

Manufacturer: MeadWestvaco (MWV): Slatersville, LLC
Model: PS355 (ToggLoc)
ASTM Type: IIID (1)

Description:

This is a one piece plastic snap closure with a dispensing spout (Figure 1A). The PS 355 is a black closure with a yellow spout as shown in Figure 1B.

Figure 1A

Figure 1B

This closure can be fitted to either bottles or tubes. The snap closure is permanently attached to the container by three lips inside the closure and vertical lines inside the closure fitting onto the container (see Figure 2, lips highlighted in silver for clarity).

Figure 2

The closure is opened by pushing down on a groove between horizontal lines at the back of the spout (see Figure 3) and then lifting the spout up. The closure is closed by pushing the spout down. The PS355 has horizontal lines on the spout only (Figures 4A and 4B).

Figure 3

The manufacturer's instructions on the closure are (see Figure 4A and diagram in 4B) :
"PUSH"
(two arrows at 45° are pointing at each side of the grooved spout).
