January 28, 2021

MEMORANDUM

SUBJECT: Notification of Audit:
EPA’s Fiscal Year 2019 Toxic Substances Control Act Service Fee Fund Financial Statements
Project No. OA-FY21-0406

FROM: Paul C. Curtis, Director
Financial Directorate
Office of Audit

TO: David Bloom, Acting Chief Financial Officer
Michal Freedhoff, Acting Assistant Administrator
Office of Chemical Safety and Pollution Prevention

The Office of Inspector General for the U.S. Environmental Protection Agency plans to begin our required audit of the EPA’s fiscal year 2019 financial statements for the Toxic Substances Control Act Service Fee Fund. This audit is statutorily required by the Frank R. Lautenberg Chemical Safety for the 21st Century Act and is included in the OIG’s Fiscal Year 2020 Annual Plan. This audit also addresses the following top management challenge for the Agency, as identified in our EPA’s FYs 2020–2021 Top Management Challenges report, issued July 21, 2020: fulfilling mandated reporting requirements.

The purpose of this memorandum is to confirm our mutual understanding of the audit objectives and scope, as well as the responsibilities of the Agency and the OIG during the project. More details about our respective responsibilities are listed in Attachment 1, Audit Expectations. Please provide the requested information noted in Attachment 2, List of Deliverables, within two weeks of the date of this notification memorandum or by the date indicated in Attachment 3, Key Milestones, to Wanda Arrington. Attachment 3 highlights critical dates that must be met to complete this audit in a timely manner and prevent delays once the FY 2021 EPA Financial Statement Audit begins in the spring.

This audit is being conducted to express an opinion on the financial statements for the TSCA Service Fee Fund. Our objectives are to determine whether:

1. The financial statements are fairly presented in all material respects in accordance with generally accepted accounting principles.
2. The EPA’s internal control over financial reporting is in place.
3. EPA management has complied with applicable laws and regulations.
Planning and Coordination of Audit Work

We will contact the appropriate personnel to arrange a mutually agreeable time for the entrance conference to discuss the objectives and purpose of our audit. We would also be particularly interested in any areas of concern that you may have. We will answer any questions that you may have about the audit process, reporting procedures, methods used to gather and analyze data, and what we should expect of each other during the audit. Throughout the audit, we will provide updates on a regular basis via email and meetings as necessary.

Audit work will be performed at all EPA finance centers, as well as at other financial and program offices at EPA headquarters and regions, as needed. We will contact the offices where audit work will be performed to let them know when we will be performing audit work in their offices. We may also contact offices where we do not plan to perform on-site work to obtain information.

We evaluated the EPA’s internal control during the FY 2019 and FY 2018 (restated) consolidated financial statement audit that we conducted. We may perform additional tests of controls and accounts of the EPA’s TSCA Service Fee Fund financial statements. In making our risk assessments, we consider internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, not to express an opinion on the effectiveness of the entity’s internal control. However, we will communicate in writing about any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identified during the audit.

We respectfully note that the OIG is authorized by the Inspector General Act of 1978, as amended, to have timely access to personnel and all materials necessary to complete its objectives. We will request that you immediately resolve the situation if an Agency employee or contractor refuses to provide requested materials to the OIG or otherwise fails to cooperate with the OIG. We may report unresolved access matters to the administrator and include the incident in the Semiannual Report to Congress.

We will post this memorandum on our public website at www.epa.gov/oig. I will supervise the audit, and the project manager will be Wanda Arrington. Any information related to this audit should be addressed to Wanda Arrington or me.

Audit Expectations

We will audit the balance sheet of the EPA’s TSCA Service Fee Fund as of September 30, 2019, and September 30, 2018; the related statements of net cost, changes in net position, and budgetary resources for the years then ended; and related notes to the financial statements. We confirm our acceptance and our understanding of this audit engagement by means of this memorandum. Our audit will be conducted with the objective of our expressing an opinion on the financial statements and to determine whether:

1. The financial statements are fairly presented in all material respects in accordance with generally accepted accounting principles.

2. The EPA’s internal control structure over financial reporting related to the financial statements is in place and provides reasonable assurances that:
   a. Financial transactions are executed in compliance with applicable laws, regulations, contracts, and grant agreements.
   b. Assets are safeguarded against loss from unauthorized acquisition, use, or disposition.
   c. Transactions are properly recorded, processed, and summarized to permit the preparation of reliable financial statements.

3. The Agency has complied with laws and regulations that would have a direct and material effect on the financial statements.

5. The information and manner of presentation contained in the Management’s Discussion and Analysis, and any other accompanying information, are materially consistent with the information contained in the principal statements.

The Frank R. Lautenberg Chemical Safety for the 21st Century Act requires that the annual audit of the financial statements also include:

1. An analysis of the fees collected and amounts disbursed.
2. The reasonableness of the fees in place as of the date of the audit to meet current and projected costs of administering the provisions of the law.
3. The number of requests for a risk evaluation made by manufacturers.

Auditor’s Responsibilities

We will conduct our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in the Government Auditing Standards issued by the comptroller general of the United States; and Office of Management and Budget Bulletin 19-03, Audit Requirements for Federal Financial Statements. The standards require that we plan and perform
our audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures that are selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with the standards.

In making our risk assessments, we consider internal control relevant to the EPA’s preparation and fair presentation of the financial statements, including its Federal Managers’ Financial Integrity Act of 1982 process to design audit procedures that are appropriate in the circumstances. We will not express an opinion on the effectiveness of the EPA’s internal control. We will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

**Management's Responsibilities**

The financial statements are the responsibility of the EPA’s management. Our audit will be conducted on the basis that the EPA’s management acknowledges and understands that it has responsibility:

1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States.
2. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.
3. To provide the OIG with:
   a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
   b. Additional information that we may request from management for the purpose of the audit.
   c. Unrestricted access to persons within the EPA from whom we determine it necessary to obtain audit evidence.
4. For the selection and application of the accounting policies.
5. To identify and ensure that the EPA complies with the laws, regulations, contracts, and grant agreements applicable to its activities.
6. To make sure all financial records and related information are available to us in a timely manner.

We will request that key senior managers provide us with a management representation letter at the conclusion of our fieldwork.

Reporting

We will issue a written report upon completion of our audit of the EPA’s FY 2019 TSCA Service Fee Fund financial statements in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the comptroller general of the United States; and Office of Management and Budget Bulletin 19-03, *Audit Requirements for Federal Financial Statements*.

Our report will be addressed to EPA management. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add an emphasis-of-matter or other-matter paragraph(s).

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements of our audit of the EPA’s FY 2019 TSCA Service Fee Fund financial statements including our respective responsibilities.

______________________________  ______________________________
David Bloom                                                                   Date
Deputy Chief Financial Officer
List of Deliverables

Information Needed from the Office of the Chief Financial Officer:

1. FY 2019 TSCA Service Fee Fund financial statements and footnotes with supporting documentation, including Management’s Discussion and Analysis (draft and final).
2. Methodology for the computation of income and expenses from other appropriations.
3. Methodology for the computation of accruals and unfunded annual leave for employees.
4. Overview of the TSCA Service Fee Fund collection process.
5. Management representation letter.

Information Needed from the Office of Chemical Safety and Pollution Prevention:

6. List of programs and financial databases and other resources used to implement and maintain the TSCA Service Fee Fund.
7. List of new contracts, interagency agreements, and grants entered into as part of implementing and maintaining the TSCA Service Fee Fund, as well as supporting documentation.
8. Statement of Work, under existing contracts, for any new task orders or work assignments entered during FY 2019.
9. Management-identified internal controls over the TSCA Service Fee Fund.
10. List of all employees working on the implementation and maintenance of the TSCA Service Fee Fund during FY 2019. This should include all employees from any office that charged the TSCA Service Fee Fund during FY 2019.
11. List of disbursements (all costs incurred) for the implementation and maintenance of the TSCA Service Fee Fund using other appropriated funds (excluding the BT fund code) during FY 2019, including the purpose of use and source of funding.
13. Fee structure in place in FY 2019 and the methodology for determining fee rates.
16. All TSCA Service Fee Fund biennial reports (required by the Frank R. Lautenberg Chemical Safety for the 21st Century Act) prepared and submitted to Congress during FY 2019.

Note: This is not an all-inclusive list. Additional documentation may be requested during the audit, as needed.
