

Manufacturer: Stull Technologies
Model: Pry Open Closure
ASTM Type: III D(3)

Description:

This is a one-piece plastic snap closure with a captive hinge (Figure 1). The closure is opened by prying up the cover for the dispensing spout. The cover has a slight indentation at the location where it is pried up. The dispensing spout has three holes. (See arrow pointing to the dispensing spout on the right in Figure 1).

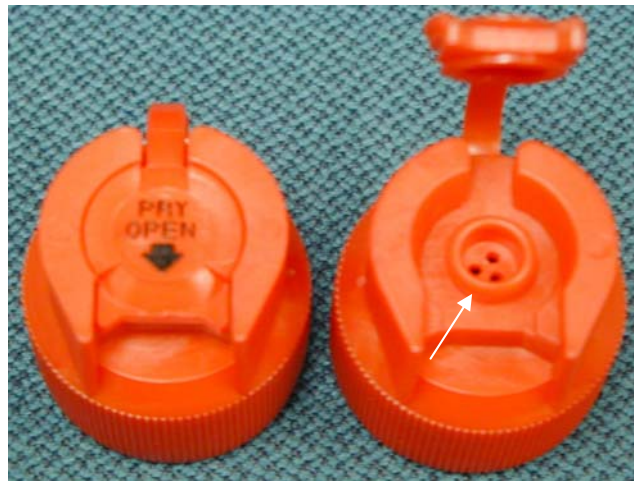

Figure 1

The snap closure is permanently attached to the container by continuous threads and ratchets on the closure that engage matching ratchets on the container. (See arrow to ratchets on the closure in Figure 2).

Figure 2

The manufacturer's instructions on the closure are below (Figure 3):
