

EPA Reviews Cleanup Paoli Rail Yard Superfund Site

The U.S. Environmental Protection Agency (EPA) is conducting a Five-Year Review of the Paoli Rail Yard Superfund Site, a former train repair and maintenance facility located in Paoli, PA. EPA inspects sites regularly to ensure that cleanups conducted remain fully protective of public health and the environment. Prior reviews have determined the cleanup remedy is protective. The results of this review will be available by May 2016.

To access results of the review (starting May 2016):
