

Water Quality Surveillance and Response Systems

MONTHLY WEBINAR SERIES

EPA's Water Security Division hosts this monthly webinar series to provide an overview of [Water Quality Surveillance and Response Systems](#) (SRS) and their components:

- Online Water Quality Monitoring
- Enhanced Security Monitoring
- Customer Complaint Surveillance
- Public Health Surveillance
- Sampling and Analysis
- Consequence Management

This series of one-hour webinars will describe resources that utilities can use to improve their ability to detect and respond to water quality problems, including contamination incidents. Most webinars will also include case studies demonstrating real world implementation of SRSs. Attendees can request documentation for continuing education credits when registering for each webinar. Documentation will be provided after completion of the webinar.

NOTE: Continuing education credit acceptance is contingent on state and/or organization requirements—EPA cannot guarantee acceptance.

More information about each webinar, including registration, can be found on the SRS webinar series homepage:

Schedule

March 20, 2018 at 1:00 pm EDT – *Risk of Drinking Water Contamination and Actions to Prepare*

April 10, 2018 at 1:00 pm EDT – *Online Water Quality Monitoring for Source Waters*

May 8, 2018 at 1:00 pm EDT – *Enhanced Security Monitoring*

June 5, 2018 at 1:00 pm EDT – *Online Water Quality Monitoring for Distribution Systems*

July 17, 2018 at 1:00 pm EDT – *Communications Systems for Smart Utility Infrastructure*

August 14, 2018 at 1:00 pm EDT – *Analysis of Online Water Quality Data*

September 11, 2018 at 1:00 pm EDT – *Customer Complaint Surveillance for Detecting Drinking Water Contamination*

October 9, 2018 at 1:00 pm EDT – *Public Health Surveillance for Detecting Drinking Water Contamination*

November 6, 2018 at 1:00 pm EST – *Response Planning for Distribution System Contamination Incidents*

December 11, 2018 at 1:00 pm EST – *Preparing for Sampling and Analysis in Response to Distribution System Contamination Incidents*

January 8, 2019 at 1:00 pm EST – *Exercising Procedures for Responding to Contamination Incidents*

February 12, 2019 at 1:00 pm EST – *Designing an Integrated Water Quality Surveillance and Response System*
