

The Clean Watersheds Needs Survey (CWNS) is a comprehensive assessment of needs to meet the water quality and water-related public health goals of the Clean Water Act (CWA). States and the U.S. Environmental Protection Agency (EPA) conduct the CWNS every four years under CWA Section 516 (b). Georgia did not have the resources to complete the updating of their data for the 2004 Survey.

Visit [www.epa.gov/CWNS](http://www.epa.gov/CWNS) for more information.
