

# Summary of Definition of Solid Waste Final Rule Notifications As of November 7, 2014

Under the Revisions to the Definition of Solid Waste (DSW) final rule, published October 30, 2008 (73 FR 64668), facilities are required to notify their regulatory authority prior to managing hazardous secondary materials under the DSW rule and every other year thereafter. EPA is providing this *Summary of Definition of Solid Waste Final Rule Notifications* to allow public access to the information received from these notifications. Note: The information from the notifications is reported as it was submitted by the companies; some information from recent re-notifications may not be included.
