Re: Turning Stone Casino and Resort- Completeness Determination- 40 CFR Part 71 (title V) Permit
Renewal Application

Dear Mr. Massena:

On October 31, 2019, the Turning Stone Casino and Resort (TSCR) submitted a timely application to the U. S. Environmental Protection Agency's (EPA) Region 2 Office for renewing an operating permit required under 40 CFR Part 71 (title V). The TSCR facility is owned and operated by the Oneida Indian Nation and is located in Oneida County, New York. The TSCR operates a facility consisting of a gas turbine, boilers and diesel generators. The TSCR's title V permit expired on February 3, 2020. Based on the review of all the information, EPA has now determined that the TSCR's Part 71 renewal application is complete.

EPA will continue its review of TSCR's application for approvability and make a preliminary determination shortly. If you have any questions, please call Umesh Dholakia at (212) 637-4023.

Sincerely,

A handwritten signature in cursive script that reads "Suilin W. Chan".

Suilin W. Chan, Chief
Permitting Section

cc: Robert Jacobs, NYSDEC, Region 6
