PUBLIC NOTICE

South Point, Ohio 44023
Case Docket No. CWA-05-2016-0009

The U.S. Environmental Protection Agency (EPA), Region 5, is providing this notice of intent to file a proposed Consent Agreement and Final Order (CAFO) against Superior Marine Ways, Inc. (Respondent) for violations of the Clean Water Act (CWA). This proposed CAFO will settle civil violations alleging that the Respondent did not apply for a National Pollutant Discharge Elimination System (NPDES) permit for stormwater discharges associated with industrial activity from its Proctorville and South Point facilities. The alleged violations are of environmental significance because stormwater discharges into the Ohio River threaten the environment, and compliance cannot be determined without having the appropriate permits to discharge. The EPA and Respondent have agreed in principle that Respondent will pay a civil penalty of \$25,000 and implement a supplemental environmental project (SEP) to resolve these violations. The SEP will cost at least \$298,000 and will protect public health and the environment by source reduction using equipment and technology modification that will eliminate the need for a 2,000 gallon oil tank and 4,400 feet of above-ground and below-ground pressurized hydraulic oil piping.

A copy of the Proposed CAFO may be viewed online at: www.epa.gov/aboutepa/epa-region-5#events by clicking on the "Proposed Consent Agreement and Final Order" link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the address below.
