§ 52.1120 Identification of plan.

- (c) The plan revisions listed below were submitted on the dates specified.

- (1) The addition of Regulation 7.17, for the Southeastern Massachusetts Air Pollution Control District, Coal Conversion—Brayton Point Station, New England Power Company, submitted by the Commissioner of the Massachusetts Department of Environmental Quality Engineering on September 7, 1978. Compliance with this revision shall be determined by methods consistent with New Source Performance Standards, proposed Test Method 19, as stated in a letter dated February 8, 1979 from Kenneth Hagg of the Massachusetts Department of Environmental Quality Engineering to Frank Ciavattieri of the Environmental Protection Agency.

40 CFR Part 413

Electroplating Point Source Category; Suspension of Interim Final Regulation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Suspension of regulation.

SUMMARY: The United States Environmental Protection Agency today is indefinitely suspending pretreatment standards under the Clean Water Act which establish cyanide, chromium, and pH parameters for electroplaters. This Agency action is primarily based on a request for reconsideration of the cyanide and chromium standards submitted by some affected companies. Based upon a preliminary evaluation of the request, EPA has concluded that this regulation should be suspended until the industry petition can be fully evaluated.

SUPPLEMENTARY INFORMATION: On July 12, 1977, EPA promulgated interim final pretreatment standards for the electroplating category analogous to best practicable technology (BPT). The Agency action is primarily based on a request for reconsideration of the cyanide and chromium standards submitted by some affected companies. Based upon a preliminary evaluation of the request, EPA has concluded that this regulation should be suspended until the industry petition can be fully evaluated.

Effective date: May 14, 1979.

40 CFR Chapter I, Subchapter N, Part 413, Electroplating Point Source Category, is amended by suspending the following paragraphs and sections in their entirety: Subpart A, Electroplating Point Source Category, Section 413.14; Subpart B, Electroplating of Precious Metals Subcategory, Section 413.24; Subpart D, Anodizing Subcategory, Section 413.44; Subpart E, Chemical Etching and Milling Subcategory, Section 413.44; Subpart F, Electroless Plating, Section 413.74; and Subpart H, Printed Circuit Board Subcategory, Section 413.84.

Barbara Blem, Acting Administrator.

45 CFR Part 193a

State Postsecondary Education Commissions Program—Intrastate Planning; Final Allocation Formula and Program Guidelines

AGENCY: Office of Education, HEW.

ACTION: Final Allocation Formula and Program Guidelines.

SUMMARY: The Commissioner amends the allocation formula and program guidelines for the State Postsecondary Education Commissions Program—Intrastate Planning. Operated as a formula grant program, the program is designed to provide assistance to State Postsecondary Education Commissions to conduct statewide comprehensive planning activities. This amendment merely deletes the date of the fiscal year of program operations.

EFFECTIVE DATE: The allocation formula and program guidelines are expected to take effect 45 days after they are transmitted to Congress. (Documents of this type are usually transmitted to Congress three to four days before their publication in the Federal Register.) However, this date is changed by statute if Congress disapproves the allocation formula and program guidelines or takes
