Section 8(d) Health & Safety Data Reporting and Section 8(e) Notice Webinar

September 20, 2012

Office of Chemical Safety and Pollution Prevention
Agenda

• Welcome and Overview
• Section 8(d) Health & Safety Data Reporting and Section 8(e) Notice highlights
  – Browser-based Application
  – Security
  – Roles
  – Industry Beta Testing
• Demo of CDX Registration and Section 8(d) Health & Safety Data Reporting and Section 8(e) Notice Web Tool
• Resources
• Questions and Answers
Highlights & Security

• Browser-based Application

• Submission of Section 8(d) Health & Safety Data Reporting and Section 8(e) Notice Data facilitated via EPA’s Central Data Exchange (CDX)
  – Enables companies to electronically submit data
  – Provides secure exchange of confidential business information (CBI) data
  – Improves security using digital encryption
    • All data is encrypted in transit to Federal Standards
    • Sensitive data is encrypted at rest to Federal Standards
    • All sensitive data remains encrypted at rest until it is behind at least 2-3 firewalls
Roles & Responsibilities

• Primary Authorized Official (AO)
  – User who has the ability to authorize and sign a submission
  – Start a form
  – Edit/Delete information on a form
  – Submit a form
  – Retrieve Copy of Record
  – Unlock a form for editing
  – Assign Supports

• Primary Support
  – Enter and edit information for in progress and unlocked forms
Demo of CDX Registration, Section 8(d) Health & Safety Data Reporting, and Section 8(e) Notice Tool
Primary Authorized Official
Welcome

Welcome to the Environmental Protection Agency (EPA) Central Data Exchange (CDX) - the Agency’s electronic reporting site. The Central Data Exchange concept has been defined as a central point which supplements EPA reporting systems by performing new and existing functions for receiving legally acceptable data in various formats, including consolidated and integrated data.

Notices

RADNET: For more information on radiation and accessing radiation monitoring data click here

CDX: Welcome CDR users. As a reminder, please register using the CSPP flow.

Warning Notice and Privacy Policy

Warning Notice

EPA’s Central Data Exchange Registration procedure is part of a United States Environmental Protection Agency (EPA) computer system, which is for authorized use only. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action. All information on this computer system may be monitored, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including law enforcement. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms.

Privacy Statement

EPA will use the personal identifying information which you provide for the expressed purpose of registration to the Central Data Exchange site and for updating and correcting information in internal EPA databases as necessary. The Agency will not make this information available for other purposes unless required by law. EPA does not sell or otherwise transfer personal information to an outside third party. [Federal Register: March 18, 2002 (Volume 67, Number 52)][Page 12010-12013].
The access and use of CDX Registration for the electronic submittal of environmental information require the creation of a user ID and password that I must maintain and keep confidential. I will review the following steps concerning the creation and maintenance of a user ID and password.

CDX Registration: Additional Verification

1. Identity Verification  2. Electronic Signature Agreement

This particular registration requires additional proof of identity. Your options are to print and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency, or optionally use LexisNexis®, an independent 3rd-Party electronic identity proofing service.

**Note:** By clicking [Proceed to Verification] you understand the service is totally voluntarily and that you are validating personally identifying information including last 4 digits of SSN against a 3rd-Party service LexisNexis®, which will return evidence of validation of your personally identifying information back to the U.S. Environmental Protection Agency. The U.S. EPA will not collect or retain sensitive, personally identifying information such as SSN; however, EPA will receive evidence of identity and organization affiliation validation which may be used to identify you and your organization affiliation for legal purposes.

EPA uses third party sites to provide EPA content in a different format that may be useful or interesting to you. When we use these sites, the information we provide is consistent with the intended purpose of the EPA website. Please be aware that the privacy protection provided on third party sites that are not a part of the epa.gov domain may not be the same as the privacy protection described here.

You may sign the paper form if you do not want to use the automatic verification process.
Please click "OK" to perform identity verification conducted by LexisNexis® on behalf of the US Environmental Protection Agency.

Canceling this process may require additional information be mailed to the US Environmental Protection Agency in order to continue your CDX registration process.

LexisNexis® Results

1. Identity Verification  2. Electronic Signature Agreement

Your identity verification scores have been received from LexisNexis® and will be processed after you click the Continue button. If your scores do not meet the minimum requirements set by the program office, then you will be directed to print, sign, and mail the electronic signature agreement (ESA).

Continue
Thank you for completing the LexisNexis verification process on behalf of the U.S. Environmental Protection Agency.

Please click the "OK" button below or close this window to return to CDX to continue with registration.
Electronic CDX Electronic Signature Agreement

The CDX electronic signature agreement (ESA) is an agreement between yourself and CDX that will authorize your electronic signature. By signing the ESA you agree to adhere to the conditions listed on the agreement below. Once the ESA has been signed, you will be authorized to sign and/or encrypt information for your data flow. For any questions regarding the CDX ESA please contact the CDX Help Desk.

News and Updates

No news/updates.
Under TSCA Section 8(d), EPA has the authority to publicize rules to require producers, importers, and processors to submit lists and/or copies of ongoing and completed unpublished health and safety studies. EPA's TSCA Section 8(d) Health & Safety Data Reporting Rule was established to gather health and safety information on chemical substances and mixtures needed by EPA to carry out its TSCA mandates (i.e., to support OPPT's Existing Chemicals Program and Chemical Testing Program and to set priorities for TSCA risk assessment/management activities). OPPT has also used its TSCA Section 8(d) authority to gather information needed by other federal agencies and EPA program offices. Chemicals that are designated or recommended for testing by the TSCA Interagency Testing Committee (ITC) may be added to the rule via immediate final rulemaking (up to 50 substances per year). Non-ITC chemicals can be added to the Section 8(d) rule via notice and comment rulemaking.

Paperwork Reduction Act Notice

The information collection requirements contained in this proposed rule have been submitted for OMB approval under PRA, 44 U.S.C. 3501 et seq. The ICR document prepared by EPA, identified under EPA ICR No. 2412.01 and OMB control number 2070-NEW, is available in the docket for the proposed rule. The ICR addresses the incremental changes to the currently approved ICR documents that cover the existing reporting and record keeping programs that are approved under OMB control numbers 2070-0004, 2070-0033, and 2070-0054. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The amended information collection activities contained in this proposed rule are designed to assist the Agency in meeting its responsibility under TSCA to receive, process, and review reports, data, and other information. As such, responses to the collection of information covered by this ICR would still be mandatory, but with the final rule, respondents would be required to use the CISS reporting tool.

Authority

The Government Paperwork Elimination Act (GPEA) (44 U.S.C. 3504) provides that, when practicable, Federal organizations use electronic forms, electronic filings, and electronic signatures to conduct official business with the public. EPA's Cross-Media Electronic Reporting Regulation (CROMERR) (40 CFR Part 3) (Ref. 2), provides that any requirement in title 40 of the CFR to submit a report directly to EPA can be satisfied with an electronic submission that meets certain conditions once the Agency published a document in the Federal Register announcing that EPA is prepared to receive certain documents in electronic form. For more information about CROMERR, go to http://www.epa.gov/cromerr.
HOME

Submissions

Create, modify, or delete a submission by clicking the Submissions tab.

Persons who must report under the TSCA Section 8(d) rule include:

- Current, as well as prospective, manufacturers, importers, and processors of the subject chemical(s).
- Persons who, in the 10 years preceding the effective date that a substance or mixture is added to the rule, either had proposed to produce, import, or process, or had produced, imported, or processed the substance or listed mixture. Once a chemical substance or mixture is added to the rule, reporting obligations terminate (i.e., sunset) no later than 2 years after the effective date of the listing of the substance or mixture or on the removal of the substance or mixture from the rule.

User Management

Manage the access rights of Supports for each Section 8(d) Health & Safety Data Reporting submission. For every Support, the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the submission.

Resources

A helpful guide that describes the Section 8(d) Health & Safety Data Reporting system and provides useful links for further usability instruction.

Authorized Official

An Authorized Official has the ability to create, amend and unlock submissions. The Authorized Official may also submit completed submissions either electronically or by mail. Finally, the Authorized Official has the ability to assign Supports to individual submissions.
USER MANAGEMENT

The Authorized Official is responsible for restricting a Support's access to select submissions by assigning or unassigning them to each federal register notice. The Support can access and edit only those submissions for which the Authorized Official has granted access. Select a federal register notice from the Federal Register Notice drop-down menu, and assign a Support to the submission by highlighting the individual and clicking the add link. To unassign a Support, highlight the individual and click the remove link. To highlight and assign or unassign multiple Supports, hold down the Ctrl or Shift keys on the keyboard and click each Support before moving. You must click the Save button after each federal register notice assignment.

Submissions

Create, modify, or delete a submission by clicking the Submissions tab.

Persons who must report under the TSCA Section 8(d) rule include:

- Current, as well as prospective, manufacturers, importers, and processors of the subject chemical(s).
- Persons who, in the 10 years preceding the effective date that a substance or mixture is added to the rule, either had proposed to produce, import, or process, or had produced, imported, or processed the substance or listed mixture. Once a chemical substance or mixture is added to the rule, reporting obligations terminate (i.e., sunset) no later than 2 years after the effective date of the listing of the substance or mixture or on the removal of the substance or mixture from the rule.

User Management

Manage the access rights of Supports for each Section 8(d) Health & Safety Data Reporting submission. For every Support, the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the submission.

Resources

A helpful guide that describes the Section 8(d) Health & Safety Data Reporting system and provides useful links for further usability instruction.

Authorized Official

An Authorized Official has the ability to create, amend and unlock submissions. The Authorized Official may also submit completed submissions either electronically or by mail. Finally, the Authorized Official has the ability to assign Supports to individual submissions.
SECTION 8(d) HEALTH & SAFETY DATA REPORTING

- If starting a Section 8(d) Health & Safety Data Reporting submission for the first time in CDX, select the appropriate Federal Register Notice submission the drop-down menu and click the Start New Submission button.
- To edit an In Progress submission, click the federal register notice link in the Federal Register Notice column in the table below.
- To access and edit a submission previously Submitted through CDX, unlock the submission by clicking the lock icon (🔒) and enter your passphrase originally associated with the selected submission. All additional changes made to a submission will be submitted as an amendment. Click the green arrow icon (→) to download a copy of record for a submitted submission.
- You may delete any submission that has not yet been submitted by clicking the delete icon (🗑).

CREATE PASSPHRASE

Please create a passphrase that is at least 8 characters in length and does not exceed 20 characters. To protect your account, your passphrase should contain a combination of letters and numbers. The passphrase you create may include spaces but should not contain special characters (for example, +,?, and *). You can associate the same passphrase with multiple submissions.

A passphrase can only be created by an Authorized Official for a submission. Your passphrase will be used as an encryption key to protect the contents of your data. As an Authorized Official, you are responsible for remembering your passphrase and distributing it to only authorized Supports.

Note: You will be responsible for remembering the passphrase and distributing it to only authorized Supports. If you forget the passphrase, you will not be able to access the Section 8(d) Health & Safety Data Reporting submission to print, submit, or make changes.

Any respondent who wishes to assert a claim that part of a study should be withheld from disclosure because disclosure would reveal a confidential process or quantitative mixture composition should briefly state the basis of the claim, e.g. by saying "reveals confidential mixture proportion data," and clearly identify the material subject to the claim.

Any respondent may assert a confidentiality claim for company name or address, financial statistics, and product codes used by a company. This information will not be subject to the disclosure requirements of section 14(b) of TSCA.

Information other than company name or address, financial statistics and product codes used by a company, which is contained in a study, the disclosure of which would clearly be an unwarranted invasion of personal privacy (such as individual medical records), will be considered confidential by EPA as provided in Title 5, United States Code, section 552(b)(6).

To assert a claim of confidentiality for data contained in a submitted document, the respondent must submit two copies of the document:

One copy must be complete. In that copy, the respondent must indicate what data, if any, are claimed as confidential by bracketing or underlining the specific information. Each page containing data claimed as confidential must also contain a brief statement for the basis of the claim as well as a label such as "confidential," "proprietary" or "trade secret."

The second copy must be complete, except that all information claimed as confidential in the first copy must be deleted. The second copy will be immediately subject to public disclosure.

Failure to furnish a second copy when information is claimed as confidential in the first copy will be considered a presumptive waiver of the claim of confidentiality. EPA will notify the respondent by certified mail that a finding of a presumptive waiver of the claim of confidentiality has been made. The respondent will be given 30 days from the date of his or her receipt of this notification to submit the required second copy. If the respondent fails to submit the second copy within the 30 days, EPA will place the first copy in the public file.

Demo of Section 8(e) Notice Web Tool

Primary Authorized Official
TSCA Section 8(e) Reporting rule requires any person who manufactures (including imports), processes, or distributes in commerce a chemical substance or mixture and who obtains information which reasonably supports the conclusion that such substance or mixture presents a substantial risk of injury to health or the environment shall immediately inform EPA of such information unless such person has actual knowledge that the Administrator has been adequately informed of such information.

The software includes embedded help files and downloadable user manual to guide you through the 8(e) Notice submission process. Submit information for all reportable chemical substances in one 8(e) Notice form.

Under TSCA Section 8(d), EPA has the authority to publicize rules to require producers, importers, and processors to submit lists and/or copies of ongoing and completed unpublished health and safety studies. EPA’s TSCA Section 8(d) Health & Safety Data Reporting Rule was established to gather health and safety information on chemical substances and mixtures needed by EPA to carry out its TSCA mandates (i.e., to support OPPT’s Existing Chemicals Program and Chemical Testing Program and to set priorities for TSCA risk assessment/management activities). OPPT has also used its TSCA Section 8(d) authority to gather information needed by other federal agencies and EPA program offices. Chemicals that are designated or recommended for testing by the TSCA Interagency Testing Committee (ITC) may be added to the rule via immediate final rulemaking (up to 50 substances per year). Non-ITC chemicals can be added to the Section 8(d) rule via notice and comment rulemaking.

**Paperwork Reduction Act Notice**

The information collection requirements contained in this proposed rule have been submitted for OMB approval under PRA, 44 U.S.C. 3501 et seq. The ICR document prepared by EPA, identified under EPA ICR No. 2412.01 and OMB control number 2070-NEW, is available in the docket for the proposed rule. The ICR addresses the incremental changes to the currently approved ICR documents that cover the existing reporting and record keeping programs that are approved under OMB control numbers 2070-0004, 2070-0033, and 2070-0054. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The amended information collection activities contained in this proposed rule are designed to assist the Agency in meeting its responsibility under TSCA to receive, process, and review reports, data, and other information. As such, responses to the collection of information covered by this ICR would still be mandatory, but with the final rule, respondents would be required to use the CISS reporting tool.

**Authority**

The Government Paperwork Elimination Act (GPEA) (44 U.S.C. 3504) provides that, when practicable, Federal organizations use electronic forms, electronic filings, and electronic signatures to conduct official business with the public. EPA’s Cross-Media Electronic Reporting Regulation (CROMERR) (40 CFR part 3) (Ref. 2), provides that any requirement in title 40 of the CFR to submit a report directly to EPA can be satisfied with an electronic submission that meets certain conditions once the Agency published a document in the Federal Register announcing that EPA is prepared to receive certain documents in electronic form. For more information about CROMERR, go to [http://www.epa.gov/cromerr](http://www.epa.gov/cromerr).
TSCA Section 8(e) Reporting rule requires any person who manufactures (including imports), processes, or distributes in commerce a chemical substance or mixture and who obtains information which reasonably supports the conclusion that such substance or mixture presents a substantial risk of injury to health or the environment shall immediately inform EPA of such information unless such person has actual knowledge that the Administrator has been adequately informed of such information.

User Management

Manage the access rights of Supports for each Section 8(e) Notice submission. For every Support the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the submission.

Resources

A helpful guide that describes the Section 8(e) Notice system and provides useful links for further usability instruction.

Authorized Official

An Authorized Official has the ability to create, amend, and unlock Section 8(e) Notice submissions. The Authorized Official must also submit completed submissions electronically. Finally, the Authorized Official has the ability to assign Supports to individual submissions.
SECTION 8(e) NOTICE

- To start a new 8(e) Notice in CDX, click the **Start New Submission** button.
- To edit an **In Progress** notice, click the case number link in the **Case Number** column in the table below.
- To access and edit a **Completed** submission, unlock the submission by clicking the lock icon (🔒) and enter your passphrase originally associated with the selected submission. All additional changes made will be submitted as an amendment. Click the green arrow icon (⬇) to download a copy of record for a submission.
- You may delete any **In Progress** submission by clicking the delete icon (✗).

Start New Submission
CREATE PASSPHRASE

Please create a passphrase that is at least 8 characters in length and does not exceed 20 characters. To protect your account, your passphrase should contain a combination of letters and numbers. The passphrase you create may include spaces but should not contain special characters (for example, +, ?, and *). You can associate the same passphrase with multiple submissions.

New Passphrase

Confirm New Passphrase

A passphrase can only be created by an Authorized Official for an individual submission. Your passphrase will be used as an encryption key to protect the contents of your data. As an Authorized Official, you are responsible for remembering your passphrase and distributing it to only authorized Supports.

Note: You will be responsible for remembering the passphrase and distributing it to only authorized Supports for the case number. If you forget the passphrase, you will not be able to access the Section 8(e) Notice submission to print, submit, or make changes.
TECHNICAL CONTACT

Identify the technical contact who is capable of answering questions related to the chemical(s) submitted to EPA within this submission. Identify if this submission is being submitted on behalf of another company or consortium by selecting the appropriate radio button. If submitting on behalf of is not applicable, select the N/A radio button. Click the Copy from CDX Registration button below to import your CDX registration contact information.

CHEMICAL IDENTIFICATION

The Chemical Alias can be used to help identify each 8(e) Notice submission when there is more than one.

Chemical Alias:  

Is this a submission for a mixture?  

☐ Yes  ☐ No

Click the button below to search EPA's Substance Registry Services (SRS) for the desired chemical.

Search SRS

Chemical Identifying Number:  
Chemical Name:  
Synonym:
SUBSTANCE REGISTRY SERVICES SEARCH

Enter the specific or partial, currently correct Chemical Abstracts (CA) Index name as listed on the TSCA Inventory and/or the exact corresponding Chemical Abstract Services Registry Number (CASRN) for each reportable chemical substance at your site. Click Search and select the appropriate CA Index name/ CASRN combination from EPA's Substance Registry Services (SRS).

Please search by CASRN or CA Index Name

1. CASRN: Matches exactly
2. CA Index Name or Other Synonym: Matches Exactly

OR

Enter the specific or partial, currently correct Accession Number as listed on the TSCA Inventory and/or the exact or partial corresponding Generic Name for each reportable chemical substance at your site. Click Search and select the appropriate Accession Number/ Generic Name combination from EPA's Substance Registry Services (SRS).

Please search by Accession Number and/or Generic Name

1. Accession Number: Matches Exactly
2. Generic Name: Matches Exactly
CHEMICAL NOT FOUND IN SUBSTANCE REGISTRY SERVICES

Complete all known chemical substance information in the below fields. Click the 'OK' button when all known chemical substance information has been fulfilled.

If you need to go back to the SRS search screen, please click 'Cancel'.

CHEMICAL SUBSTANTIATION

1. Is the substance commercially available?
   
   Yes: ☐ No: ☐

2. Has the substance been patented in the U.S. or elsewhere?
   
   Yes: ☐ No: ☐

3. Is a patent for the substance currently pending?
   
   Yes: ☐ No: ☐

4. Do you assert that the substance is either a polymer or a chemical substance of unknown or variable composition or complex reaction product or biological material (a UVCB substance)?
   
   Yes: ☐ No: ☐

5. Describe whether a competitor could employ reverse engineering to identically recreate the substance.

   

6. Describe the substantial harmful effects that would result to your competitive position if the CBI information is made available to the public. In your answer, explain the causal relationship between disclosure and any resulting substantial harmful effects. Consider in your answer such constraints as capital and marketing cost, specialized technical expertise, or unusual processes and your competitor’s access to your customers. Address each piece of information claimed CBI.
SUBSTANTIATION PART 1

1. For what period do you assert your claim of confidentiality? If the claim is to extend until a certain event or point in time, please indicate that event or time period.

   - Event
   - Date

   Explain why such information should remain confidential until such point.

2. Briefly describe any physical or procedural restrictions within your company relating to the use and storage of the information you are claiming CBI.

3. Has the information that you are claiming as confidential been disclosed to any other governmental agency or to this Agency at any other time?
SUBSTANTIATION PART 2

4. If anyone outside your company has access to any of the information claimed CBI, are they restricted by confidentiality agreement(s)?

Yes:  ○  No:  ○

5. Is the substance or any information claimed CBI the subject of FIFRA regulation or reporting?

Yes:  ○  No:  ○

6. Do you assert that disclosure of this information you are claiming CBI would reveal any of the following?
   a. Confidential processes used in manufacturing the substance?
      Yes:  ○  No:  ○
   b. Information unrelated to the effects of the substance on human health or the environment?
      Yes:  ○  No:  ○
SUBSTANTIATION PART 3

7. Does the information claimed as confidential appear or is it referred to in any of the following:
   a. Advertising or promotional material for the chemical substance or the resulting end product?
      ☐ Yes ☐ No

b. Material safety data sheets or other similar materials (such as technical data sheets) for the substance or resulting end product (include copies of this information as it appears when accompanying the substance and/or product at the time of transfer or sale)?
      ☐ Yes ☐ No

c. Professional or trade publications?
      ☐ Yes ☐ No

d. Any other media or publications available to the public or to your competitors?
      ☐ Yes ☐ No

8. Has EPA, another federal agency, or court made any confidentiality determination regarding information associated with this substance?
   ☐ Yes ☐ No
