

U.S. EPA

Stormwater Finance Workshops: Innovative Opportunities to Help Address Your Stormwater Challenges

EPA's Water Finance Center hosts a series of workshops around the country to help communities address and manage their stormwater concerns. These workshops facilitate discussion among attendees and EPA staff on current funding and financing sources for stormwater projects and long-term operation and maintenance. Each workshop includes a focus on challenges specific to the region. The 2019 Stormwater Finance Workshops are scheduled for:

- **Ft. Lauderdale, FL at WEF Stormwater Symposium on May 8**
- **Boston, MA at EPA Region 1 on July 9**
- **Chicago, IL at WEFTEC on September 22**
- **Washington, D.C. at AlexRenew on October 1**
- **Atlanta, GA at EPA Region 4 on October 3**
- **Seattle, WA at Seattle Public Utilities on October 10**
