Superfund’s Board of Directors Needs to Evaluate Actions to Improve the Superfund Program

What We Found

We found that EPA completed its work to determine the financial impact of RCRA-regulated facilities on the Superfund program. The Agency is still assessing the financial impacts of non-RCRA facilities on the Superfund program. EPA also responded to Office of Inspector General recommendations on RCRA financial assurance. However, we found that some of EPA’s planned actions to address its Study recommendations were different than the actions recommended.

What We Recommend

We recommend that the Board review a sample of the implemented Study recommendations to confirm that the actions taken were complete and responsive to the original Study recommendation(s).
