**Summary:** This rule corrects two minor typographical errors and one omission in the May 11, 1999 technical amendment (Revision Checklist 179; 64 FR 25408) to the Phase IV Land Disposal Restrictions (LDR). This rule also corrects three errors in the May 26, 1998 LDR Phase IV final rule (Revision Checklist 167; 63 FR 28556).

**State Authorization:** This rule is placed in RCRA Cluster X. The State modification deadline is July 1, 2001 (or July 1, 2002 if a State statutory change is necessary).

The revisions to 262.34(a)(4), 268.7(a)(3)(iii), 268.40(j), 268.40 Table, 268.49(c)(1)(A) and 268.49(c)(1)(B) are promulgated pursuant to HSWA authorities. There are HSWA revisions that are considered more stringent than the existing Federal regulations as well as HSWA revisions that are considered less stringent than the existing Federal regulations. An authorized State is required to adopt Federal regulations that are more stringent than the authorized State regulations. These required HSWA revisions take effect in an authorized State on the Federal effective date. A State is not required to modify its program when EPA promulgates Federal regulations that are less stringent than the authorized State regulations. As such, optional revisions are not effective under HSWA in an authorized State until the State adopts and receives authorization for the changes. The revisions to 261.32 are promulgated pursuant to non-HSWA authorities. The non-HSWA changes do not go into effect in an authorized State until the State adopts and receives authorization for the revisions. Both interim and final authorization are available for the HSWA provisions. Interim authorization expires January 1, 2003. Only final authorization is available for the non-HSWA provisions.

The State Revision Application must include applicable statutes and regulations, Revision Checklist 183, and other application materials, i.e. a supplemental AG statement, a program description, and/or an MOA, as determined by the Regional office. Note that under 271.21(b), the Regional office is allowed flexibility to determine what specific documents must be included in an application. Also, under
