Instructions:

Attached is the FY19 IQ reporting template for you to use to compile your DRAFT agency reports. Please fill out your draft template using this Excel workbook. No other formats will be accepted.

Please provide and verify your Agency's Information Quality webpage in Section I.

Please note that this Excel workbook has 7 sheets (Instructions plus Sections IVI). You MUST reconcile your IQ report for incomplete (pending) requests-for-correction and appeals with last year's report. Specifically, Sections IV, V, and VI will require you to fill out a new form for each correction request or appeal that have you received. We have supplied 5 repealing forms for these sections. If you should need more, please copy and paste additional forms. You can delete any forms you do not need.

If your agency received no correction requests in FY19 and had no outstanding requests from FY03-FY18, you need only to fill out Sections I, II, and III of this form.

In sections IV, V and VI you will need to fill out a unique form for each correction request or appeal that you received.

Please do not post your draft reports on your webpages until OMB review is complete.

Please send all completed *draft* IQ reports (Due by July 17, 2019) electronically to: InformationQuality@omb.eop.gov

If you should have questions or problems, please contact Dr. Margo Schwab mschwab@omb.eop.gov
Phone # 202-395-5647
