

PROMOTING HEALTHY COMMUNITIES: DEVELOPING AND EXPLORING LINKAGES BETWEEN PUBLIC HEALTH INDICATORS, EXPOSURE & HAZARD DATA

PANEL II: STAR RESEARCH OUTCOMES (PART I)

- **Kari Nadeau, Stanford University**
- **Ying-Ying Meng, University of California, Los Angeles**
- **Matthew Campen, University of New Mexico**
- **Kathryn Lundquist, University of Minnesota**

Chair: Nica Louie, NCER, ORD, EPA

PANEL II: STAR RESEARCH OUTCOMES (PART I)

Name/Affiliation	Presentation
Kari Nadeau Stanford University	Epigenetic Modifications After Ambient Air Pollution Exposure
Ying-Ying Meng University of California, Los Angeles	Diseases/Health Outcomes: Asthma/Respiratory Health Outcomes
Matthew Campen University of New Mexico	Circulating Factors Induce Endothelial Cell Activation Following Exposure to Inhaled Nitrogen Dioxide: Evidence From a Novel Translational <i>In Vitro</i> Model
Kathryn Lundquist University of Minnesota	Effect of Emission Reductions by Source or Location

PROMOTING HEALTHY COMMUNITIES: DEVELOPING AND EXPLORING LINKAGES BETWEEN PUBLIC HEALTH INDICATORS, EXPOSURE & HAZARD DATA

PANEL II: STAR RESEARCH OUTCOMES (PART II)

Panel Members:

- **Shao Lin, New York State Department of Health**
- **Armistead Russell, Georgia Institute of Technology**
- **Mary Kay O'Rourke, University of Arizona**
- **Janice Chambers, Mississippi State University**
- **Nicholas Ralston, University of North Dakota**

Chair: Nica Louie, NCER, ORD, EPA

PANEL II: STAR RESEARCH OUTCOMES (PART II)

Name/Affiliation	Presentation
Shao Lin New York State Department of Health	Evaluating Green Building Attributes in Schools and Their Impact on Students' Performance in New York State
Ted Russell Georgia Institute of Technology	Using Indicators to Link Emissions, Air Quality and Health Associations
Mary Kay O'Rourke University of Arizona	Comparisons of Measured and Modeled Dietary Arsenic and Relationships to Urinary Arsenic Totals
Janice Chambers Mississippi State University	New Environmental Public Health Indicator Linking Organochlorine Compounds and Type 2 Diabetes
Nicholas Ralston University of North Dakota	Selenium's Pivotal Roles in Relation to Mercury Exposure Risks
