PETITION FOR DECLARATORY RULING ALLEGING INCONSISTENCY BETWEEN FEDERAL “INTERCONNECTION” POLICIES AND A NEW OKLAHOMA CORPORATION COMMISSION RULE REGULATING USE AND SUPPLY OF CUSTOMER-PROVIDED TELEPHONE EQUIPMENT

Commercial Communications Inc. (Oklahoma City, Oklahoma) and North American Telephone Association (Washington, D.C.) have filed a petition for declaratory ruling seeking a Commission determination that a new rule adopted by the Oklahoma Corporation Commission does not conflict with the Commission’s interconnection policies and decisions. This rule, Rule 16, was challenged in an appeal to the Oklahoma Supreme Court, and is now scheduled to become effective with issuance of the Court’s mandate in mid-December.

Because of the obvious interest of the States of Oklahoma, as well as others, we will entertain briefs and replies thereto. Briefs may be filed on or before January 5, 1979, and replies may be filed on or before January 20, 1979. Although petitioners are contending that the new rule will become effective in mid-December, Rule 16 itself establishes a ninety-day period during which Oklahoma suppliers may comply with it. We would anticipate that we will be able to rule on the petition prior to expiration of that time, and we ask that those who choose to brief this matter adhere to the specified schedule.

FEDERAL COMMUNICATIONS COMMISSION, WILLIAM J. TRICARICO, Secretary.
