

[Update to the EPA Region 2 EDD EQuIS 6.6 EDD format version 4- Release Note #2](#)

One change to the EPA Region 2 EDD format.

-In the **TestResultQC\_v4**, **VI\_TestResultsQC\_v4**, and **BasicChemistry\_v4** sections

Field	New Changes	Benefit/ Reason to change
Reportable_result	Samples with more than one result with the same CAS_rn and the lab_anl_method_name cannot have Reportable_result = Yes. When lab_anl_method_name (s) are different, we allow to have more than one Reportable_result = Yes.	Upon data providers requested.
