A Nurtured World	Project will target significant aspects of the City of Dallas including air pollution, water supply and water quality. Nurtured World will work with citizens, businesses and organizations to learn about their environmental impacts and identify ways to address them. Nurtured World will conduct site visit training for Region 6 Pollution prevention providers.	X9-96656601			56.41	352.00	143,997.00	\$16,879.60	70,280,376.00	
A Nurtured World	This project will assist in providing education for consumers and leadership groups to reduce consumer environmental impacts – particularly air quality impacts. New methods will be developed and demonstrated to measure the effects of consumer-focused programs in ways that would be acceptable for use in a State Implementation Plan (SIP) or similar agreement.	X9-96685601-0			-	43,094.00	135,270.00	\$17,534.00	62,797,860.00	
A Nurtured World	New grant no data this year in FY 11. A Nurtured World will provide pollution prevention capacity building for two under-served communities (New Orleans, LA, and Pasadena, TX) utilizing (1) Home Efficiency Programs for low income homes, (2) Pollution Prevention technical assessments for industrial facilities, (3) Consumer and organization pollution prevention workshops addressing consumer and industrial impacts and develop Pollution Prevention capacity and (4) Development of a Community P2 Plan.
