

Science to Achieve Results

Science To Achieve Results (STAR) Graduate Fellowships

- Funds up to \$44,000 per year for advanced degrees and careers in environmental science and engineering
- Support for full-time students in a 2-year masters program or 3-year doctoral program at any accredited U.S. college or university
- Annual \$27,000 stipend, \$5,000 for expenses, and up to \$12,000 tuition and fees
- U.S. citizens, permanent residents, and resident aliens with green cards may apply.

Qualifying Areas of Research for STAR Fellowships (All categories include Social Sciences)

- **Emerging Environmental Approaches and Challenges**
 - Environmental Innovation
 - Informational Science
 - Synthetic Biology for Environmental Purposes
- **Human Health Risk Assessment**
 - Public Health
 - Risk Assessment and Risk Management
- **Chemical Safety for Sustainability**
 - Adverse Impacts from Exposures from Exposures to Endocrine Disrupting Compounds
 - Environmental Health and Safety of Engineered Nanomaterials
 - Computational Chemistry for Predictive Toxicology
 - Communicating and Translating Emerging Science for Evaluating Impacts of Chemicals
- **Air, Climate and Energy**
 - Clean Air
 - Global Change
 - Green Energy/Natural Resources Production and Use
- **Safe and Sustainable Water Resources**
 - Drinking Water
 - Water Quality - Coastal and Estuarine Processes
 - Water Quality - Hydrogeology and Surface Water
- **Safe and Healthy Communities**
 - Multidisciplinary Approaches to Optimize Decision Outcomes
 - Tribes and American Indian/Alaska Native/Pacific Islander Communities

Greater Research Opportunities

Greater Research Opportunities (GRO) Undergraduate Fellowships

- Funds up to \$50,000 for the last 2 years of an undergraduate program in environmental studies
- Support for students at 4-year, fully accredited institutions of higher education with limited funding for research and development
- \$800 monthly stipend, \$2,500 expense allowance, and up to \$11,000 for tuition and fees
- Summer internship at EPA research laboratory or other facility with \$8,600 stipend including relocation allowance
- Applicants must have at least a "B" average.
- U.S. citizens, permanent residents and resident aliens with green cards may apply.

Areas of Research Supported for GRO

- Natural and Life Sciences
- Environmental Sciences and Interdisciplinary Programs
- Social Sciences
- Physical Sciences
- Mathematics and Computer Sciences
- Engineering
