

MEMORANDUM

TO: Docket EPA-HQ-OAR-2012-0918

FROM: Rynda Kay, U.S. EPA, Region IX

DATE: October 27, 2014

SUBJECT: Typographical Error in July 10, 2014 Letter from Jared Blumenfeld, U.S. EPA Region IX, to Mr. Nolan Hirai, Hawaii Department of Health

This memorandum is to correct a minor typographical error in a letter from Jared Blumenfeld, U.S. Environmental Protection Agency, Region IX, to Mr. Nolan Hirai, Hawaii Department of Health (HDOH) dated July 10, 2014. This letter provided EPA's concurrence on 2012 annual PM_{2.5} National Ambient Air Quality Standard (NAAQS) volcanic exceptional events monitored at HDOH's Kona monitoring station (AQS ID: 15-001-1012) in 2011 – 2013. The letter incorrectly lists the number of days in 2013 which EPA has concurred upon as being affected by exceptional events. The letter states, "Specifically, these documents address 2 days in 2011, 200 days in 2012, and 66 days in 2013 as listed in Table A-1 of the enclosed document *EPA Review of HDOH's 'Documentation for Natural Events Excluded Data, Kona Air Monitoring Station' Regarding Exceedances of Annual PM_{2.5} NAAQS in 2011-2013.*" This should read, "... and 122 days in 2013 as listed in Table A-1 ..." Table A-1 lists the correct days requested by HDOH and concurred upon by EPA. This typographical error does not affect our review or concurrence on the full set of days listed in Table A-1.
