June 7, 2016

60 Minute Audio Web broadcast

Eastern: 2:30pm–3:30pm Central: 1:30pm–2:30pm
Mountain: 12:30pm–1:30pm Pacific: 11:30am–12:30pm

Description

Join us on June 7, 2016 to learn how drinking water and wastewater utilities are implementing customer assistance programs (CAPs) created for customers having difficulty paying for water and sewer bills. CAPs help all customers receive the public health benefits of drinking water and wastewater services, while also helping utilities meet their financial needs and obligations.

Speakers

Sandi Wolff, San Antonio Water System
Brad Blake, Portland Water Bureau

Moderator

Sonia Brubaker, Water Infrastructure and
Resiliency Finance Center
