

U.S. Environmental Protection Agency
CHILDREN'S HEALTH PROTECTION ADVISORY COMMITTEE
RESOLVE
1255 – 23rd Street, NW
Washington, DC 20037

June 20-21, 2006

Draft Agenda

Desired Outcomes:

- *Learn about new and ongoing children's health protection activities at EPA, including follow up to recent comment letters;*
- *Learn about effort to develop a best practices document on human subjects testing by EPA's National Exposure Research Lab, and discuss opportunities to contribute;*
- *Discuss and reach agreement on Voluntary Children's Chemical Evaluation Program comment letter*
- *Continue the discussion of more holistic approaches to protect children from adverse health effects of chemicals with a focus on body burden, including what changes in public policy might be effective, what the right questions are to ask, what public and private actions would be most useful, and what the definition and possible contribution might be of "green chemistry."*
- *Decide next steps.*
