Subject New report about data base variability

Dear Mr. Cheatham,

Relevant to the Chamber's Request for Reconsideration (RFR 04019A) I call your attention to a recently published, peer reviewed manuscript:

Dale Marino, "Variability in Physical Constant Parameter Values from Standard Data Sources and the Implication of this Variability for Risk Analysis", *Risk Analysis* , Vol. 26, No. 1, pp. 185 – 201, 2006.

This report is relevant to the issues raised by the U.S. Chamber of Commerce. I ask that this email message be posted on EPA's "Related Correspondence" website pertaining to correction requests so that the public may have full access to this information.

Should you or other individuals wish to receive information about how to obtain a copy of the cited material, Dale Marino's contact details are as follows:
