

Long-term Contracts (as of April 25, 2016)

The Long-term Green Power Contracts list highlights the Green Power Partners that have signed a contract to purchase green power for five years or more. The combined green power use from these 107 contracts amounts to more than 3.7 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of more than 342,000 average American households each year.
