP&S's subsidiary, Oregon Electric Railway.
EPA-HQ-2016-009260	Jason C. Lange	Reuters	8/9/2016 16:08	Dear FOIA Staff: I am a journalist for Reuters News. I hereby request the following records pursuant to the Freedom of Information Act, 5 U.S.C. &sect;552 et seq.: The reports on cybersecurity major incidents sent between December 18, 2014 and July 31, 2016 by the Environmental Protection Agency to the House of Representatives Committee on Science, Space and Technology. I request all communications from the EPA to the House committee regarding these incidents, including the initial notification and addition information sent subsequently as mandated by the Federal Information Security Modernization Act of 2014. Please also provide metadata for the records sought, including the file layout, data dictionary, code descriptions and associated look-up tables. I request the foregoing records in electronic format. See 5 U.S.C. &sect;552(a)(3)(B); 5 U.S.C. &sect;552(a)(3)(C). To the extent the agency withholds all or portions of responsive documents, as required by FOIA, please provide portions of documents that are not exempt from disclosure. As to redacted documents, please justify what exemptions the agency relies on as a basis for nondisclosure in each instance. See 5 U.S.C. &sect;552(b). Because this request is time-sensitive, please contact me by telephone at (202) 310-5487 or email jason.lange@thomsonreuters.com, rather than by post, if you have questions or wish to discuss this request. I will also follow this letter with a telephone call to you to ensure that you do not have any questions regarding this request or the nature of the records I seek. Sincerely, Jason Lange Correspondent,
EPA-R9-2016-009261	Deborah Kelly		8/9/2016 16:08	Reuters Please see attached request. EPA-R2-2016-009229	Kimberly A. Vogel	Pennjersey Environmental Consulting	8/8/2016 16:08	Pennjersey Environmental Consulting (PEC) is conducting an environmental assessment of the property at 422-440 Frelinghuysen Avenue, Newark, New Jersey. We are seeking all remedial, permitting, and enforcement records associated with the referenced site.
EPA-R2-2016-009231	Kimberly A. Vogel	Pennjersey Environmental Consulting	8/8/2016 16:08	Pennjersey Environmental Consulting (PEC) is conducting an environmental assessment of the property at 442-470 Frelinghuysen Avenue, Newark, New Jersey (block 3516 lot 24). We are seeking all remedial, permitting, and enforcement records associated with the referenced site.
EPA-R5-2016-009232	Meagan Hennenfent	Sentinel Imports	8/8/2016 16:08	Copies of EPA notices of arrival for pesticides containing Glufosinate For period YTD 2016. EPA Registration Numbers: 264-645, 264-646, 35935-100. In the event of CBI assertions, I can accept redacted records
EPA-R5-2016-009251	Lindsay Ward		8/9/2016 14:08	Upon review of Holiday MHP, it was noted that the subject property is registered with the US EPA ICIS-NPDES NON-MAJOR program. This facility's Registry ID is 110009735634 (IL0038288). It was discovered that several "Letter of Violations," were issued, as well as a "State Administration Order of Consent," in regards to this Permit, and that "Civil Judicial Action" was reportedly taken. Therefore, BEST would like to respectfully request: • Copies of the violation letters from 2000 to present; • Resolution letters for these violations; • Copies of the "Judicial Civil Action" taken and corresponding resolution letter; and • Any documentation on any currently active permits for the property;
EPA-R2-2016-009270	David MORRIS	Tectonic	8/9/2016 19:08	Any USEPA files or reports or memoranda surrounding the vacant land parcel identified as Block 6001, Lot 34 (formerly block 172, lot nos. 11, 12, 13, and 14). The property is located on the west/south side of Observer highway, on the outside of the sharp bend in New York Avenue, between Harrison Street and Palisade Avenue (Route 656). The frontage is approximately 400 feet south of the junction with Harrison Street; located between the underpass and the railroad crossing, adjacent to Galaxy recycling. Property is owned by Hudson County. I would like to get the Echo Detailed Facility Reports for the city of Hattiesburg, MS. for the years 1995 to 2013. Their permit number is MS0020303. I am primarily interested in the discharge data from the reports, but it will probably just be easier to send the reports covering each three year period.
EPA-R4-2016-009298	Stephen Mitchell		8/10/2016 13:08	I have already obtained the data I needed on the years 2013 to 2016 from the detailed facility report address, but I need the information for the years 1995 to 2013.
EPA-R2-2016-009302	Adama Sidibe	Cyrus	8/10/2016 20:08	Cyrus is conducting an environmental site assessment of the above-referenced property. As part of the assessment, we are requesting that your office perform a records search to identify any files of environmental concern that your office may have regarding the subject property or nearby properties. In addition to hazardous material incidents, we would like to know if your office has any information regarding wells and/or septic systems located on the property. Site: Proposed Omega Kingdom Daycare Center 91 Main Street Orange, Essex County, NJ 07050 Block 1801, Lot 24
EPA-R4-2016-009391	Beth Hesse		8/15/2016 13:08	EHS Support would like to request electronic copies of records that the EPA may have for the Timken Steel facility located at 205 Industrial Park Access, Columbus, North Carolina. Specifically, please include any information pertaining to: • remedial actions • investigations • spills and releases • consent or administrative orders • permit violations • notices of violation • threatened or finalized regulatory enforcement actions • landfills • facility site inspections • recognized regulatory non-compliance issues • any correspondence related to the information listed above. In addition, any files associated with any address on Ada Moore Street are also requested.

EPA-R6-2016-009319	lizbeth j. dobbins		8/11/2016 13:08	The City of San Marcos TX 78666 has given initial approval to locate a commercial grocery store HEB on a highly sensitive environmental corner at Wonderworld and Hunter Road in San Marcos. This site has endangered species, is in a flood plain, and on the Edwards Acquifer. We have strongly encouraged that this corner be turned into a Water Shed Prevention park/location due to these issues. We do not want hydrocarbons in the aquifer nor do we want a building designed for a 100 year flood plain when it has already flooded multiple times in the last two years. My FOIA is that I want information that HEB obtained in determining that the selection of this corner for a grocery store site. In addition, I want access to the environmental reports of potential flooding or erosion of the top soil on this corner due to construction and potential runoff.
EPA-R9-2016-009313	Wendy R. Moore	Fulcrum Resources Environmental	8/11/2016 13:08	Good morning, We are conducting an environmental site assessment for CASINO WEST (2) - MAIN STREET AND BROADWAY AVENUE in Yerington, NV 89447. Based on our initial research, the site was listed on the US BROWNFIELDS database. We are seeking copies of the investigation reports and the No Further Action Letter (if such a letter was issued). The full address is 4 North Main Street, Yerington, NV 89447; however, the site was listed on the BROWNFIELDS database as CASINO WEST (2) - MAIN STREET AND BROADWAY AVENUE in Yerington, NV 89447 with Property No. 001-192-16. Thank you in advance. Wendy Moore

We seek any and all documents and place no time restrictions on this request. Requested documents include documents submitted electronically and/or on-line by LSRP's.
EPA-HQ-2016-009356	Stephen McCullers	King & Spalding	8/12/2016 14:08	This is a request under the Freedom of Information Act ("FOIA") (5 U.S.C. &sect; 552) for the U.S. EPA, Criminal Investigation Division's ("CID") closed "Lead File" for the Terry Creek Dredge Spoil Areas/Hercules Outfall Site, which is referenced in the attached newsletter from the Glynn Environmental Coalition. Please exclude from this request any duplicate documents. To the extent EPA withholds any responsive documents, or portion of a document, on grounds that it is exempt from release under FOIA, EPA should provide a legally sufficient index describing each document withheld and the applicable FOIA exemption. See King v. U.S. Dept. of Justice, 830 F.2d 210, 219 (D.C. Cir. 1987). In order to help you determine my status for the purpose of assessing fees, you should know that I am affiliated with a law firm and I am willing to pay the appropriate fees for this request up to a maximum of \$500. If you estimate that the fees will exceed this limit, please inform me first.
EPA-R5-2016-009365	Gabrielle Blossom	Evonik	8/12/2016 17:08	Inspection report from USEPA onsite inspection on 10-30-2015. Dakota Prentice was inspector. Looking to complete record file of recent inspections for routine recordkeeping. IEPA doesn't send out inspection reports anymore so I thought there might be one for this inspection as well because USEPA may not mail them out automatically either anymore.

EPA-R5-2016-009457	John Harrington	8/17/2016 13:08	<p>Would like to have any documents on file in regards to the Bexley Hill PI development in Xenia, OH. I have already contacted the Ohio EPA, who was very helpful and sent me what they had. The developers name is Rob Arnold. My address, so you can find the development, is 2529 Bexley Hill PI Xenia, OH 45385. There are issues with setting up an HOA and plenty of rumors, including that the developer must pay hundreds of thousands of dollars to make repairs. Ohio EPA says that there are no fees/fines that they are levying and I am writing you to inquire on the federal level. I wouldn't do an FOIA, but it doesn't appear that there's anywhere else to request this information on your website. Thank you for your assistance. Digital files sent to my email address are fine, assuming you have any records.</p>

Thank you,</p>
EPA-R5-2016-009499	Matthew Roman	Liddle & Dubin, P.C.	8/17/2016 20:08	<p>I would like to request any and all notices of violations, letters of violations, complaints of odors, particulate fallout, air pollution, citizen complaints and/or air contaminants regarding Chillicothe Paper Inc. located at 232 E 8th Street Chillicothe, OH 45601 from January, 1st 2015 to the present.</p>
EPA-R6-2016-009500	Angie Tran		8/17/2016 20:08	<p>I would like to request for the most current &amp; most complete dataset available for LEAKING USTs in Tribal Region 6. Please reference the 4 datasets I've attached as a template for the minimum number of columns to include in this request. The files I attached are something I received in previous FOIA requests. Please enter in as much content that were previously blank--even partial fills would be appreciated. All fields that have blanks are of interest to me, but please give greater priority to fill in remaining cleanup status indicators, latitude &amp; longitude coordinates, addresses &amp; the substance leaked. Secondly, if there are any GIS shape files for the tank sites listed, I would like to request them as well. Thirdly, if available, please search for &amp; add additional fields. Thank you so much.</p>

EPA-R3-2016-009501	Kyle Finkbeiner	Ten Bears Environmental	8/17/2016 20:08	HandyTube Corporation - 124 Vepco Boulevard, Camden, Delaware, EPA ID: DED980537781 Vepco Industrial Park - Caesar Rodney Avenue, Camden Delaware 19934
EPA-R3-2016-009502	Kyle Finkbeiner	Ten Bears Environmental	8/17/2016 20:08	Under Agency Review
EPA-R6-2016-009503	Angie Tran		8/17/2016 20:08	I would like to request for the most current & most complete dataset available for regular USTs (non-leaking) in Tribal Region 6. Please reference the 2 datasets I've attached as a template for the minimum number of columns to include in this request. The files I attached are something I received in previous FOIA requests. Please enter in as much content that were previously blank--even partial fills would be appreciated. All fields that have blanks are of interest to me, but please give greater priority to fill in as much cleanup status indicators, latitude & longitude coordinates, addresses & the substance leaked as possible. I believe this dataset is very good and is 95% filled in! Secondly, if there are any GIS shape files for the tank sites listed, I would like to request them as well. Thirdly, if available, please search for & add additional fields. Thank you so much.
EPA-R5-2016-009475	Audrey LaRoche	BBJ Group	8/17/2016 17:08	I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address: Northwest corner of North US Highway 45 and Buffalo Grove Road in Vernon Hills IL. The following are listed as tax parcels for the area: * 15-16-100-027 * 15-16-100-003 *15-16-100-018 *15-16-100-041 *15-16-100-039 *15-09-300-012 *15-09-300-013 *15-09-300-032 *15-09-300-033
EPA-HQ-2016-009477	Kevin Bogardus	E&E News	8/17/2016 17:08	I request a copy of the administrative case file, including all processing notes, for FOIA Request EPA-HQ-2015-005249. I request a copy of the first email(s) sent by EPA Administrator Gina McCarthy from any and all personal email accounts that she uses for agency business. Please conduct a comprehensive search of her email account(s) that are used for agency business in response to my FOIA request. Several agency leaders have been found to have used more than one email account for agency business, including personal email accounts. Moreover, Administrator McCarthy has been said to have used a personal email account for agency business, according to a May 27, 2016 letter from EPA Chief Information Officer Ann Dunkin to Sen. Ron Johnson
EPA-HQ-2016-009479	Kevin Bogardus	E&E News	8/17/2016 17:08	( <a href="http://www.eenews.net/assets/2016/08/17/document_gw_08.pdf">http://www.eenews.net/assets/2016/08/17/document_gw_08.pdf</a> ).
EPA-R5-2016-009482	Audrey LaRoche	BBJ Group	8/17/2016 17:08	I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address: southwest corner of North US Highway 45 and Buffalo Grove Road in Vernon Hills IL. The following are listed as tax parcels for the area: * 15-16-100-027 * 15-16-100-003 *15-16-100-018 *15-16-100-041 *15-16-100-039 *15-09-300-012 *15-09-300-013 *15-09-300-032 *15-09-300-033
EPA-R2-2016-009504	Angie Tran		8/17/2016 20:08	I would like to request for the most current & most complete dataset available for USTs in Tribal Region 2. Please reference the dataset I've attached as a template for the minimum number of columns to include in this request. The file I attached is something I received in previous FOIA requests. Please enter in as much content that were previously blank--even partial fills would be appreciated. Secondly, if there are any GIS shape files for the tank sites listed, I would like to request them. Thirdly, if available, please search for & add additional fields. Of greatest interest are latitude & longitude coordinates. Please add those coordinates if they are available. But any additional details, additional columns would be appreciated. 4th, and lastly, I noticed region 2 doesn't have LUST data. If there is any data on leaking tanks, please provide that data. Thank you so much.

EPA-R2-2016-009483	James Cressy	Cider Environmental	8/17/2016 17:08	<p>Requesting any information regarding storage of toxic or hazardous materials, permits, inspections, violations, environmental sampling performed on the property, etc. for the property located at 1822 George Street, Ridgewood, NY 11385 (Block 3575: Lot 19).</p> <p>I request copies of any and all emails concerning official EPA business that were sent to or from EPA Administrator Gina McCarthy's personal email account(s) from July 18, 2013 to the present day. Other senior administration officials, such as former Secretary of State Hillary Clinton and Defense Secretary Ash Carter, have been found to have used a personal email account for government business. Both of those instances not only ran counter to their departments' policies but could have led to the potential exposure of classified information. In response to worries over their use of personal email for government business &amp; not;– and also litigation in former Secretary Clinton's case &amp; not;– both former Secretary Clinton and Secretary Carter released thousands of pages of their personal emails that were used for government business. Further, a recent court ruling found that agency officials should expect that work-related emails in their personal email accounts are subject to the Freedom of Information Act. In Competitive Enterprise Institute vs. Office of Science and Technology Policy, D.C. Circuit Senior Judge David Sentelle wrote in the U.S. Court of Appeals for the District of Columbia Circuit's opinion that &amp;quot;an agency cannot shield its records from search or disclosure under FOIA by the expedient of storing them in a private email account controlled by the agency head.&amp;quot; Administrator McCarthy should follow the example of other administration officials as well as court precedent and release all of her personal emails that were used for EPA business.</p>

Should you have any questions or need additional information, please contact me by any means. Thank you for your time and consideration in this matter. Sincerely, Juan Diaz-Robles</p>

				I would like to request an updated file containing RCRA sites with both institutional & engineering controls placed on them. See the attached file I last received as reference of what I am requesting. Please include latitude & longitude coordinates. If any GIS shape files or polygon boundary shape files are available for these sites, I would like to request them as well. Also include if you have available information such as: current status of the site, contamination type, the substance found in water, substance found in ground, the acres affected, closure dates, the land use (commercial / agricultural, etc.), or the leading agency or project manager's contact info. Can you pull everything you're authorized to pull from your database? ..if not, any additional details you can provide would be greatly appreciated. My colleague, Christian Ampuero received this file usually from Tammie Owen or Wanda

Murphy Jr	8/22/2016 20:08 Thomas J Murphy Jr	I am making this as a freedom of information act request and would like copies of reports in the possession of the EPA concerning asbestos in the following US Military properties: US Navy base Guantanamo Bay Cuba 1970-71 US Marine Base Parris Island SC 1970 US Marine Base Camp Geiger NC 1970 US Army Base Fort Meade MD 1970-76 US Marine Base Iwakuni Japan 1972 I served honorably and on active duty at the above bases during the years indicated, and am in search of information related to the known identification of asbestos on those bases. Thank you Sincerely
EPA-HQ-2016-009634	Denise Paul	8/23/2016 13:08	Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552, as amended, and the FOIA regulations promulgated by the U.S. Environmental Protection Agency in 40 C.F.R. Part 2, we hereby request all non-confidential information in EPA's Office Of Pesticide Programs Registration Division for the package and report numbers 023911-00001 (1 Page); 024271-00002 (6 Pages); 024591-00001 (1 Page); 024780-00002 (6 Pages); 025445-00001 (1 Page); 026460-00001 (3 Pages) related to Virbac's Preventic Tick Collar for Dogs (EPA Reg. No. 2382-104) FIFRA Section 6(a)(2) reports.
EPA-R10-2016-009635	JOAN JOHNSTON	8/23/2016 13:08	August 22, 2016 Re: EPA Docket # CAA-10-2015-0095 Compliance Order To Whom It May Concern; This is a request for public records for records containing information regarding the land at REDACTED N Horseshoe Bend Road in Boise, Idaho that would answer the following questions: 1. Has the asbestos on this property been cleaned up? If so, when was the property cleaned up to the satisfaction of the EPA? And is there a document sent to REDACTED that informed him of the status of the cleanup and stating the condition or analysis of the soil? 2. Is lead based paint is present in the soil from the buildings? 3. Is an underground storage tank for gasoline present? If so, has it been properly decommissioned? 4. Have you performed a soil analysis on this property for asbestos, lead, and petroleum by-products? If so, I am requesting a copy of the complete soil analysis results and summary. BACKGROUND INFORMATION: The current owner began demolition on the buildings at REDACTED N Horseshoe Bend Road in Boise, Idaho without considering the asbestos in the buildings. The demolition of the buildings led to the property owner receiving an EPA Compliance Order on April 8, 2015 because the asbestos containing materials were exposed to the open air during the unmitigated demolition of commercial buildings. This property is being considered for development, so we would like additional information regarding this property and the asbestos cleanup before the developers start to stir the soil, thus spreading the contamination further. Thank you for any information that you may find on this property. With regards, REDACTED
EPA-HQ-2016-009567	Amy Roberts	8/19/2016 16:08	Request for a copy of the last Confidential Statement(s) of Formula on file for EPA Reg. No. 74267-2. The purpose of this request is to rebuild the registrant's files. TSG is the authorized agent for Premier Tech Horticulture (EPA Co. No. 74267).

EPA-R1-2016-009709	Emily Cunningham		8/24/2016 17:08	<p>I would like to order the funded proposal from the EPA Environmental Education Grants: Organization: Bates College Amount: \$90,000 Year: 2015 PI: Sally Slovenski, 220 College Street, Lewiston, ME 04240-000 Name of Project: Community Colleges for Environmental Stewardship Description: The Community Colleges for Environmental Stewardship project prepares a diverse pool of low-income students for a lifetime of environmental stewardship. The program creates and sustains changes in delivery of local community college courses to include ongoing environmental education in all fields of study. It furthers this goal by having students complete locally focused environmental stewardship projects in New England communities to reduce energy use and greenhouse gas emissions and protect water. Under the grant, community colleges in northern New England provide training and support to at least 20 faculty from diverse disciplines to embed environmental community projects into their courses. Participants include more than 360 low-income and non-traditional community college students. Each state involved in the project hosts field seminars to share best practices, expand networking of community colleges, and support community environmental stewardship projects.</p>

National Corporate Research, Ltd. (NCR) hereby requests from EPA any and all correspondence, e-mails, memoranda, or any other forms of communication in response or related to an e-mail from Mr. Jack E. Housenger, Director of the Office of Pesticide Programs, to Mr. Colin McCown, Executive Vice President of the American Wood Protection Association (AWPA), sent on Wednesday, June 29, 2016, at 1:50 p.m. with the subject: AWPA Standard (included as an attachment to this request). Documents responsive to this request likely will be maintained by the Office of Pesticide Programs. This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. NCR consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information. NCR requests that you provide us with accurate copies or a complete and accurate account of the information requested. NCR agrees to pay reasonable search and reproduction costs; if these costs exceed \$200.00, however, NCR requests that you notify us before reproducing the documents. NCR understands it can expect a response within 20 business days. Thank you for your assistance.

EPA-HQ-2016-009853	David Robbins	Crowell & Moring, LLP	8/31/2016 13:08	We request any interim administrative agreements or compliance agreements (or agreements, however titled), signed in the last 10 years by an EPA Senior Debarring Official (Messrs. Nguyen, Pelletier and Meunier or Ms. Fernandez) and a company during the pendency of a criminal prosecution of that company that avoids or ends suspension, proposed debarment, and/or debarment of that company. We understand that these agreements commonly state that the agreements are "public document[s]" that may be provided to "interested parties upon request." (See EPA Administrative Agreement with BP, March 2014 at para. 33, available here: <a href="https://archive.epa.gov/bpspill/web/pdf/bpadmin-agreement-mar-13-2014.pdf">https://archive.epa.gov/bpspill/web/pdf/bpadmin-agreement-mar-13-2014.pdf</a> ) Further, since approximately 2010, these agreements must be collected and posted to a government website such as FAPIIS or the System for Award Management, and are reported to the Interagency Suspension and Debarment Committee, so we expect this to be a discrete search, able to be accomplished rapidly.

Slater	Roth Environmental Consultants, Inc.	9/1/2016 13:09	Pursuant to the Freedom of Information Act, Roth Environmental Consultants, Inc. is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below: Commercial Property 8900 Troost Avenue Kansas City, Missouri 64131 File Number 077-P1-2016.001 Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Date Management System (HWDMS), and any reported problems in water, air and hazardous spills. This request does not include information regarding storage tanks or PCBs. If you have any questions, please give me a call. Thank you for your assistance.
EPA-HQ-2016-009894	Matthew Lowe	KIK Custom Products	9/1/2016 13:09	Hello, I am requesting copies of all EPA science reviews (Chemistry, Toxicity and Efficacy) related to the The Clorox Company's August 15, 2016 approval of EPA Registration # 5813-112.
EPA-R5-2016-009936	Thomas Davis	Apex Companies, LLC	9/2/2016 13:09	Good morning, Apex Companies, LLC is evaluating all commercial units at the North Olmsted Towne Center located at (25100 Brookpark Road, North Olmsted, Ohio 44070) for a Property Condition Assessment. We kindly ask your office to provide any information and documentation of code compliance, certificates of occupancy, building permits, or construction drawings you may have for the property. In addition, please provide any information regarding underground or above ground storage tanks, spills, or calls for emergency response at the property. Please provide me with an email address or phone number of a contact if your office does not have this information, but you know where it can be found. Please reference the Site Name &quot;North Olmsted Towne Center&quot; in all correspondence regarding this project. Feel free to email or reach me at any of the numbers below should you have any questions or comments.
EPA-R4-2016-009903	Connie Marini	EDR, Inc	9/1/2016 13:09	Hello Through an FOIA Request, I am requesting the following: A copy of the 1993 Record Of Decision and the 2016 Amended ROD, for the following site: ANODYNE, INC., NORTH MIAMI BEACH, FL EPA ID: FLD981014368 I guarantee payment of cost up to \$250.00, if the cost will exceed this amount, please let me know Please let me know Thank you
EPA-R4-2016-009900	Wesley Turner	KDEP	9/1/2016 13:09	Kentucky DEP is conducting work to identify sites to include in our PA/SI Cooperative Agreement. The EPA staff contact for this work is Donna Seadler, Superfund Site Evaluation Section. In order to conduct the work, Kentucky DEP needs copies of the records contained in SEMS for the following site(s): Anaconda Industrial Magnet Wire and Cable-Lagrange KYD04293423 The information is needed for work performed under a future PA/SI grant with EPA. Kentucky DEP does not need a hard copy of these records. When they are available for release, please contact Donna Seadler at x28870 and she will send them to Kentucky DEP electronically.
EPA-R10-2016-009958	Kenneth Lepic		9/2/2016 19:09	See attached request
EPA-R2-2016-009923	James Cressy	Cider Environmental	9/1/2016 19:09	Requesting any information regarding storage of toxic or hazardous materials, permits, inspections, violations, environmental sampling performed on the property, etc. for the property located at 1440 Church Street, Bohemia, NY 11716 (Block 0002: Lot 10).
EPA-R7-2016-009904	Tracie Ragland	Terracon	9/1/2016 14:09	Any records concerning the site identified as TONY CHIAVERINI, 16400 COLLEGE BLVD, LENEXA, MS 66219, Registry ID: 110044506433, Envid: 1016018715. However, I believe that the state &quot;MS&quot; is incorrect and should have been listed as &quot;KS&quot;.

EPA-R2-2016-009989	Jessica Rosenberg	GEI Consultants, Inc	9/6/2016 19:09	Files and documents for 491 US-46, Fairfield, Essex County, New Jersey at Block: 3401 Lot: 36.08, relating to environmental conditions, underground or above ground storage tanks, violations, discharges of chemicals, or petroleum, permits, and/or the storage and usage of chemicals and petroleum at the subject property to be used for a Preliminary Assessment Report
EPA-R3-2016-009896	Brianna Scarfo	EHS Support	9/1/2016 13:09	I would like to request information pertaining to the property located in Colliers, Brooke County, WV. Specifically, the property is located on the east side of Tent Church Road, west of the PA State border, north of Amspoker Ridge, and south of Eldersville Road. The parcel numbers for this property are 05-04-CC16-0019, 05-04-CC16-0018 and 05-04-CC16-0017. The property is presently owned by WVDNR and contains a well pad. Specifically, I am interested in any information associated with the property including: spills, releases, hazardous substances, storage tanks, enforcement, investigation, and cleanup on the property.
EPA-R7-2016-009960	Amy Drawing	ERM	9/2/2016 20:09	ERM is seeking information for FIFRA/TSCA inspections that occurred at the property at 1945 Walton Road in St. Louis (Overland), Missouri 63114 in 1991, 1995 and 2002. The 1991 inspection occurred while the facility was occupied by Old Vienna Snacks (Inspection No. 19910411MO03T 1) and the 1995 and 2002 inspections occurred while occupied by the current occupant Reliable Biopharmaceutical (Inspection Nos. 19950208F2895 1 and 20020610F289510). ERM is also seeking records associated with formal action under EPCRA regulations that took place in 2010. Finally, ERM is requesting a review of applicable program records to verify the current compliance status of the Site.
EPA-R6-2016-009962	Bonnie Singh		9/2/2016 20:09	Hello, I am looking for 19 engine test reports for various engines, operators, and facilities tested under 40 CFR Part 60, Subpart JJJJ in the timeframe of 2013-current. EPA Region 6 should have received either an electronic or paper copy of each report. Attached is a list of the 19 reports. If the fees associated with locating and emailing me copies of the reports exceed \$300 please let me know. I prefer to receive an emailed copy of each report. Thank you

Bhave, and Joel A. Schwartz, entitled "Public Health Impacts of Secondary Particulate Formation from Aromatic Hydrocarbons in Gasoline." The search may be limited to records originating between June 1, 2011 and the study's publication on February 20, 2013. Prakash V. Bhave, one of the study's co-authors, was employed by EPA at the time of the study, and the requested records include, but are not limited to, emails and attachments sent to and from Dr. Bhave that refer to the study, drafts of the study, its subject matter, or its participants, or to any of the following terms: "aromatics," "aromatic hydrocarbons," "secondary organic aerosol," "SOA," "CMAQ," "particulate matter," "PM," "PM2.5," "mortalities," "social cost," "3,800," "1,800," "4,700," "Harvard," or "Environmental Health." The definition of "records" includes, but is not limited to, e-mails, facsimiles, text messages, memoranda, letters, studies, reports, and drafts. The scope of the search should not be limited to EPA-originated records and should include records currently in the possession of any U.S. Government contractors for purposes of records management. We request that these records be produced electronically, in .pdf format, if they are readily producible in that format. The Energy Future Coalition and Urban Air Initiative agree to pay all legitimate costs of processing this request. They have no commercial, trade, or profit interest in the requested records.
EPA-HQ-2016-009969	Grady Killeen	Georgetown University	9/6/2016 13:09	Under Agency Review
EPA-R6-2016-010061	Kelly Anderson	Targus Environmental	9/8/2016 14:09	Targus Environmental is performing a Phase I Environmental Site Assessment and requests information regarding the following property: 12940 William Dodson Parkway (Proposed Fire Station #3), Farmers Branch, Texas 75234. This property is listed on the US Brownfields database and has EDR/EPA number 1012101559. Thank you, Kelly Anderson

EPA-R5-2016-009927	Matthew J. Novak	Gizmodo / Univision	9/1/2016 20:09	I request all of the EPA's finished reports on East Chicago, Indiana's lead levels in the West Calumet Housing Project produced by both the agency and by outside contractors for the EPA from 2007 to the present. I also request all correspondence between EPA employees and outside contractors that worked on the West Calumet lead cleanup project regarding why "extensive testing" didn't begin until November of 2014, as reported in the New York Times. I also request copies of all lawsuits filed for lead contamination in the West Calumet area, including but not limited to the 2009 lawsuit. I also request the name of the contractor used by the EPA to tabulate the data on West Calumet's lead levels, copies of contracts between the EPA and said agency, and all correspondence within the EPA regarding concerns about the data's quality, again, as reported by the New York Times. Lastly, I request copies of all plans written to notify residents of West Calumet of the lead poisoning, including but not limited to public notices, community meetings, and one-on-one meetings, from 2007 to the present.

I prefer to receive the documentation in electronic format by email, dropbox, or disc.
EPA-HQ-2016-010073	David Swain	Scientific & Regulatory Consultants, Inc.	9/8/2016 17:09	All Data Evaluation Records (DERs) produced by EPA for the registration of White (EPA Reg. No. 777-128)
EPA-HQ-2016-010121	Neil Buffett		9/12/2016 13:09	I am looking for documents from the national epa office...as well as from the regional offices on the President's Environmental Merits Award Program. After some research, I have come to understand that what I originally believed to be the President's Environmental Youth Award Program was, in fact, called the PEMAP or Presidents Environmental Merit(s) Award Program in its earliest days (1971-1977). I am hoping to locate any and all files pertaining to the PEMAP (President's Environmental Merit Award Program), especially those related to youth activities. Since this was a program administered by the EPA, I am hoping that files do exist. While I list \$200 as the limit of what will be spent on files, etc, this is just a rough number. Depending upon what is available I would be willing to pay more for copies, etc. Thank you! The years I am most interested are 1971 to 1985.

EPA-R5-2016-010058	Marc K. Shaye	Marc K.Shaye, Attorney at Law, PLLC	9/8/2016 13:09	Michigan Marine Terminal located in River Rouge, Michigan. This request covers time from 2010 until August 2016. I request a list of "special government employees" (SGEs) employed by EPA from Aug. 1 to Sept. 1, 2016. A SGE is an agency employee that performs temporary duties, with or without compensation, for not more than 130 days during any period of 365 consecutive days, as defined in 18 U.S.C &sect; 202.
EPA-HQ-2016-009954	Kevin Bogardus	E&E News	9/2/2016 19:09	I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from Aug. 1 to Sept. 1, 2016. Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes.
EPA-HQ-2016-009955	Kevin Bogardus	E&E News	9/2/2016 19:09	I request records of all responses to Questions for the Record provided to Congress from EPA from Aug. 1 to Sept. 1, 2016. These records are responses to formal questions posed by lawmakers in association with witness testimony at congressional committee hearings.

EPA-R8-2016-010025	Christine O'Connor		9/7/2016 18:09	1. All correspondence between the City & County of Denver and the EPA regarding Denver's request that EPA consent to a removal action with respect to OU2 in the Vasquez-170 Superfund site, in particular any correspondence that led to the July 1, 2015 Consent Order, document titled "Final Signed VBI70 OU2 AOC for removal_07-01-15.pdf" (I located that Order.) 2. Any formal request or application or whatever it may be titled submitted by Denver to the EPA in connection with obtaining a consent order. In other words, the paper trail leading to the Consent Order. 3. Any supporting documents submitted to the EPA in support of a request or application for a consent order. Thank you for your prompt attention to this matter.
EPA-R6-2016-010018	Anne Coorsen	Oldham County Board of Education	9/7/2016 17:09	I am looking for manifest(s) and other records in the name of "Oldham County, Old Cedar Point Road, Buckner KY 40010", "Oldham County Bus Garage", or "Oldham County Board of Education", related to the Marine Shale Processors site in Amelia, St. Mary's Parish, Louisiana. The information I have been provided with is as follows: Louisiana Dept. of Environmental Quality AI Number: 5414 RCRA id KYD985111095 Manifest No. LAA3232045 Year 1994 Tons: .9, 1.0 Site Address: 9828 Louisiana Hwy 182 W, Amelia, Louisiana Our school district was advised that the United States Environmental Protection Agency, and the Louisiana Department of Environmental Quality made a demand on 46 entities, who allegedly arranged for the treatment, storage or disposal of waste at the site, for remediation of the Marine Shale Processors site. Some of these entities form the MSP Site PRP Group, which entered into a Cooperative Agreement for Site Investigation and Remediation dated March 18, 2009. The MSP Site PRP Group is alleging that the school district was a de minimis contributor to the site based on documents (in database form) maintained by the US DOJ. The MSP PRP Group cited "manifests" and possibly Annual Hazardous Waste Reports dated 1989 through 1992. I am seeking copies of any records used by the US DOJ to create "data entry information" related to Oldham County, the Oldham County Bus Garage, or the Oldham County Board of Education, which was then obtained by the MSP PRP Group and used to demand contribution by the Oldham County Board of Education.

EPA-R10-2016-010072	Selby Coffin	Soha & Lang	9/8/2016 17:09	<p>On June 23d I posted the following request: • Tracking Number: EPA-R10-2016-007974 • Requester Name: Selby Coffin • Date Submitted: 06/23/2016 • Request Status: Submitted • Description: All EPA files regarding EPA docket SDWA-10-2013, In the Matter of Yakima Valley Dairies, including but not limited to court records, correspondence, reports, inspection records, monitoring data and RCRA enforcement. I am interested in Cow Palace dairy, 1631 N. Liberty Rd., Granger WA to the extent that there are records associated with individual dairies. On July 25th I received a phone call from Chandra Vitellaro notifying me the agency needed more time to complete the request. On July 26th Ms. Vitellaro sent me a confirmation email; unfortunately I missed the email and didn't respond. Even though I had just spoken to her on the phone, she cancelled the request rather than contact me again. I having been waiting all this time for an attorney review to be completed and when I checked the request status yesterday I realized what happened. I emailed Ms. Vitellaro but she has not responded; how ironic. Please send me the documents responsive to the original request. Thank you.</p> <p>I am looking for the following notices of violations given to several automobile manufacturing facilities: General Motors - Doraville, GA. NOV issued around 1998 for failure to assure that the solvent piping systems used to convey purge solvents to the solvent recovery tanks met RCRA Subtitle C requirements. BMW - Spartanburg, SC (NOV issued in 2001). This was also a RCRA violation General Motors - Bowling Green, KY (NOV issued in 2001). This was also a</p>

EPA-R2-2016-010372	Jessica Holm	Tectonic Engineering	9/19/2016 17:09	We are seeking to obtain copies of the (a) grant application package submitted/approved and (b) the grant contract/paperwork issued for the USEPA Region 2's (1) Brownfields "Community-Wide Hazardous Substance Assessment Grant" and (2) the "Community-Wide Petroleum Assessment Grant" issued to the City of Asbury Park.
EPA-R3-2016-010374	John S. Piarulli	Bureau Veritas North America, Inc.	9/19/2016 18:09	I am requesting an opportunity to inspect or obtain copies of public records for two (2) parcels of land located at 558 and 562 Lancaster Avenue, Malvern, Chester County, Pennsylvania 19355. The 558 Lancaster Avenue property (approximately 0.61 acres) contains two buildings: one used as a hair salon and the second as a residence. The 562 Lancaster Avenue property (approximately 0.38 acres) contains a single building used as an automotive service station. The desired documents may include, but are not limited to spills, discharges to soil and/or groundwater, records of hazardous materials, USTs/ASTs, historic environmental conditions, fire/police reports, permits, health violations, septic systems, and/or environmental violations. Thank you.
EPA-HQ-2016-010308	Michele Schoeppe		9/16/2016 15:09	Pursuant to the Freedom of Information Act ("FOIA"), as amended, 5 U.S.C. § 552 et seq., and implementing regulations promulgated by the U.S. Environmental Protection Agency ("EPA"), 40 C.F.R. Part 2, the FluoroCouncil requests copies of the following records, as defined under 5 U.S.C. § 552(f)(2): • All documents addressing the Drinking Water Health Advisory for Perfluorooctanoic Acid (PFOA) and the Drinking Water Health Advisory for Perfluorooctane Sulfonate (PFOS) issued in May 2016. • All documents addressing EPA's recommendation "that when both PFOA and PFOS are found in drinking water the combined concentrations of PFOA and PFOS be compared with the 0.07 part per billion HA [Health Advisory] level." 81 Fed. Reg. 33250 (May 25, 2016), at 33251.

I hereby request copies of the following records: All records, written and electronic, that mention Chris Stone (or Christopher Stone) in connection with USA vs. Chernis (16-CR-30033 filed in U.S. District Court in Central District of Illinois) and/or cleanup operations at the Pillsbury Mills site in Springfield, IL and/or Consolidated Grain and Barge in Naples, IL. This request includes but is not limited to copies of court transcripts. I request that these records be emailed to me in electronic format. Further, I request a waiver of any and all fees, as I am a working journalist and the requested records would contribute to public knowledge of the workings of government. I also request that my request be expedited on the grounds that I am engaged in disseminating information to the public, which has a legitimate and timely interest in this information. Should you have any questions, I can be reached at (217) 753-2226, ext. 122. Thanks for your prompt attention. Sincerely, Bruce Rushton Staff Writer Illinois Times Springfield IL

Any and all information and records relating to U.S. EPA's investigation during approximately 2011 through 2015 into H&S Performance, LLC's ("H&S's") compliance with Title II of the Clean Air Act ("CAA"), 42 U.S.C. § 7521 et seq., relating to H&S's sale of automotive aftermarket parts (the "H&S Investigation"). For purposes of this request, "information and records" includes, but is not limited, to the following: a. Any and all information requests ("Information Requests") issued by U.S. EPA or other government agency to H&S, including but not limited to Information Requests dated on or about July 20, 2011 and March 14, 2013; b. Any and all records and information submitted to or shared with U.S. EPA by H&S, including but not limited to H&S's responses to the Information Requests dated on or about August 20, 2011, April 8, 2013, November 29, 2012 and June 14, 2013.; c. The Notice of Violation issued by U.S. EPA to H&S dated on or about May 30, 2012; d. Any and all correspondence between U.S. EPA and H&S and/or its legal counsel, owners, principals, employees, representatives and/or agents (collectively, the "Parties"). For purposes of this request, "correspondence" includes but is not limited to all communications between the Parties delivered by any means (e.g., electronic mail, United States mail, courier or overnight service, and/or any other means); e. Any and all documents comprising the docket for the case before the Environmental Appeals Board captioned: In the Matter of: H&S Performance, LLC, Respondent, Docket No. CAA-HQ-2015-MSEB 8248; and f. Any and all other information and records developed by U.S. EPA in connection with the H&S Investigation. The term "information and records" does not include transcripts of deposition or other testimony from any owners, principals, employees, representatives and/or agents of H&S.

Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, and the implementing regulations codified at 40 C.F.R. Part 2, we respectfully request that the U.S. Environmental Protection Agency (“EPA” or “the Agency”) provide public access to the records described below in the time prescribed by 5 U.S.C § 552(a)(6)(A). • Records describing the details of the information EPA used to determine that Harley-Davidson made and sold motorcycles from model years 2006, 2007 and 2008 that were not covered by an EPA certificate of conformity. This EPA action was described in the recent announcement of a settlement between the U.S. and Harley-Davidson and is described on the Agency’s website at: <https://www.epa.gov/enforcement/harley-davidson-clean-air-act-settlement> • Records from the subject EPA enforcement file relating to how Harley Davidson determines the peak power of its motorcycles. As used in this request, the term “record” has the same meaning as in 5 U.S.C. § 552(f)(2). If any portion of this request for records is deemed to be insufficient to allow EPA to identify and locate the requested records, please contact me by telephone as soon as possible. Pursuant to 40 C.F.R. § 2.112(a), within 10 working days of your receipt of this request, please send us your written determination stating which of the requested records will or will not be released and, for the latter, the reason(s) for each denial of a request. If, pursuant to 40 C.F.R. § 2.112(e), your office receives notification that an EPA office taking action on this request has extended the basic 10 working-day period for an additional period not to exceed 10 additional working days, please notify us by telephone as soon as possible of such an extension. Please be advised that, in accordance with 40 C.F.R. § 2.120(a), we will pay the charges for searching for and reproducing the requested records. We prefer to make such payment upon the presentation

EPA-R5-2016-010188	Alyssa Larson		9/13/2016 15:09	Any information related to historical site investigation activities performed at the following property: Rugged Liner, Inc. (formerly operated by Johnson Controls and The Colonel's Incorporated) 951 Aiken Street, Owosso, MI EPA ID: MID058816927 According to database listings, the property was subject to the CERCLA discovery process on 7/1/1980, a preliminary assessment was completed at the site on 6/28/1985, and the site was archived (NFRAP) on 3/9/1990. Documents requested include inspection reports, subsurface investigation reports, soil/groundwater sampling results, correspondence with the company and/or the DEQ, and any other information pertaining to historical contamination at the property.
EPA-R6-2016-010290	Lee S. Bohme		9/16/2016 13:09	The Clean Water Act is the basis for the establishment of the General Pretreatment Regulations at 40 CFR Part 403 and for the development of categorical pretreatment standards for about 35 industrial categories. It is the regulatory responsibility of the U.S. Environmental Protection Agency to see that these regulations are being adequately and appropriately implemented and enforced. -How well is that being done? How well are EPA, Region 6 and/or the delegated Region 6 states and/or approved POTW Pretreatment Programs implementing the General Pretreatment Regulations and making sure that the general and specific prohibitions are being met? How well are these same legal entities insuring that the categorical pretreatment standards for indirect dischargers are meeting compliance requirements, whether they are discharging to POTWs with or without approved Pretreatment Programs? The help answer these questions I have several questions for which I would appreciate answers. 1. How many approved POTW Pretreatment Programs are there now in EPA, Region 6, and how many are there in each of the 5 states in Region 6? 2. How many Pretreatment Audits have been conducted in each calendar year 2014 and 2015 and how many have been conducted so far in calendar year 2016 and were each of these conducted by a delegated State program, by EPA, Region 6 or by a joint EPA/delegated State audit? How many of these audits/by year have completed audit reports? 3. How many Pretreatment Compliance Inspections (PCIs) have been conducted in each calendar year 2014 and 2015 and how many have been conducted so far in calendar year 2016 and were each of these conducted by a delegated State program, by EPA, Region 6 or by a joint EPA/delegated State PCI? How many of these PCIs/by year have completed Pretreatment Compliance Inspection reports? Based upon the specificity of the answers, I may have follow up FOIA questions.

EPA-R6-2016-010291	Lee S. Bohme		9/16/2016 13:09	To follow up on my previous request ( EPA-R6-2016-010290 ), since there was not sufficient space. 4. - For EPA, Region 6, how many employees in the Water Division have Pretreatment Program responsibilities and approximately what percentage time does each spend on Pretreatment related work? - For EPA, Region 6, how many employees in the Enforcement Division have Pretreatment Program responsibilities and approximately what percentage time does each spend on Pretreatment related work? - For each state in Region 6 that has been delegated authority to implement the Pretreatment Program, what is the name of their Pretreatment Coordinator and the name of any other employees of those states that have any Pretreatment Program related activities? What is the percentage of time each of these listed individuals spend on Pretreatment related activities? 5. How many categorical industrial users (CIUs) in Region 6 states have been identified that discharge categorical wastewater to publicly owned treatment works (POTWs) that do not have approved Pretreatment Programs during the calendar years of 2014 and 2015? How many of these CIUs have been inspected during each of the calendar years 2014 and 2015 to determine if they are compliant with the categorical standards that are applicable to them?
EPA-R2-2016-010292	Tina Madrid	Sweetgum Environmental	9/16/2016 13:09	Looking for any UST information (size, contents, installation date, upgrade date, closure/removal date) and discharge information (if any), inspections etc. I have not found the information I need through the various channels in the EPAs website. If you need any additional information from me, please don't hesitate to get in touch. I appreciate it. Here's the request: Any premanufacture notices (PMNs) or significant new use notices (SNUNs) or significant new use rules (SNURs) or notices of commencement of manufacture or import (NOCs) filed by any company in the last seven years regarding the chemical Ammonium perfluoro(2-methyl-3-oxahexanoate), also known as Ammonium 2,3,3,3-tetrafluoro-2-(heptafluoropropoxy)propionate; as Ammonium 2- (heptafluoropropoxy)tetrafluoropropionate; as Propanoic acid, 2,3,3,3-tetrafluoro-2-(1,1,2,2,3,3,3 -heptafluoropropoxy)-, ammonium salt (1:1); and as GenX. It is ID #32330 in the TSCA Inventory. Basically, the aim of this request is to find out which companies are using this chemical. I would also like to request all information about Section 5(e) Consent Orders on this chemical. Many thanks for your help. All the best, Cara

EPA (May 17, 2006 Inert Reassessment -- Mesityl Oxide (CAS Reg. No. 141-79-7; EPA Office of Pesticide Programs, Inert Ingredient Assessment Branch) has relied up on a 49-day study, rat, inhalation (combined repeat dose and reproductive/developmental toxicity screening). The study (Bernard and Faber 1992) is summarized as follows: Groups of male and female rats were exposed to mesityl oxide via inhalation exposure at concentrations of 0, 31, 103, or 302 ppm (= 0, 0.12, 0.4 or 1.2 mg mesityl oxide/L) for approximately 36 to 49 days (36 to 49 days for female rats, 49 days for male rats) for 6 hours per day, 7 days per week. A concentration-dependent reduction in food consumption, body weight, body weight gain, clinical effects (porphyrin nasal discharge and sialorrhea), as well as findings in histopathological examinations (sero-cellular exudates) were observed in all dose groups. A transient reduction in activity was observed in animals dosed at 103 and 302 ppm (days 0-13) and partially closed eyes were observed at 302 ppm (days 0-3) only. These transient reversible effects are attributed to the irritative properties of mesityl oxide. An LOEC for systemic toxicity of 31 ppm (= 0.12 mg mesityl oxide/L) can be derived from this study, based on effects on food consumption, body weights, body weight gain and nasal passage histopathology (Bernard and Faber (1992) in EPA (2006). I would like to obtain EPA's data evaluation report or equivalent detailed information for the Bernard and Faber 1992 study (see citation below). Please also see a discussion of the study in EPA 2006 inert ingredient assessment for mesityl oxide, the chemical tested in the Bernard and Farber 1992 study. Bernard, L.G. and W.D. Faber 1992. Combined Repeated Dose and Reproductive/ Developmental Toxicity Screening Test in the Rat. Ketones Panel- Chemical Manufacturers Association, Report No. HAEL: 91-0033. Submitted to EPA/OTS September 2, 1992.

REQUEST NO. 1. A copy of all correspondence and/or communication of any kind indicating any attempt by Nancy Sahakian, MD, MPH, of the Federal Occupational Health, U.S. Department of Health and Human Services, to make contact with Appellant Ferrante. Please provide any such correspondence and/or communication in the format in which it was originally sent. REQUEST NO. 2. A copy of any and all documentation to include but not limited to letters, memos, emails, telephone records, Federal Occupational Health records belonging to Appellant Ferrante and his medical records that the Agency has relied on to make its decision to deny Appellant Ferrante from reporting to duty. REQUEST NO. 3. A copy of any and all records of any kind referencing the number of Agency employees that have been placed on Enforced Leave or any other leave that has prevented an Agency employee from reporting to limited or full duty. REQUEST NO. 4. A copy of all redacted documents related to employees within the Office of Criminal Enforcement Forensics, and Training that have been placed on Enforced Leave in the last five years for psychological and/or other medical reasons. REQUEST NO. 5. A copy of any and all records indicating the Agency employees within Office of Criminal Enforcement Forensics, and Training that failed their annual physical in the last five years yet remained in full or limited duty status. REQUEST NO. 6. A copy of any and all records of Agency employees denied requests for Medical Flexiplace and/or Telework. REQUEST NO. 7. A copy of any and all documentation relied upon by the Agency to determine that Appellant Ferrante did not provide Administratively Acceptable Medical Documentation, and what specific measures were taken by the Agency to request, demand, or order Appellant Ferrante to provide additional documentation. REQUEST NO. 8. A copy of any and all policies and procedures was

Any and all documents, emails, letters, faxes, written communications and other materials generated since Sept. 1, 2016 that are related to the Colonial Pipeline gasoline pipeline leak in Shelby County, Alabama that was discovered on or about Friday, Sept. 9, 2016. I specifically seek any documents and materials that fit the following descriptions dating back to Sept. 1, 2016: - Any and all emails, letters, faxes and/or other written communications related to the pipeline leak cited above between any EPA employee, official or contractor and any employee, official or contractor with the Alabama Department of Emergency Management, the Alabama Surface Mining Commission, the Shelby County Fire Department, the Shelby County Sheriff's Office, the Helena Police Department and/or the Alabama Department of Natural Resources. - Any and all emails, letters, faxes and/or other written communications related to the pipeline leak cited above between any EPA employee, official or contractor and any employee, official or contractor with Colonial Pipeline. - Any and all lists of contractors who applied to work or were retained by the EPA or other agencies or companies to address issues related to the pipeline leak cited above. - Any and all work schedules for employees, officials or contractors of the EPA, the Alabama Department of Emergency Management, the Alabama Surface Mining Commission, the Shelby County Fire Department, the Shelby County Sheriff's Office, the Helena Police Department and/or the Alabama Department of Natural Resources. - Any and all other documents, communications and/or materials related to the Shelby County pipeline leak cited above. To reiterate, I am only looking for documents, communications and/or materials dating back to Sept. 1, 2016. Therefore this request should qualify as narrow enough to be fulfilled in a timely manner in accordance with FOIA protocols and procedures. Thank you, feel free to contact me with any questions or concerns.

			To whomever processes the EPA FOIA requests: My name is Stephanie Holm. I'm a physician who is currently a Masters of Public Health student at the University of California, Berkeley. I'm working on a review of antimicrobial product use with Timur Durrani, Mark Miller and Victoria Leonard from the San Francisco Pediatric Environmental Health Services Unit. (The National PEHSU network is the result of a partnership between the Agency for Toxic Substances and Disease Registry and the US EPA, Office of Children's Health Protection). Therefore, we are requesting from a noncommercial scientific institution. We are willing to pay up to \$30 in photocopying fees if necessary. We have been using the EPA's Pesticide Product Labeling System to research antimicrobial products. Those product sheets display each microorganism each product has been shown to be effective against. The database does NOT list whether other microorganisms were tested and failed, or whether they were simply not tested. We would like to request information regarding whether particular antimicrobial products were tested against specified microorganisms, and if so, the results of those tests. Specifically, we would like records indicating whether the following antimicrobial agents were tested against each of the microorganisms in the attached table. Thank you very much for your time. We look forward to hearing from you. Sincerely, Stephanie Holm

EPA-R10-2016-010552	Deborah E. Baker	Glacier Water District	9/26/2016 19:09	<p>List of EPA funding awards to recipients in Whatcom County, Washington (state) from Year 2000 to date. Such a list would include: award number, recipient, amount, start and end dates, and project name/description. I'm an elected commissioner involved in watershed planning-this is not commercial and I have no interest in applying for funds.</p>

EPA-R10-2016-010390	Ronald Durbin	Advanced Environmental Technology	9/19/2016 13:09	Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following information: A list of RCRA TSDF permit holders in your EPA Region who treat or dispose of waste D003 reactivewaste, explosive subcategory. This includes only wastes defined 40 CFR 261.23 (a) (8) for explosives. We are looking for TSDF facilities that treat reactive waste subcategory explosives which includes ammunition, explosive devices, bulk explosives, propellants, and related wastes. Please do NOT include information on TSDF facilities that treat other reactive waste coded D003, such as reactive sulfides. Please search for the term explosives and limit the list accordingly. We are asking for the treatment facilities and the amounts treated by each facility. We are looking for the past 5 years of information. Are there published documents or articles on the subject you can reference where this information maybe reiterated? We are requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). Information may be sent to us electronically, by CD or by whatever means is most efficient. We look forward to your response within 20 working days, as outlined by the statute.
EPA-R10-2016-010502	Kimberly Wollenburg	Water Environment Services	9/22/2016 20:09	Hello, we are seeking a copy of the EPA Grant for the building of the Tri-City Water Pollution Control plant at 15941 Agnes Avenue, Oregon City, OR granted in 1978 to Clackamas County/Tri-City Service District. Grant Application #C 410493-01 EPA Step 1 Grant. We have the application but records were destroyed in flooding in 1996 and we believe the actual grant agreement was included with grant files lost. Thank you!!! Kim

EPA-R6-2016-010481	Lindsay Ward	BEST	9/22/2016 13:09	Good Morning, My name is Lindsay and I work with Building Evaluation Services and Technology. We are doing an Environmental Site Assessment on a property in Baytown, Texas. I was looking into the adjoining site which is the Exxon Mobile Refinery located at 2800 Decker Drive in Baytown, Tx (RCRA ID: TXD000782698, FRS: 110000502901). It appears that this facility is registered as a RCRA Corrracts and RCRA TSD facility. Upon review of the ECHO website, it appears that this facility is not currently in compliance with the US EPA and that penalties from formal enforcement actions have been taken against this facility for at least \$20,000. I was wondering why this facility is not in compliance, and why it has not been in compliance for several years (since at least 2013)? In addition, I was also looking to find out what formal enforcement actions have been taken against this facility and why the received a \$20,000 penalty? Finally, I would like to know if this noncompliance status may potentially impact adjoining or surrounding sites. Thank you so much for you assistant in this matter. Please let me know if you need any additional information or if you have any questions. Thank you and have a great day, Lindsay Ward
EPA-R4-2016-010482	Ronald Durbin		9/22/2016 13:09	A list of RCRA TSDF permit holders in your EPA region who treat or dispose of waste 0003 reactivewaste, explosive subcategory. This includes only wastes defined 40 CFR 261.23 (a) (8) for explosives. We are looking for TSDF facilities that treat reactive waste subcategory explosives which includes ammunition, explosive devices, bulk explosives, propellants, and related wastes. Please do NOT include information on TSDF facilities that treat other reactive waste coded 0003, such as reactive sulfides. Please search for the term explosives and limit the list accordingly. We are asking for the treatment facilities and the amounts treated by each facility. We are looking for the past 5 years of information. Are there published documents or articles on the subject you can reference where this information maybe reiterated?

EPA-HQ-2016-010508	Ian Li		9/23/2016 13:09	<p>Hello, I am looking for historical states primacy (primacy authority in implementation and enforcement) status under Clean Air Act, Clean Water Act, Safe Drinking Water Act, Resource Conservation and Recovery Act. Specifically, I would like to have the dates that each state assumed primacy for the four statues if applicable. I understand there are multiple sections of each statue that may allow the delegation of primacy to state. If you could provide me with information on the dates of primacy assumption by statue and section for each state, that would be great. Please let me know if the description is not clear. Thank you very much. Ian</p>
EPA-HQ-2016-010581	Heather Friedli	Wellmark International	9/26/2016 17:09	Please provide me with the releasable portion of the registration jacket for: TC 264, EPA Reg. No. 499-514. Thank you.

EPA-R2-2016-010619	Paul McMahan	Langan Engineering, Environmental, Surveying and Landscape Arch	9/27/2016 15:09	<p>Re: Freedom of Information Request 501 Smith Street Block 477, Lot 49 Brooklyn, New York 11231 Langan Project No. 170430001 Dear Sir or Madam: Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. The Subject Property is located at 501 Smith Street in Brooklyn, New York (Block 477, Lot 49). The Subject Property is bounded by Smith Street to the west, 9th Street to the south, 3-9 9th Street (Block 477, Lot 48) to the east, an MTA easement (Block 477 lot 1R) to the north. Please contact me at 212-479-5451 with any questions or send your response to my attention at pmcmahon@langan.com or at the below address: Langan Engineering and Environmental Services, P.C. 21 Penn Plaza 360 West 31st Street, 8th floor New York, New York 10001-2727 Thank you in advance for your cooperation. Sincerely, Langan Engineering, Environmental, Surveying and Landscape Architecture, D.P.C. Paul McMahan, PE Project Engineer</p>
EPA-R7-2016-010406	Kathryn Van Valkinburgh	TRC	9/20/2016 14:09	<p>I would like to request a notice of violation that EPA issued in 1998 for General Motors in Kansas City, KS. I am looking for the Notice of Violation for the facility issued in 1998 (or maybe 1999) with reference to “a failure to assure that the solvent piping systems used to convey purge solvents from recovery tanks net RCRA Subtitle C requirements”. Please let me know if you need any additional information.</p>
EPA-R2-2016-010407	Kathryn Van Valkinburgh	TRC	9/20/2016 14:09	<p>I would like to request a notice of violation that EPA issued in 2001 for General Motors in Lindin, NJ. I am looking for the Notice of Violation for the facility issued in 2001 (I believe in February) with reference to “a failure to assure that the solvent piping systems used to convey purge solvents from recovery tanks net RCRA Subtitle C requirements”. Please let me know if you need any additional information.</p>

EPA-R9-2016-010429	Jennifer Isaac	EnSafe Inc	9/20/2016 18:09	Hello. I am conducting a Phase I Environmental Site Assessment of the property located at 17760 Rowland Street in City of Industry, California and would like to request access to files associated with the property. The property was formerly occupied by Bircher Construction and Trane Supply. It is my understanding that several facilities in the City of Industry have been investigated as part of the San Gabriel Valley Superfund site, so I am interested in any files that suggest the property has been investigated as part of the Superfund site. If you have any questions or need additional information, please feel free to email or call me. Thank you for your help! Jen

EPA-HQ-2016-010646	Sachin Gupta	MindPetal Software Solutions, Inc.	9/28/2016 13:09	I'm requesting the winning proposal for the GSA eBUY Solicitation No. RFQ1044691. The award was made to a firm named Windsor Solutions, Inc., under Contract # GS-35F-0563W/EP-G16H-01214, on or around March 4, 2016. Within a few months, this contract was back out on eBuy under a different solicitation number (RFQ1148109). If the EPA could also provide us with what happened with the award to Windsor Solutions, Inc., it would be greatly appreciated.
EPA-R3-2016-010655	Under Agency Review		9/28/2016 13:09	A list ofRCRA TSDF permit holders in your EPA region who treat or dispose of waste D003 reactivewaste, explosive subcategory. This includes only wastes defined 40 CFR 261.23 (a) (8) for explosives. We are looking for TSDF facilities that treat reactive waste subcategory explosives which includes ammunition, explosive devices, bulk explosives, propellants, and related wastes. Please do NOT include information on TSDF facilities that treat other reactive waste coded 0003, such as reactive sulfides. Please search for the term explosives and limit the list accordingly. We are asking for the treatment facilities and the amounts treated by each facility. We are looking for the past 5 years of information. Are there published documents or articles on the subject you can reference where this information maybe reiterated?

EPA-R6-2016-010640	Michael Reer		9/28/2016 13:09	<p>Any and all correspondence between the Environmental Protection Agency and U.S. Senator Xavier Becerra since December 1, 2016.</p>
EPA-R9-2017-002474	kartikay mehrotra	bloomberg	1/3/2016 14:01	<p>Any and all correspondence between the Environmental Protection Agency and U.S. Senator Xavier Becerra since December 1, 2016.</p>
EPA-HQ-2017-002475	kartikay mehrotra	bloomberg	1/3/2016 14:01	<p>I would like the copies of any and all testing done or received in 2016 for the Sheridan Disposal Site in Hempstead Texas. To clarify, if the report was done at the end of 2015 but not available until 2016 I would like a copy, please. I would appreciate it if the 2015 groundwater samples and could be sent to me first. Thank you, Mari West. Additional clarification about this request: My request is for personal use. I lived in that area and then in the town for most of my life and am trying to keep up with everything. I actually want all ground and water samples for 2014 and 2015. I know they are not released until the following year which is why I mentioned 2015 and 2016. For 2016 I want copies off any and all testing that was done at the site unless 2015 was a big year, with more documents, and then I want that one as well. The request for ground water samples is just what I would like first in terms of priority in providing information to fulfill this FOIA request.</p>
