

U.S. Environmental Protection Agency
CHILDREN'S HEALTH PROTECTION ADVISORY COMMITTEE
Westin City Center, 1400 M Street, NW Washington D.C.
Open to the public – No registration required
Call-In Number: 866-299-3188 Code: 7510672219#
Final Agenda for December 2-3, 2010

THURSDAY, DECEMBER 2

- 8:00** Coffee Available in Meeting Room
- 8:30-8:45** Review Meeting Agenda and Introductions – Pam Shubat, Chair
- 8:45-9:15** Office of Children's Health Protection Highlights - Peter Grevatt, OCHP
- 9:15-10:15** **SAFE CHEMICALS MANAGEMENT AND CHILDREN'S HEALTH**
Purpose: To explore aspects of chemicals management about which EPA is requesting CHPAC input.
Outcomes:
1) CHPAC members are informed about the Agency's children's health focus within TSCA, Design for the Environment, and the Pesticides program.
2) CHPAC members have informally shared their insights about how EPA can most effectively promote the children's health agenda within each of these areas.
3) EPA identifies next steps for the CHPAC in support of EPA on chemicals management.
- 9:15 – 9:30 Introduction – Peter Grevatt
- 9:30 – 10:00 TSCA and Children's Health – Barbara Cunningham, OCSPP
- 10:00-10:15 Q and A
- 10:15-10:30** Break
- 10:30-12:00** Safe Chemicals Management and Children's Health (continued)
- 10:30 – 10:50 Design for the Environment – Clive Davies, OCSPP
- 10:50 – 11:00 Q and A
- 11:00 - 11:20 Pesticides and Children's Health – Bill Diamond, OCSPP
- 11:20 – 11:30 Q and A
- 11:30 - 11:50 CHPAC Discussion
- 11:50 – 12:00 Next Steps – Peter Grevatt
- 12:00-1:15** LUNCH (ON YOUR OWN)
- 1:15-2:45** **RISK ASSESSMENT POLICY TO PROTECT CHILDREN'S HEALTH**
Purpose: The session will provide background on key risk assessment issues about which EPA is requesting CHPAC input.
Outcomes:
1) CHPAC members understand key elements of recent developments in risk assessment, including concepts from the NRC report, *Science and Decisions: Advancing Risk Assessment*.
2) CHPAC members are familiar with what issues EPA addressed in the risk assessment colloquium and will share ideas for EPA staff to consider as they move forward.
3) CHPAC members have an understanding of "Next-Generation" risk assessment directions.
4) CHPAC members have input about next steps for the group to take in supporting EPA on Risk Assessment issues.
- 1:15 - 1:25 Overview of CHPAC and Risk Assessment – Pam Shubat and Gary Ginsberg
- 1:25 - 1:45 Unified Dose Response – Adam Finkel
- 1:45 - 1:55 Q and A

	1:55 - 2:15	Use of Defaults - Gary Ginsberg
	2:15 – 2:25	Q and A
	2:25 – 2:45	CHPAC Discussion
2:45 - 3:00		Break
3:00 - 4:30		Risk Assessment and Children’s Health (continued)
	3:00 – 3:20	RAF’s Risk Assessment Colloquium and Children’s Health – Ed Ohanian, OW
	3:20 – 3:30	Q and A
	3:30 – 3:50	NexGen and Moving Forward – Brenda Foos, OCHP and Martha Sandy
	3:50 – 4:00	Q and A
	4:00 – 4:30	CHPAC Discussion of Next Steps on Risk Assessment
4:30		PUBLIC COMMENT
5:00		ADJOURN

FRIDAY, DECEMBER 3

8:30		Coffee available in meeting room
9:00-9:05		Check in and Agenda Review
9:05 – 10:30		SCHOOLS
		Purpose: To update CHPAC on school siting guideline progress and to gather initial informal input from the CHPAC on important issues to address in the guidelines for state school environmental programs.
		Outcomes:
		1) CHPAC members have insight into the current status of the school siting guidelines, with particular attention to how the issues raised in the CHPAC’s letter to the administrator were addressed.
		2) EPA will hear informal input from the CHPAC on EPA plans to develop the State school environmental health guidelines.
	9:05-9:45	School Siting Guidelines (EISA Section 502) – Bob Axelrad, OAR
	9:45-10:30	State Environmental Health Guidelines (EISA Section 504) – Kara Belle, OCHP
10:30-10:45		Break
10:45 – 12:10		WORK GROUP REPORTS
		Purpose: To inform the CHPAC members about recent activities and future directions for the three standing work groups, and to solicit input from the full CHPAC.
		Outcomes:
		1) CHPAC members are up to date on the progress and direction of the three work groups.
		2) Work groups have insights from the full CHPAC about the issues discussed.
	10:45-11:30	Update from Prenatal Workgroup
	11:30-11:45	Update from ACE Workgroup
	11:45-12:10	Update from Indoor Environments Workgroup
12:10-12:30		Next Steps – Pam Shubat and Peter Grevatt
12:30		ADJOURN
