

Manufacturer: Cin-Made Corporation
Model: Friction Fit Plug
ASTM Type: IIIG

Description:

This package consists of a fiberboard container, two metal ends, and a metal friction fit plug (Figure 1). The metal rim with the white fiberboard container below it and the metal friction fit plug to the left of it are shown in Figure 2. The metal friction fit plug snaps into the metal rim on the top end of the container. The package is opened by using a tool to pry the plug out of the top of the container.

There are no manufacturer's instructions on the closure.
