

UGI Utilities, Inc.

BMP Segment Distribution Partner Since 2016

OMB Control No. 2060 0722
Approval expires 08/31/2021

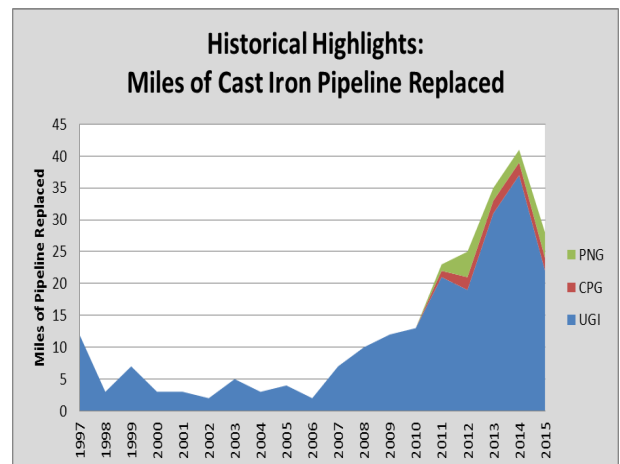

Background

UGI Utilities, Inc. (UGI) serves approximately 680,000 customers in 45 Pennsylvania counties and is one of the largest natural gas distribution utility companies in the Commonwealth. UGI is headquartered in Reading, PA and its natural gas service area includes major portions of the eastern, central, and northern parts of the state. UGI also operates an electric utility in Luzerne and Wyoming Counties. UGI has an aggressive pipeline replacement program and plans to replace all cast-iron pipelines by 2027.

Historical Highlights

Replacement of Cast Iron Mains

UGI has been reporting cast iron main replacements to the Natural Gas STAR Program since 1997. In 2011, UGI Central Penn Gas, Inc. and UGI Penn Natural Gas, Inc. began reporting their cast iron main replacements. Since 1997, these replacements have attributed to an emission reduction of approximately 56,883 thousand cubic feet per year of emissions from leaks.

Replacement of Unprotected Steel Mains

UGI has been reporting unprotected steel main replacements to the Natural Gas STAR Program since 1997. In 2011, UGI Central Penn Gas, Inc. and UGI Penn Natural Gas, Inc. began reporting their unprotected steel main replacements. Since 1997, these replacements have attributed to an emission reduction of approximately 39,930 thousand cubic feet per year of emissions from leaks.
