Re: Return of NPDES Permit Application No.  
PA0026310 A-2  
Clearfield Municipal Authority WWTP  
Lawrence Township, Clearfield County

Dear Mr. Williams:

The Department has reviewed your letter dated 2/21/2012. The letter states that the Clearfield Municipal Authority WWTP ceased accepting shallow well brine wastewater on 2/17/2012. The letter also states that physical separation between the brine receiving station and the treatment plant occurred on 2/20/2012. As requested in your respective letter, the Department is returning the abovementioned NPDES permit amendment application. Please be reminded that if you wish to reinstate the acceptance and treatment of natural gas well wastewater at your facility that an NPDES permit amendment must first be obtained.

All relative correspondence regarding this matter will be kept on file. Should you have any questions, please feel free to contact the Permits Section of this office at 570.327.3664.

Sincerely,

Chad J. Miller, PE  
Environmental Engineer Manager
