## Alternative Language Notice Instructions

For certain permit applications, public notice in an alternate (anguage is required. If an elementary school or middle school nearest to the facility offers a bilingual program, notice may be required to be published in an alternative language. The Texas Education Code, upon which the TCEQ alternative language notice requirements are based, trigger a bilingual education program to apply to an entire school district should the requisite alternative language speaking student population exist. However, there may not exist any bilingual students at a particular school within a district which is required to offer the bilingual education program. For this reason, the requirement to publish notice in an alternative language is triggered if the nearest elementary or middle school, as a part of a larger school district, is required to make a bilingual education program available to qualifying students and either the school has students enrolled at such a program on-site, or has students who attend such a program at another location in satisfaction of the school's obligation to provide such a program as a member of a triggered district.

If it is determined that an alternative language notice is required, the applicant is responsible for ensuring that the publication in the alternate language is complete and accurate in that language. Electronic versions of the Spanish template examples are available from the TCEQ to help the applicant complete the publication in the alternative language.

Alternative language notice confirmation for this application: 1. Is a bilingual program required by the Texas Education Code in the school district where the facility is located? ☑ YES □ NO (If NO, alternative language notice publication not required) If YES to question 1, are students enrolled in a bilingual education program at either the 2. elementary school or the middle school nearest to the facility? ✓ YES ☐NO (IF YES to questions 1 and 2, alternative language publication is required; If NO to question 2, then consider the next question) If YES to question 1, are there students enrolled at either the elementary school or the middle school nearest to the facility who attend a bilingual education program at another location? YES NO (If Yes to questions 1 and 3, alternative language publication is required; If NO to question 3, then consider the next question) If YES to question 1, would either the elementary school or the middle school nearest to 4. the facility be required to provide a bilingual education program but for the fact that it secured a waiver from this requirement, as available under 19 TAC +89.1205(g)? ☐ YES ☐ NO (If Yes to questions 1 and 4, alternative language publication is required; If NO to question 4, alternative language notice publication not required) If a bilingual education program(s) is provided by either the elementary school or the middle school nearest to the facility, which language(s) is required by the bilingual program? Spanish Note: Applicants for new permits and major amendments must make a copy of the administratively complete application available at a public place in the county where the facility is, or will be, located for review and copying by the public. Public place where administratively complete permit application will be located. Public Place (e.g., public library, county | Waller County Library court house, city hail, etc.): Mailing Address: 2331 11th St. (City) (County)( State)( Zip Code); Hempstead Waller TX 77445 (Area Code) Telephone Number: 979-826-7658 Except for Type I AE and Type IV AE landfill facilities, for permits, registrations, amendments, and modifications requiring public notice, provide the URL address of a publicly accessible internet web site where the application and all revisions to that application will be posted. http://www.biggsandmathews.com/permits.php

### C. Maps

Albuquerque, NM

The maps referenced are provided in Parts I and II of this permit amendment application. The drawings depicting the information requested are referenced below.

☑ Galveston, TX

Tulsa, OK

☐ Ft. Worth, TX

## General

For permits, registrations, and amendments only, submit a topographic map, ownership map, county highway map, or a map prepared by a registered professional engineer or a registered surveyor which shows the facility and each of its intake and discharge structures and any other structure or location regarding the regulated facility and associated activities. Maps must be of material suitable for a permanent record, and shall be on sheets 8-1/2 inches by 14 inches or folded to that size, and shall be on a scale of not less than one inch equals one mile. The map shall depict the approximate boundaries of the tract of land owned or to be used by the applicant and shall extend at least one mile beyond the tract boundaries sufficient to show the following:

each well, spring, and surface water body or other water in the state within the map area; (See Part I, Appendix IA, Drawing IA.3 – General Topographic Map and Part II, Appendix IIA, Drawing IIA.2 – General Topographic Map and Drawing IIA.3 – Land Use Map.)

the general character of the areas adjacent to the facility, including public roads, towns and the nature of development of adjacent lands such as residential, commercial, agricultural, recreational, undeveloped, etc; (See Part I, Appendix IA, Drawing IA.3 – General Topographic Map and Part II. Appendix IIA. Drawing IIA.2 – General Topography and IIA.3 – Land Use Map)

the location of any waste disposal activities conducted on the tract not included in the application; (See Part 1, Appendix IA, Drawing IA.3 – General Topographic Map) and

Local Government Official - County:

Name:	Hon. Glenn Beckendorff
Title:	County Judge of Waller County
Address:	836 Austin Street, Suite 203
(City) (County)( State)( Zip Code):	Hempstead Waller TX 77445

Local Government Official - City:

Name:	Hon. Michael S. Wolfe, Sr.
Title:	Mayor of the City of Hempstead
Address:	1125 Austin Street
(City) (County)( State)( Zlp Code):	Hempstead Waller TX 77445

## Local Government Official - Health:

There is no health authority or health department for Waller County.

There is no health authority or health department for the City of Hempstead.

the ownership of tracts of land adjacent to the facility and within a reasonable distance from the proposed point or points of discharge, deposit, injection, or other place of disposal or activity. (See Part I, Appendix IB, Drawing IB.1 – Land Ownership Map)

General location maps (See Part I, Appendix IA, Drawing IA.1 – General Highway Map and Drawing IA.2 – Detailed Highway Map).

For permits, registrations, and amendments only, submit at least one general location map at a scale of one-half inch equals one mile. This map shall be all or a portion of a county map prepared by Texas Department of Transportation (TxDOT). If TxDOT publishes more detailed maps of the proposed facility area, the more detailed maps shall also be included in Part I. Use the latest revision of all maps.

## Land ownership map (See Part I, Appendix IB, Drawing IB.1 - Land Ownership Map)

Provide a map that locates the property owned by adjacent and potentially affected landowners. The maps should show all property ownership within 1/4 mile of the facility, on-site facility easement holders, and all mineral interest ownership under the facility.

## Landowners list (See Part I, Appendix IB, page IB-1)

Provide the adjacent and potentially affected landowners' list, keyed to the land ownership map with each property owner's name and mailing address. The list shall include all property owners within 1/4 mile of the facility, easement holders, and all mineral interest ownership under the facility. Provide the property, easement holders', and mineral interest owners' names and mailing addresses derived from the real property appraisal records as listed on the date that the application is filed. Provide the list in electronic form, as well.

## D. Property owner information

For permits, registrations, amendments, and modifications that change the legal description, a change in owner, or a change in operator only, provide the following:

- (1) the legal description of the facility; (See Part I, Appendix IC Legal Description)
  - the abstract number as maintained by the Texas General Land Office for the surveyed tract of land;
  - (B) the legal description of the property and the county, book, and page number or other generally accepted identifying reference of the current ownership record;
  - (C) for property that is platted, the county, book, and page number or other generally accepted identifying reference of the final plat record that includes the acreage encompassed in the application and a copy of the final plat, in addition to a written legal description;
  - (D) a boundary metes and bounds description of the facility signed and sealed by a registered professional land surveyor;
  - (E) on-site easements at the facility, and
  - (F) drawings of the boundary metes and bounds description; and
- (2) a property owner affidavit signed by the owner. (See page 9 of this form)

## E. Legal authority

Provide verification of the legal status of the owner and operator, such as a one-page certificate of incorporation issued by the secretary of state. List all persons having over a 20% ownership in the proposed facility. (See Part I, Section 5 and Appendix ID – Legal Authority)

For mobile liquid waste processing units, submit a list of all solid waste, liquid waste, or mobile waste units that the owner and operator have owned or operated within the past five years. Submit a list of any final enforcement orders, court judgments, consent decrees, and criminal convictions of this state and the federal government within the last five years relating to compliance with applicable legal requirements relating to the handling of solid or liquid waste under the jurisdiction of the commission or the United States Environmental Protection Agency. Applicable legal requirement means an environmental law, regulation, permit, order, consent decree, or other requirement.

	Texas and federal final enforcement orders, court judgments, consent decrees, and criminal convictions
Not Applicable	

## G. Appointments

Provide documentation that the person signing the application meets the requirements of 30 TAC §305.44, Signatories to Applications. If the authority has been delegated, provide a copy of the document issued by the governing body of the owner or operator authorizing the person that signed the application to act as agent for the owner or operator. (See Part I, Section 7 – Appointments)

## H. Application Fees

For a new permit, registration, amendment, modification, or temporary authorization, submit a \$150 application fee. (See Part I, Section 8 – Application Fees)

For authorization to construct an enclosed structure over an old, closed municipal solid waste landfill in accordance with 30 TAC 330 Subchapter T, submit a \$2,500 application fee.

If paying by check, send payment to:

Texas Commission on Environmental Quality Financial Administration Division, MC 214 P. O. Box 13087 Austin, Texas 78711-3087

Payment may be made online using TCEQ	e-pay at www.tceq.state.tx,us/e-services/
E-pay confirmation number	582EA000101446

Pintail Landfill. LLC intends to develop Pintail Park and Landfill on the east side of State Highway 6, approximately 1 mile north of US Highway 290 in northern Waller County. This project is planned to include an industrial park, a municipal solid waste landfill facility, a green waste composting facility, and a construction and demolition (C&D) waste processing and recycling operation. A permit application for the Pintail Landfill (Proposed Permit No. MSW-2377) has been filed with TCEQ and is currently pending. Requests for authorizations to operate the composting and C&D facilities in conjunction with the Pintail Landfill will be submitted. However, in order to meet expected demand and to initiate a market for incoming C&D waste materials, Pintail Landfill, LLC expects to begin a C&D waste recycling and transfer operation prior to commencement of landfill operations. This registration application is being submitted to obtain authorization for this initial phase C&D waste recycling and transfer operation to be conducted on the same site on which the Pintail Landfill will eventually be developed. It is anticipated that the C&D waste recycling and transfer facility will operate for no more than five years pursuant to this registration and that subsequent C&D waste processing and recycling will be conducted under further authorizations.

Pintail Landfill, LLC intends to register and operate a Type V municipal solid waste transfer station in northwest Waller County off State Highway 6. The Pintail Landfill Transfer Station will be a Type V municipal solid waste transfer facility that will accept only construction and demolition wastes. The site entrance will be located about 1 mile north of the intersection of State Highway 6 and US Highway 290 off of Wendt Road, on the east side of State Highway 6. The proposed facility is intended to provide transfer and recycling capabilities for construction and demolition waste for the City of Hempstead, Waller County, and the surrounding areas. The facility will be designed to protect the health and safety of the people in the region.

This application has been prepared consistent with 30 TAC Chapter 330 Municipal Solid Waste Management Regulations (MSWMR) adopted by the Texas Commission on Environmental Quality (TCEQ), effective March 27, 2006 and May 29, 2008.

It is intended that this registration be processed in accordance with §330.9(b)(3), which allows for a transfer station facility to be registered if the facility will transfer 125 tons per day or less. The proposed Pintail Landfill Transfer Station will transfer less than 125 tons per day.

Part I of this registration application contains information about the site and the applicant as required in 30 TAC §§281.5, 305.45, and 330.59. Part II of the registration application describes the existing conditions and character of the facility and surrounding area as required in §330.61. Part III of the registration application presents engineering information, detailed investigative reports, the schematic designs of the facility, and the required plans as required in §330.63. Part IV of the registration

application contains the Site Operating Plan, which includes specific information regarding the daily operations of the site, as required in §330.65.

## 1.1 Site History

Pintail Landfill, LLC has entered into an agreement with Merango Family Properties, Ltd. for the purchase of a tract of land consisting of 723.077 (approximately 723) acres. Pintail Landfill, LLC will locate the proposed Pintail Landfill Transfer Station consisting of a registration boundary of approximately 434 acres within this tract of land. Refer to Drawing IA.6 – General Site Plan for the property boundary and permit boundary. The overall property consists of gently undulating grasslands with limited forest cover. The property generally slopes to the south and southeast to three unnamed tributaries of Clear Creek. These tributaries are located in the west, central, and east portions of the property. Clear Creek is located approximately 150 feet southeast of the site, and generally flows in a north to south direction.

Merango Family Properties, Ltd. purchased the land in 2005 and has since used the property as ranchland for grazing cattle. The property has been historically used as ranchland dating back at least to the mid-1950s. No waste disposal activities have occurred on the site and no permitting or construction permit approvals have been received or applied for.

## 1.2 Supplementary Technical Report

The proposed Pintail Landfill Transfer Station registration boundary will encompass about 434 acres out of the approximately 723-acre property boundary. An industrial park will be located along the State Highway 6 frontage to the property and will be home to local businesses. Pintail Landfill, LLC intends to donate land for an area volunteer fire station on the property outside the permit boundary. The proposed transfer station facility boundary coincides with the permit boundary of the proposed Pintail Landfill,

It is estimated that the transfer station will receive about 14,300 tons of waste (approximately 50 tons per day) in the initial year following construction of the facility. The waste acceptance rate will vary over the life of the facility depending on market conditions. The maximum rate of waste disposal is expected to be approximately 27,000 tons per year (approximately 94 tons per day). The waste acceptance rate per day is based on the facility being authorized to accept waste six days per week.

The classification of solid waste to be accepted at the Pintail Landfill Transfer Station is construction and demolition wastes.

The Pintail Landfill Transfer Station will not accept municipal solid waste, special waste, or industrial wastes. The waste classifications are defined in §330.3.

Consistent with §330.15, the facility will not accept lead acid storage batteries; used motor vehicle oil; used oil filters; whole used or scrap tires; refrigerators, freezers, air

conditioners or other items containing chlorinated fluorocarbons (CFC); bulk or noncontainerized liquid waste from nonhousehold sources; regulated hazardous waste; polychlorinated biphenyls (PCB) waste; radioactive materials; or other wastes prohibited by TCEQ regulations.

30 TAC §330.59(b)(1)-(3)

## 2.1 Location Description

The Pintail Landfill Transfer Station is a proposed Type V Transfer Station to be located in northwest Waller County, Texas. The proposed transfer station registration boundary coincides with the permit boundary of the proposed Pintail Landfill. The proposed Pintail Landfill Transfer Station location is approximately one mile north of the intersection of State Highway 6 and US Highway 290, east of State Highway 6. The nearest community is the City of Hempstead, which is centered about 2½ miles to the south. The proposed transfer station location is inside the extraterritorial jurisdiction of the City of Hempstead and outside the City of Hempstead city limits.

The U.S. Postal Service address for the proposed facility location is 24644 Highway 6, Hempstead, Texas, 77445.

## 2.2 Access Routes

The entrance to the Pintail Landfill Transfer Station site is located on Wendt Road. Wendt Road connects to State Highway 6, approximately 1 mile north of the intersection of State Highway 6 and US Highway 290. State Highway 6 is the primary north-south regional access route. The primary east-west regional access routes for the facility will be provided by US Highway 290.

Refer to Part II, Section 9 – Transportation for more detailed transportation information. Refer to Drawing IA.1 – General Highway Map – Waller County for the location of the facility in relation to the surrounding roads.

## 2.3 Geographic Coordinates

The latitudinal and longitudinal geographic coordinates of the facility are:

Latitude: N 30°08'03" Longitude: W 96°03'40"

## 3.1 General Location Maps

The following maps, collectively as a group, comply with the rule requirements of §330.59(c)(1)-(2) and §305.45. Drawing IA.4 depicts the information required by 30 TAC §305.45(a)(6)(A). These general location maps are included in Appendix IA – General Location Maps.

- Drawing IA.1 General Highway Map Waller County
- Drawing IA.2 Detailed Highway Map Waller County (Texas Department of Transportation, General Highway Map for Waller County, Texas)
- Drawing IA.3 General Topographic Map (USGS General Topographic Map for the Howth and Hempstead, Texas Quadrants)
- Drawing IA.4 Water Wells and Springs Within One-Mile Radius
- Drawing IA.5 Aerial Photograph
- Drawing IA.6 General Site Plan

## 3.2 Land Ownership Map and Land Owners List

A Land Ownership Map and Land Owners List are included in Appendix IB, and reflect current property ownership within a 1/4-mile radius of the proposed facility boundary and mineral interest ownership beneath the facility property, as shown in records of the Waller County Appraisal District, and holders of on-site easements. The map and list meet the requirements of 30 TAC §305.45(a), §330.59(c)(3), and §281.5. The list is also provided in electronic format on the enclosed CD per the requirements of 30 TAC §330.59(c)(3)(B).

## 4 PROPERTY OWNER INFORMATION

30 TAC §330.59(d)(1)-(2); 330.61(c)(10)

## 4.1 Legal Description

The legal description for the facility property boundary and the Waller County Clerk's file number are included in Appendix IC. The metes and bounds description of the proposed facility boundary and a drawing of that description are included in Appendix IC, Drawing IC.1 — Facility Boundary Map. The proposed transfer station registration boundary coincides with the proposed Pintail Landfill permit boundary.

## 4.2 Drainage, Pipeline, and Utility Easements

There are three utility easements on the site. A 15-foot-wide easement granted to San Bernard Electric Cooperative, Inc., and a 50-foot-wide easement granted to Gulf States Utility Company (now Entergy Texas, Inc.) cross the future site entrance area near State Highway 6. A 12-foot-wide easement granted to Gulf States Utility Company enters the site from the west near State Highway 6 south of the future site entrance area. The locations of these easements are shown on Drawing IIA.8 – General Site Plan. There are no drainage or pipeline easements on or adjacent to the site.

## 4.3 Property Owner Affidavit

The property owner affidavit for this registration application found on page 9 of the Part I Form meets the requirements of §330.59(d)(2).

## 5 **LEGAL AUTHORITY**

30 TAC §330.59(e)

The legal authority and status of the applicant has been verified as required by §330,59(e) and §281.5 and is included in Appendix ID – Legal Authority. Pintail Landfill, LLC will own and operate the Pintail Landfill Transfer Station. The current owner of the site is Marengo Family Properties, Ltd. No other person or entity owns more than 20 percent of the facility.

## EVIDENCE OF COMPETENCY

6

30 TAC §330.59(f)(1)-(6)

The evidence of competency for this registration applicant follows and meets the requirements of §330.59(f).

Pintail Landfill, LLC, a Texas limited liability company, will own and operate the registered Type V Transfer Station. Pintail Landfill, LLC does not own or operate other landfill or transfer facilities in Texas.

Pintail Landfill, LLC has no financial interests outside the state of Texas.

## 6.1 Management and Personnel

Consistent with §330.59(f)(4), the names of the Pintail Landfill, LLC principals and supervisors are provided below along with previous affiliations with other organizations engaged in solid waste activities.

Ernest Kaufmann — Mr. Kaufmann has spent the last 20 years as a solid waste professional, including as an elected member of the City of Huntsville, Alabama City Council, and as an executive and manager with BFI. Mr. Kaufmann has led groups of professionals in permitting and developing environmental infrastructure projects in the southern United States. These projects have included MSW landfills, stream mitigation banks, water distribution, sanitary sewage facilities, and industrial parks. Mr. Kaufmann is now President of Green Group Holdings, LLC, a development company focusing on solid waste landfills and the manager of Pintail Landfill, LLC. Mr. Kaufmann has participated in numerous waste industry groups including SWANA and NSWMA.

Oscar Allen — Mr. Allen has worked for 30 years in both the power and waste management fields. After starting as an engineer in the nuclear energy field, he moved to coal fired generation and then on to the Waste to Energy business where he was an engineer and executive for over 15 years. Mr. Allen has permitted and operated numerous waste to energy facilities around the United States with Covanta. Operation of these facilities included overseeing the residuals and bypass landfills associated with each. Mr. Allen joined Green Group Holdings, LLC in 2010 as Executive Vice President.

## Transfer Station Manager

The transfer station manager, at a minimum, will have experience in waste management operations, and will have a minimum of one year of operational experience. The manager will have and maintain a MSW Facility Class A license as a municipal solid waste facility supervisor in accordance with 30 TAC, Chapter 30, Subchapter F: Municipal Solid Waste Facility Supervisors.

The aforementioned staff will provide oversight and training for employees at the facility. Individual experience of on-site operators will be provided to the TCEQ officials upon request.

## 6.2 Equipment Dedicated to the Pintail Landfill Transfer Station

Sufficient equipment will be provided to conduct site operations in accordance with the transfer station design and registration conditions. The equipment requirements for this facility will be based on anticipated solid waste volume and field conditions consistent with §330.127(2).

## 7 APPOINTMENTS

30 TAC §330.59(g)

The appointments prepared for this registration application meet the requirements of §330.59(g) and §305.44. The Engineer's Appointment is provided on the following page.

## 7.1 Engineer's Appointment

NOTICE OF APPOINTMENT Engineer's Appointment

Mr. Mark R. Vickery, P.G. Executive Director Texas Commission on Environmental Quality P.O. Box 13087 Austin, Texas 78711-3087

Dear Mr. Vickery:

This is to advise you that officials at Pintail Landfill. LLC have duly appointed Biggs and Mathews Environmental, Inc., as consulting and designing engineers for the purpose of submitting engineering reports and planning material for a permit application for the Pintail Landfill Transfer Station.

Biggs and Mathews Environmental, Inc., is an engineering firm employing professional engineers in good standing in accordance with State statutes, and the firm has experience in the design and construction of similar facilities. Kenneth J. Welch, P.E., Principal, with Biggs and Mathews Environmental, Inc., is Engineer of Record for this permit application. He is registered in the state of Texas and has more than 25 years of experience in engineering.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

We herewith authorize you to review and comment on such reports, planning material, and data on this proposed project as Biggs and Mathews Environmental, Inc., may submit to you.

ATTEST:

Creed Confidency
Ernest Kaußmann,
President, Green Group Holdings, LLC,
Manager of Pintail Landfill, LLC

SWORN TO AND SUBSCRIBED BEFORE ME by Most Kaufnn on this day

of Alighat, 2011, which wilness my hand and seal of office.

ROSEMARY BESERRA
Notary Public, State of Texas
