Louisiana Department of Environmental Quality
U.S. Environmental Protection Agency, Region 6

Present to

Shell Chemical LP

Ready for Reuse Determination

In recognition of Shell Chemical LP's efforts to investigate and, where needed, remediate the Shell Chemical LP Plant in Taft, Louisiana (the "Property"), the Louisiana Department of Environmental Quality (LDEQ) and the United States Environmental Protection Agency (EPA) Region 6 together have determined that the Property is Ready for Reuse. As documented in the Ready for Reuse Determination Letter of October 31, 2006, the Ready for Reuse Determination is an acknowledgment that environmental conditions on the Property are protective of human health and the environment based on its current and anticipated commercial/industrial use.
