
PUBLICATIONS DRAWING ON TIME/LTM DATA, 1985-2007

1. Aber, J. D., C. L. Goodale, S. V. Ollinger, M.-L. Smith, A. H. Magil, M. E. Martin, R. A. Hallett, and J. L. Stoddard. 2003. Is nitrogen deposition altering the nitrogen status of Northeastern forests? *BioScience* 53:375-389.
2. Baker, L. A., P. R. Kaufmann, A. T. Herlihy, and J. M. Eilers. 1990. Current Status of Surface Water Acid-Base Chemistry. NAPAP State-of-Science/Technology Report No. 9, National Acid Precipitation Assessment Program, Washington, DC.
3. Barker, J. L., and E. C. Witt. 1990. Effects of acidic precipitation on the water quality of streams in the Laurel Hill area, Somerset County, Pennsylvania, 1983-1986. *Water Resources Investigations Report* 89-4113.
4. Burns, D. A., M. R. McHale, C. T. Driscoll, and K. M. Roy. 2006. Response of surface water chemistry to reduced levels of acid precipitation: comparison of trends in two regions of New York, USA. *Hydrological Processes* 20:1611-1627.
5. Campbell, J. L., J. W. Hornbeck, M. J. Mitchell, M. B. Adams, M. S. Castro, C. T. Driscoll, J. S. Kahl, J. N. Kochenderfer, G. E. Likens, J. A. Lynch, P. S. Murdoch, S. J. Nelson, and J. B. Shanley. 2004. Input-output budgets of inorganic nitrogen for 24 forest watersheds in the northeastern United States: A review. *Water Air and Soil Pollution* 151:373-396.
6. Canham, C. D., M. L. Pace, M. M. Papaik, A. G. B. Primack, K. M. Roy, R. J. Maranger, R. P. Curran, and D. M. Spada. 2004. A spatially explicit watershed-scale analysis of dissolved organic carbon in Adirondack lakes. *Ecological Applications* 14: 839-854.
7. Chen, L., and C. T. Driscoll. 2004. An evaluation of processes regulating spatial and temporal patterns in lake sulfate in the Adirondack region of New York. *Global Biogeochemical Cycles* 18:GB3024.
8. Chen, L., and C. T. Driscoll. 2005. Regional assessment of the response of the acid-base status of lake watersheds in the Adirondack Region of New York to changes in atmospheric deposition using PnET-BGC. *Environmental Science and Technology* 39:787-794.
9. Chen, L. M., and C. T. Driscoll. 2004. Modeling the response of soil and surface waters in the Adirondack and Catskill regions of New York to changes in atmospheric deposition and historical land disturbance. *Atmospheric Environment* 38:4099-4109.
10. Chen, L. M., C. T. Driscoll, S. Gbondo-Tugbawa, M. J. Mitchell, and P. S. Murdoch. 2004. The application of an integrated biogeochemical model (PnET-BGC) to five forested watersheds in the Adirondack and Catskill regions of New York. *Hydrologic Processes* 18:2631-2650.
11. Civerolo, K., E. Brankov, S. Trivikrama Rao, K. Roy, P. Lewis, and P. Galvin. 2003. Analysis of ambient, precipitation-weighted, and lake sulfate concentrations in the Adirondack region of New York. *Environmental Pollution* 123:337-345.
12. Cook, R. B., and H. I. Jager. 1991. Upper Midwest. Pages 421-466 in D. F. Charles, editor. *Acidic Deposition and Aquatic Ecosystems: Regional Case Studies*. Springer-Verlag, New York.
13. Davies, T. D., M. Tranter, P. J. Wigington, K. N. Eshleman, N. E. Peters, J. Van Sickle, D. R. DeWalle, and P. S. Murdoch. 1999. Prediction of episodic acidification in North-eastern USA: an empirical mechanistic approach. *Hydrological Processes* 13:1181-1195.

14. Deviney, F. A., K. C. Rice, and G. M. Hornberger. 2006. Time series and recurrence interval models to predict the vulnerability of streams to episodic acidification in Shenandoah National Park, Virginia. *Water Resources Research* 42:1-14.
15. DeWalle, D. R., A. R. Buda, J. A. Eismeier, W. E. Sharpe, B. R. Swistock, P. L. Craig, and M. O'Driscoll. 2005. Nitrogen cycling on five headwater forested catchments in Mid-Appalachians of Pennsylvania. Pages 29-36 *in* L. Heathwaite, B. Webb, D. Rosenberry, D. Weaver, and M. Hayash, editors. *Dynamics and Biogeochemistry of River Corridors and Wetlands*. International Association of Hydrological Sciences.
16. DeWalle, D. R., and B. R. Swistock. 1994. Causes of episodic acidification in five Pennsylvania streams on the northern Appalachian Plateau. *Water Resources Research* 30:1955-1963.
17. DeWalle, D. R., B. R. Swistock, and W. E. Sharpe. 1995. Episodic flow-duration analysis: a method of assessing toxic exposure of brook trout (*Salvelinus fontinalis*) to episodic increases in aluminum. *Canadian Journal of Fisheries and Aquatic Science* 52:816-827.
18. Driscoll, C. T., K. M. Driscoll, M. J. Mitchell, and D. J. Raynal. 2003. Effects of acidic deposition on forest and aquatic ecosystems in New York State. *Environmental Pollution* 123:327-336.
19. Driscoll, C. T., K. M. Driscoll, K. M. Roy, and J. Dukett. 2007. Changes in the chemistry of lakes in the Adirondack region of New York following declines in acidic deposition. *Applied Geochemistry* 22:1181-1188.
20. Driscoll, C. T., K. M. Driscoll, K. M. Roy, and M. J. Mitchell. 2003. Chemical response of lakes in the Adirondack region of New York to declines in acidic deposition. *Environmental Science and Technology* 37:2036-2042.
21. Driscoll, C. T., G. B. Lawrence, A. J. Bulger, T. J. Butler, C. S. Cronan, C. Eager, K. F. Lambert, G. E. Likens, J. L. Stoddard, and K. C. Weathers. 2001. Acid Rain Revisited: advances in scientific understanding since the passage of the 1970 and 1990 Clean Air Act Amendments. *Science Links Publication* Vol. 1, no. 1, Hubbard Brook Research Foundation.
22. Driscoll, C. T., G. B. Lawrence, A. J. Bulger, T. J. Butler, C. S. Cronan, C. Eager, K. F. Lambert, G. E. Likens, J. L. Stoddard, and K. C. Weathers. 2001. Acidic deposition in the northeastern United States: Sources and inputs, ecosystem effects and management strategies. *BioScience* 51:180-198.
23. Driscoll, C. T., G. B. Lawrence, A. J. Bulger, T. J. Butler, C. S. Cronan, C. Eager, K. F. Lambert, G. E. Likens, J. L. Stoddard, and K. C. Weathers. 2004. Acidic deposition in the northeastern United States: Sources and inputs, ecosystem effects and management strategies. Pages 159-190 *in* J. M. Gunn, R. J. Steedman, and R. A. Ryder, editors. *Boreal Shield Watersheds: Lake Trout Ecosystems in a Changing Environment*. Lewis Publishers, Boca Raton, FL.
24. Driscoll, C. T., G. E. Likens, and M. R. Church. 1998. Recovery of surface waters in the northeastern U.S. from decreases in atmospheric deposition of sulfur. *Water Air and Soil Pollution* 105:319-329.
25. Driscoll, C. T., and R. M. Newton. 1985. Chemical characteristics of Adirondack lakes. *Environmental Science and Technology* 19:1018-1024.
26. Driscoll, C. T., R. M. Newton, C. P. Gubala, J. P. Baker, and S. W. Christensen. 1991. Adirondack Mountains. Pages 133-202 *in* D. F. Charles, editor. *Acidic Deposition and Aquatic Ecosystems: Regional Case Studies*. Springer-Verlag, New York, NY.

27. Driscoll, C. T., K. M. Postek, W. Kretser, and D. J. Raynal. 1995. Long-term trends in the chemistry of precipitation and lake water in the Adirondack region of New York, USA. *Water Air and Soil Pollution* 85:583-588.
28. Driscoll, C. T., and G. D. Schafran. 1984. Short-term changes in the base neutralizing capacity of an acid Adirondack lake, New York. *Nature* 310: 308-310.
29. Driscoll, C. T., and R. Van Dreason. 1993. Seasonal and long-term temporal patterns in the chemistry of Adirondack lakes. *Water Air and Soil Pollution* 67:319-344.
30. Dupont, J., T. A. Clair, C. Gagnon, D. S. Jeffries, J. S. Kahl, S. J. Nelson, and J. M. Peckenham. 2005. Estimation of critical loads of acidity for lakes in northeastern United States and Eastern Canada. *Environmental Monitoring and Assessment* 109:275-291.
31. Evans, C., T. D. Davies, and P. S. Murdoch. 1999. Component flow processes at four streams in the Catskill Mountains, New York, analysed using episodic concentration/discharge relationships. *Hydrological Processes* 13:563-575.
32. Fenn, M. E., M. A. Poth, J. D. Aber, J. S. Baron, B. T. Bormann, D. W. Johnson, A. D. Lemly, S. G. McNulty, D. F. Ryan, and R. Stottlemeyer. 1998. Nitrogen excess in North American ecosystems: predisposing factors, ecosystem responses, and management strategies. *Ecological Applications* 8:706-733.
33. Ford, J., J. L. Stoddard, and C. F. Powers. 1993. Perspectives in environmental monitoring: an introduction to the U.S. EPA Long-Term Monitoring (LTM) project. *Water Air and Soil Pollution* 67:247-255.
34. Goodale, C. L., J. D. Aber, P. M. Vitousek, and W. H. McDowell. 2005. Long-term decreases in stream nitrate: Successional causes unlikely; Possible links to DOC? *Ecosystems* 8:334-337.
35. Herlihy, A. T., P. R. Kaufmann, J. L. Stoddard, K. N. Eshleman, and A. J. Bulger. 1997. Effects of Acidic Deposition on Aquatic Resources in the Southern Appalachians with a Special Focus on Class I Wilderness Areas. Southern Appalachian Mountain Initiative (SAMI).
36. Ito, M., M. J. Mitchell, C. T. Driscoll, and K. M. Roy. 2005. Factors affecting acid neutralizing capacity in the Adirondack region of New York: A solute mass balance approach. *Environmental Science and Technology* 39:4076-4081.
37. Ito, M., M. J. Mitchell, C. T. Driscoll, and K. M. Roy. 2005. Nitrogen input-output budgets for lake-containing watersheds in the Adirondack region of New York. *Biogeochemistry* 72:283-314.
38. Kahl, J. S., S. J. Nelson, J. L. Stoddard, S. A. Norton, and T. A. Haines. 2004. Lakewater chemistry at Acadia National Park, Maine, in response to declining acidic deposition. Pages 314-321 *in* D. Harmon, B. M. Kilgore, and G. E. Vietzke, editors. *Response to Declining Acidic Deposition, in Protecting our Diverse Heritage: The Role of Parks, Protected Areas, and Cultural Sites. Proceedings of the George Wright Society/National Park Service Joint Conference, April 14-18, 2003, San Diego, CA. The George Wright Society, Hancock, MI.*
39. Kahl, J. S., S. A. Norton, C. A. Cronan, I. J. Fernandez, L. C. Bacon, and T. A. Haines. 1991. Maine. Pages 203-235 *in* D. F. Charles, editor. *Acidic Deposition and Aquatic Ecosystems: Regional Case Studies. Springer-Verlag, New York, NY.*
40. Kahl, J. S., S. A. Norton, T. A. Haines, and R. B. Davis. 1993. Recent trends in the acid-base status of surface waters in Maine, U.S.A. *Water Air and Soil Pollution* 67:281-300.
41. Kahl, J. S., J. L. Stoddard, R. Haueber, S. G. Paulsen, R. Birnbaum, F. A. Deviney, J. R. Webb, D. R. DeWalle, W. Sharpe, C. T. Driscoll, A. T. Herlihy, J. H. Kellogg, P. S. Murdoch, K. Roy, K. E.

- Webster, and N. S. Urquhart. 2004. Have U.S. surface waters responded to the Clean Air Act Amendments. *Environmental Science and Technology* 38:485A-490A.
42. Lawrence, G. B., M. B. David, G. M. Lovett, P. S. Murdoch, D. A. Burns, J. L. Stoddard, B. P. Baldigo, J. H. Porter, and A. W. Thompson. 1999. Soil calcium status and the response of stream chemistry to changing acidic deposition rates. *Ecological Applications* 9:1059-1072.
 43. Lükewille, A., J. Jeffries, M. Johannessen, G. Raddum, J. Stoddard, and T. Traaen. 1997. The Nine Year Report: Acidification of Surface Water in Europe and North America. Long-term Developments (1980s and 1990s), Report O-86001. O-86001, Norwegian Institute for Water Research, Oslo, Norway.
 44. Mitchell, M. J., C. T. Driscoll, J. S. Kahl, G. E. Likens, P. S. Murdoch, and L. H. Pardo. 1996. Climatic control of nitrate loss from forested watersheds in the northeast United States. *Environmental Science and Technology* 30:2609-2612.
 45. Mitchell, M. J., P. J. McHale, S. Inamdar, and D. J. Raynal. 2001. Role of within-lake processes and hydrobiogeochemical changes over 16 years in a watershed in the Adirondack Mountains of New York State, USA. *Hydrological Processes* 15:1951-1965.
 46. Monteith, D. T., J. L. Stoddard, C. D. Evans, H. A. de Wit, M. Forsius, T. Høgåsen, D. S. Jeffries, A. Wilander, B. L. Skjelkvåle, J. Vuorenmaa, J. Kopáček, and J. Vesely. 2007. Dissolved organic carbon trends resulting from changes in atmospheric deposition chemistry. *Nature* 450:537-540.
 47. Moore, M. V., M. L. Pace, J. R. Mather, P. S. Murdoch, R. W. Howarth, C. L. Folt, C. Y. Chen, H. F. Hemond, P. A. Flebbe, and C. T. Driscoll. 1997. Potential effects of climate change on freshwater ecosystems of the New England/Mid-Atlantic Region. *Hydrological Processes* 11:925-947.
 48. Morrison, M. 1991. Quality Assurance Plan for the Long-Term Monitoring Project. Pages 1.1-B.1 in U.S. Environmental Protection Agency, editor. *Data User's Guide to the United States Environmental Protection Agency's Long-Term Monitoring Project: Quality Assurance Plan and Data Dictionary*. U.S. Environmental Protection Agency, Corvallis, OR.
