Subject: Reissuance of OCS Permit OCS-EPA-R4005-M1

Dear Ms. Maness:

On October 10, 2012, the U.S. Environmental Protection Agency issued a minor permit modification for the Anadarko Petroleum Corporation (Anadarko) Phoenix Prospect Drilling Project. EPA previously issued the original Outer Continental Shelf (OCS) air quality permit for this project on June 13, 2011. It has come to our attention that we did not revise the correct version of the permit conditions. Pursuant to Condition 5.9 of OCS Permit OCS-EPA-R4005-M1, we are reissuing a corrected version of the permit due to this material error. The reissued permit incorporates the previously approved modifications into the final June 13, 2011, version of the permit and supersedes the permit issued on October 10, 2012. We apologize for any confusion this may have caused.

We have enclosed a copy of the modified permit that reflects the above changes. If you have any questions, please contact me at 404-562-9141 or Ms. Eva Land of the EPA Region 4 staff at 404-562-9103.

Sincerely,

Gregg M. Worley  
Chief  
Air Permits Section

Enclosure
