RFS2 Reports – EMTS Generated

Report	Notes
RFS2 RIN Transaction Report	
RFS2 RIN Generation Report	Equivalent to RFS0400
Transaction Error Report	If applicable
<i>EMTS RFS2 Activity Report (Assigned RINs)</i>	<i>Information to assist with RFS0101</i>
<i>EMTS RFS2 Activity Report (Separated RINs)</i>	<i>Information to assist with RFS0101</i>

* EMTS generated reports will be generated for all completed transactions in the quarter

Certification

- All required reports must be certified under 40 CFR Subpart M (not K) including those generated by EMTS
- All reports must be certified either through DCFuels application via CDX or through the alternative filing procedure
- Quarterly Reports CANNOT be submitted via EMTS

Report Availability

- EMTS reports available within 10 business days of the end of the quarter
 - EMTS RFS2 RIN Transaction Report
 - EMTS RFS2 RIN Generation Report
- EMTS report **information** available within 10 business days of the end of the quarter
 - EMTS RFS2 Activity Reports - Assigned & Separated RINs
 - Use for columns 17-21 on the RFS0101: RFS2 RIN Activity Report

Transaction Error Report

- Used to identify errors on EMTS RIN Transaction and Generation reports
- Will be available within 1 business day of a submitter entering in all errors and pressing the “submit” button
- Report all transaction errors within ten business days of the due date for quarterly reports
- Submit by the quarterly reporting deadline (two months after the end of the quarter)

Transaction Error Report (cont.)

Step 1: Enter transaction errors using EMTS web interface under Reports | Transaction Errors

Step 2: After all errors have been entered, a registered company submitter must click the “Submit” button

* Note: Once the “Submit” button has been clicked, a party may not enter additional errors or regenerate this report in a given quarter

Step 3: EMTS will generate the report within 1 business day for users to download and submit with other quarterly reports

Summary

- EMTS will generate RFS2 reports and RFS2 reporting information within 10 business days of the end of the quarter
- Parties are required to certify all reports to EPA, including those generated by EMTS, within two months of the end of the quarter
- Parties are required to certify all reports through DCFuels or the alternative filing procedure
