ATTAINSinfo – ATTAINS Information Listserver

EPA is pleased to announce that it has established a user community and discussion list associated with the Assessment Total Maximum Daily Load (TMDL) Tracking and Implementation System (ATTAINS), called ATTAINSinfo. This list is intended for two purposes:

1. EPA will distribute news about the Assessment Total Maximum Daily Load (TMDL) Tracking and Implementation System (ATTAINS). The news will include information about the database, user interface, and Exchange Network flow.
2. State, Tribal and EPA members of the ATTAINS community may use this list to communicate ideas and suggestions about ATTAINS system components with one another.

Basic instructions on how to use the list are listed below. If you have any questions about or problems with the ATTAINSinfo Listserver, please email the list admins at attainsinfo-owner@lists.epa.gov. Please do not post them to the list.

1. The ATTAINSinfo List is intended for discussion of ATTAINS-related matters only. Entries that are not of interest or relevant to ATTAINS news (e.g., your snail mail address or requests for specific documents or products) should be handled in other ways.
2. To post a message on ATTAINSinfo for all list subscribers to see, send it via e-mail to: attainsinfo@lists.epa.gov. Only subscribed members may post messages to the list.
3. To subscribe to the list: Send a blank message to: attainsinfo-subscribe@lists.epa.gov. The system will ask you to confirm that you want to subscribe to the list. Once the list admins approve your request to join the list, you will receive an acknowledgement and a welcome message.
4. To unsubscribe from the list: Send a blank message to: attainsinfo-unsubscribe@lists.epa.gov. The unsubscribe request must be sent from the same e-mail address as the one subscribed from.
5. You can also visit the ATTAINSinfo List online at https://lists.epa.gov/read/?forum=attainsinfo to change your subscription email address, read and send mail, unsubscribe, read and search archives, or change your settings at any time.

The ATTAINSinfo List is a ListManager mailing list, hosted on a server and supported by the US EPA. We are guests on this server and should behave as such. Please behave in an ethical and trustworthy manner, including:

- Do not attempt to access, change or delete data unless you are authorized to do so.

- Do not allow others to use your membership/administrative privileges.
- Notify the List Owner(s) (attainsinfo-owner@lists.epa.gov) if you detect a security incident on the list.
- Follow the rules of behavior as specified by the list owners.
- If you utilize passwords, change the password every 90 days. Use at least 8 characters in the password in an alpha and numeric mix. Passwords should be memorized and not written down.

Failure to follow these rules may result in penalties, such as removal from the list and loss of privileges.
