Re: EPA Acceptance of Technical Memorandum on *Technical Approach for Phase 2 CO<sub>2</sub> Sparging (Revision 1)* dated September 11, 2014  
LCP Chemicals Superfund Site OU2 CBP, Brunswick, Glynn County, GA

Dear Mr. Gupta:

The purpose of this letter is to convey EPA acceptance of your Technical Memorandum dated September 11, 2014 presenting the approach to field work planned for Phase 2 (i.e., Year-2) of the CO<sub>2</sub> sparging for treatment of the caustic brine pool.

The EPA and Georgia Environmental Protection Division (GaEPD) have reviewed previous versions of the document and all comments have been adequately addressed. The document is acceptable as presented.

Sincerely,

A handwritten signature in black ink that reads "Jan B. Rogers".
