

List of Potentially Affected Sources for the Asphalt Processing and Roofing Manufacturing NESHAP

Note: This is a list of sources identified by EPA as potentially affected by the upcoming NESHAP. This list was developed for assessing potential impacts of the NESHAP. This list in no way should be construed as the definitive list of sources affected by the NESHAP. There may be other sources subject to the NESHAP that are not listed. This list may also contain sources that may not be affected by the NESHAP. In either situation, please refer to the NESHAP to determine if a source is affected.
