Research Fellowship Opportunities

Science To Achieve Results (STAR) Graduate Fellowships
• Funds up to $44,000 per year for advanced degrees and careers in environmental science and engineering
• Support for full-time students in a 2-year masters program or 3-year doctoral program at any accredited U.S. college or university
• Annual $27,000 stipend, $5,000 for expenses, and up to $12,000 tuition and fees
• U.S. citizens, permanent residents, and resident aliens with green cards may apply.

Qualifying Areas of Research for STAR Fellowships (All categories include Social Sciences)
• Emerging Environmental Approaches and Challenges
  - Environmental Innovation
  - Informational Science
  - Synthetic Biology for Environmental Purposes
• Human Health Risk Assessment
  - Public Health
  - Risk Assessment and Risk Management
• Chemical Safety for Sustainability
  - Adverse Impacts from Exposures from Exposures to Endocrine Distrupting Compounds
  - Environmental Health and Safety of Engineered Nanomaterials
  - Computational Chemistry for Predictive Toxicology
  - Communicating and Translating Emerging Science for Evaluating Impacts of Chemicals

• Air, Climate and Energy
  - Clean Air
  - Global Change
  - Green Energy/Natural Resources Production and Use
• Safe and Sustainable Water Resources
  - Drinking Water
  - Water Quality - Coastal and Estuarine Processes
  - Water Quality - Hydrogeology and Surface Water
• Safe and Healthy Communities
  - Multidisciplinary Approaches to Optimize Decision Outcomes
  - Tribes and American Indian/Alaska Native/Pacific Islander Communities

Greater Research Opportunities (GRO) Undergraduate Fellowships
• Funds up to $50,000 for the last 2 years of an undergraduate program in environmental studies
• Support for students at 4-year, fully accredited institutions of higher education with limited funding for research and development
• $800 monthly stipend, $2,500 expense allowance, and up to $11,000 for tuition and fees
• Summer internship at EPA research laboratory or other facility with $8,600 stipend including relocation allowance
• Applicants must have at least a “B” average.
• U.S. citizens, permanent residents and resident aliens with green cards may apply.

Areas of Research Supported for GRO
• Natural and Life Sciences
• Environmental Sciences and Interdisciplinary Programs
• Social Sciences
• Physical Sciences
• Mathematics and Computer Sciences
• Engineering
