PURPOSE AND OUTCOMES OF SESSIONS

CHEMICALS PRIORITIZATION

Purpose: To develop chemicals prioritization recommendations for the Administrator.

Outcomes: CHPAC members will reach consensus on next steps for a chemicals prioritization letter to the Administrator.

ASTHMA DISPARITIES

Purpose: To develop asthma disparities recommendations for the Administrator.

Outcomes: CHPAC members will reach consensus on next steps for an asthma disparities letter to the Administrator.

BREAKOUT GROUPS

Purpose: To discuss state school environmental health guidelines and the Design for the Environment program.

Outcomes: CHPAC members will discuss and share initial insights about how EPA can most effectively promote the children's health protection in these areas.

SUSTAINABILITY AND CHILDREN'S HEALTH

Purpose: To inform CHPAC members about EPA's sustainability efforts and to hear CHPAC members' thoughts about ways EPA can most effectively support children's health through these efforts.

Outcomes: CHPAC members will be informed about EPA's sustainability efforts. CHPAC members will discuss how EPA can most effectively promote the children's health agenda as part of its sustainability efforts.
