CERTIFIED MAIL  
RETURN RECEIPT REQUESTED

9 3 OCT 2014

Mr. Aubrey K McClendon  
Chesapeake Appalachia, LLC  
900 Pennsylvania Avenue  
Charleston, WV 25362

Re: EPA Docket No. CWA-03-2010-0391DW  
ORDER FOR COMPLIANCE

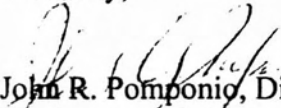

Dear Mr. McClendon:

Enclosed is an Order for Compliance that requires you to mitigate for the unauthorized work associated with the construction of the Chesapeake "B" Well Pad and the widening of County Road 1/18, also known as Lynn Camp Road, located north of the intersection with County Road 89 in New Martinsville, Wetzel County, West Virginia, which you own or control. The Order requires mitigation for the environmental harm which was caused by the unlawful discharge to waters of the United States. The U.S. Environmental Protection Agency (EPA) has issued this Order under the authority of Section 309(a) of the Clean Water Act (CWA), 33 U.S.C. § 1319(a).

The CWA prohibits discharges to waters of the United States, including dredge or fill material, without a permit from the U.S. Army Corps of Engineers. Activities performed by Chesapeake Appalachia, LLC have resulted in discharges to jurisdictional waters of the United States without a permit. These activities constitute a violation of Section 404 of the CWA. These actions include the placement of fill materials such as stone, dirt, and pipes in Lynn Camp Run, its tributaries, and associated wetlands. To come into compliance, all fill material in streams and wetlands must be removed, and all impacted areas must be returned to pre-disturbance conditions.

EPA is prepared to answer any questions you may have. Ms. Stephanie Chin is assigned to this matter and may be reached by phone at 215-814-2747.

Sincerely,

  
John R. Pomponio, Director  
Environmental Assessment and  
Innovation Division

Enclosure

cc: Mr. Scott Hans – US Army Corps of Engineers, Pittsburgh District

	)	ORDER FOR COMPLIANCE
	)	
Respondent	)	Docket No. CWA-03-2010-0391DW

**I. STATUTORY AUTHORITY**

1. This Order for Compliance is issued under the authority vested in the United States Environmental Protection Agency (EPA) by Section 309(a) of the Clean Water Act, 33 U.S.C. § 1319(a) ("CWA" or "Act"). The Administrator has delegated this authority to the Regional Administrator of EPA Region III who in turn has redelegated it to the Director of the Environmental Assessment and Innovation Division.

**II. ALLEGATIONS**

1. Respondent is a "person" within the meaning of Section 502(5) of the CWA, 33 U.S.C. § 1362(5).
2. Respondent, Chesapeake Appalachia, LLC, is the owner of the property located along County Road 1/18, also known as Lynn Camp Road, north of the intersection with County Road 89, in New Martinsville, Wetzel County, West Virginia, identified as "the Site" on the attached map labeled Exhibit "A". The property contains wetlands which are adjacent to Lynn Camp Run, a tributary of Fish Creek, which flows to the Ohio River, a navigable-in-fact body of water. Therefore, the area is "waters of the United States" within the meaning of Section 502(7) of the Act, 33 U.S.C. § 1362(7); 40 C.F.R. § 232.2; 40 C.F.R. § 122.2.

3. Commencing on various occasions between January 2010 to the current date, Respondent, or persons acting on behalf of Respondent, operated equipment which discharged dredged and/or fill material to waters of the United States located on the Site described in Paragraph 2, above, and further depicted on Exhibit "A", attached hereto. Respondent's activities included encroachment of streams and wetlands by well pad construction and road widening.
4. The term "fill material" within the meaning of 40 C.F.R. § 232.2, includes any pollutant which replaces portions of "waters of the United States" with dry land or which changes the bottom elevation of a water body for any purpose.
5. The equipment referenced in Paragraph 4, above, which has discharged dredged and/or fill material to "waters of the United States", constitutes a "point source" within the meaning of Section 502(14) of the Act, 33 U.S.C. § 1362(14).
6. Section 301(a) of the Act, 33 U.S.C. § 1311(a), prohibits the discharge of dredged and/or fill material from point sources to "waters of the United States" except in compliance with a permit issued by the Secretary of the Army under Section 404 of the Act, 33 U.S.C. § 1344.
7. At no time during the discharge of dredged and/or fill material to the "waters of the United States" located on the Site did the Respondent have a permit from the Secretary of the Army as required by Section 404 of the Act, 33 U.S.C. § 1344.
8. Respondent, by discharging dredged and/or fill material to the "waters of the United States" without authorization, has violated Section 301(a) of the Act, 33 U.S.C. § 1311(a).

### III. ORDER FOR COMPLIANCE

Therefore, this 5<sup>th</sup> day of October, 2010, the Respondent is hereby ORDERED, pursuant to Section 309(a) of the Clean Water Act, 33 U.S.C. § 1319(a), to do the following:

1. Cease and desist all discharges without a permit to waters of the United States at the Site.
2. Within thirty (30) days of the effective date of this order, Respondent shall submit a delineation plan to EPA for review and approval. The delineation plan and report will include any and all areas that are being used for the operation of the on-site business that have encroached upon regulated waters with or without the owner's knowledge.
3. Within thirty (30) days of EPA's approval, Respondent shall submit a detailed restoration plan to EPA for approval. The plan must demonstrate the actions to be taken to remove the material from the regulated waters, to stabilize the site and to return the watercourses and wetlands to pre-disturbance grade and conditions.

4. After review of the restoration plan, EPA will: a) approve the plan, in whole or in part; b) approve the plan upon specified conditions; c) modify the plan to cure any deficiencies; d) disapprove the plan, in whole or in part, or e) any combination of the above.
5. If EPA disapproves all or part of the restoration plan, Respondent shall, within fourteen (14) days of receipt of EPA's disapproval, correct the deficiencies and resubmit the plan for approval. EPA retains the right, if the plan is not approved as provided in this Order, to order restoration in accordance with a plan developed by EPA. Upon approval of the restoration plan (either with or without conditions or modifications by EPA), Respondent shall implement the plan as approved or modified by EPA as provided below. All restoration work shall be completed within ninety (90) days of EPA's approval of the plan.
6. Respondent's failure to complete the work in a manner consistent with this Order shall be deemed a violation of this Order.
7. The restoration plan and all other correspondence should be sent to:  
  
Todd Lutte  
Wetlands Enforcement Coordinator  
Mail Code (3EA30)  
United States Environmental Protection Agency  
1650 Arch Street  
Philadelphia, PA 19103-2029
8. Respondent's compliance with the terms of this Order shall not relieve Respondent of its obligation to comply with all applicable provisions of the Clean Water Act or any other Federal, State or local law or regulation. Issuance of this Order is not an election by EPA to forego any civil or criminal action otherwise authorized by the Clean Water Act. EPA reserves the right to seek any remedy available under the law that it deems appropriate to the violations described herein. Compliance with this Order shall not be a defense to any action commenced pursuant to such authorities.
9. Violation of the terms of this Order may result in further EPA enforcement action including, but not limited to, imposition of administrative penalties, pursuant to 33 U.S.C. § 1319(g) as modified by the Debt Collection Procedures Act of 1996 and the subsequent Civil Monetary Penalty Inflation Adjustment Rule, 40 C.F.R. Part 19, and/or initiation of judicial proceedings that allow for civil penalties of up to \$32,500 per day for each day of violation that occurs, and/or for the criminal sanctions of imprisonment and fines of up to \$50,000 per day, 33 U.S.C. § 1319(c).

**IV. EFFECTIVE DATE**

1. The effective date of this Order shall be the date of receipt of the executed document.

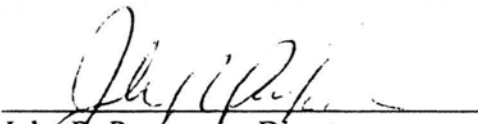

**V. NOTICE OF INTENT TO COMPLY**

1. Within ten (10) days of the effective date of this Order, Respondent shall submit to EPA a Notice of Intent to Comply with the Order. The Notice shall be submitted to:

Todd Lutte  
Wetlands Enforcement Coordinator  
Mail Code (3EA30)  
United States Environmental Protection Agency  
1650 Arch Street  
Philadelphia, PA 19103-2029

Date:

10/5/2010
