Wrap-Up

MOVES Review Work Group

June 13, 2018

- Wrap-up & Discussion
- Invitation to present to the Work Group (next slide)
- Reminder: draft MOVES2014b Technical Reports are available to review on EPA's Science Inventory page(<https://cfpub.epa.gov/si/>)
- Planning to schedule a Work Group meeting in the fall (date TBD)

Invitation to Present to Work Group

- The Work Group's short- and long-term recommendations were presented to the Mobile Sources Technical Review Subcommittee in May 2017 and May 2018. These presentations are available for download from the MSTRS website: <https://www.epa.gov/caaac/mobile-sources-technical-review-subcommittee-mstrs-caaac>
- We want to continue these Work Group meetings and, in addition to the EPA presentations, we invite outside presentations that would help shape MOVES long-term development.
 - Process:
 - Submit one-page requests for presentations. Requests should include a title, abstract, results, and significance for MOVES development
 - Submit to Sarah Roberts (Roberts.Sarah@epa.gov)
 - Requests will be prioritized by MOVES Work Group Co-Chairs
