PUBLIC NOTICE No. CWA-04-2016-5506(b)

**Notice of Proposed Issuance of
Consent Agreement and Final Order**

The U.S. Environmental Protection Agency (EPA), Region 4, proposes to issue a Consent Agreement and Final Order (CAFO), Docket No. CWA-04-2016-5506(b), that assesses an administrative penalty of \$187,500 to Consolidated-Tomoka Land Co. (Respondent), Volusia County, Florida, under the authority of Section 309(g)(2)(B) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(2)(B).

The EPA alleges that the Respondent has made unauthorized discharges of dredged and/or fill material into waters of the United States in violation of Section 301 of the Clean Water Act, 33 U.S.C. Section 1311. The Respondent's unauthorized activity impacted approximately 163.4 acres of herbaceous and forested freshwater wetlands located near 29.2293° north latitude and 81.1345° west longitude.

Any person wishing to comment on any aspect of the proposed CAFO Docket No. CWA-04-2016-5506(b) must submit such comments in writing to the Regional Hearing Clerk at U.S. EPA, Atlanta Federal Center, 61 Forsyth Street, S.W., Atlanta, Georgia, 30303. Comments must be submitted within 30 days of the date of this notice. Please include the Public Notice Number and the Docket Number with any submitted comments.

Because this matter involves a CWA § 309(g) proceeding that is proposed to be simultaneously commenced and settled under 40 C.F.R. § 22.13(b), the EPA cannot resolve or settle this CAFO until ten days after the close of the public comment period in accordance with 40 C.F.R. § 22.45 (b) and (c).

FOR FURTHER INFORMATION: Persons wishing to receive a copy of the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits*, 40 C.F.R. Part 22, which apply to this matter, or comment upon the proposed penalty assessment, should contact the Regional Hearing Clerk identified above. Unless otherwise noted, the public record for this action is located in the EPA Regional Office at 61 Forsyth Street, S.W., Atlanta, Georgia, and the file will be open for public inspection between 9:00 a.m. and 4:00 p.m., Monday through Friday.

CONSENT AGREEMENT

I. Statutory Authority

1. This is a civil penalty proceeding under Section 309(g)(1) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(1), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (C.F.R.) Part 22 (Part 22).

2. The authority to take action under Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), is vested in the Administrator of the United States Environmental Protection Agency (EPA). The Administrator has delegated this authority to the Regional Administrator Region 4, who in turn has redelegated this authority to the Director of the Water Protection Division of EPA Region 4 (Complainant).

II. Statutory and Regulatory Background

3. Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), states "[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)]."

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states "[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful." Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source”

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

III. Allegations

10. The term “Discharge Area” means the jurisdictional waters that have been impacted either through the discharge of dredged and/or fill material as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is approximately 163.4 acres of herbaceous and forested freshwater wetlands abutting and/or adjacent to the Little Tomoka River and Priest Branch, within an approximate 3,500 acre parcel located west of I-95, within Sections 5, 6, 7, 8, 26, 27, 34, and 35, Township 14 and 15 South, Range 31 and 32 East, Volusia County, Florida, near latitude 29°13’45.49” north and longitude 81°8’4.29” west (See Exhibits A and B).

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.

12. Consolidated-Tomoka Land Co. (Respondent), at all times relevant to this Consent Agreement and Final Order, was the owner and operator of the Site.

13. Respondent is a person within the definition set forth under section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. Commencing on or about August 2006 until June 2009 for the portion of the Site lying north of Priest Branch (the “North Tract”) (See Exhibit C) and until 2010 for the portion of the Site lying south of Priest Branch (the “South Tract”) (See Exhibit D), Respondent, or those acting on behalf of the Respondent, discharged dredged and/or fill material into wetlands on the

Site using earth moving machinery, during unauthorized activities associated with converting the Site from a silviculture operation to hay production

15. Respondent impacted approximately 163.4 acres of wetlands (Discharge Area) that are adjacent to the Little Tomoka River and Priest Branch, which are perennial tributaries of the Tomoka River, a navigable-in-fact water of the United States.

16. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are "pollutants" as defined under the CWA § 502(6), U.S.C. § 1362(6).

17. The earth moving machinery employed by the Respondent to deposit the dredged and/or fill material at the Discharge Area are "point sources" as defined under the CWA § 502(14), U.S.C. § 1362(14).

18. Respondent's placement of the dredged and/or fill material into the Discharge Area constitutes a "discharge of pollutants" as defined under the CWA § 502(12), U.S.C. § 1362(12).

19. At no time during the discharge of dredged and/or fill material at the Discharge Area from August 2006, to the present, did the Respondent possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent. Each discharge by the Respondent of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

20. Each day the material discharged by the Respondent remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

IV. Stipulations and Findings

21. Complainant and Respondent have conferred for the purpose of settlement under 40 C.F.R. §22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without gathering any evidence or testimony, making of any argument, or adjudicating any issue in this matter, and in accordance with 40 C.F.R. §22.13(b), this Administrative Consent Agreement and Final Penalty Order (CAFO) will simultaneously commence and conclude this matter.

22. For the purposes of this proceeding and CAFO, Respondent admits the jurisdictional allegations set out above and neither admits nor denies the factual allegations set out above.

23. Respondent hereby waives its right to contest the allegations set out above and its right to appeal the Final Order accompanying this Consent Agreement.

24. Respondent consents to the assessment of and agrees to pay the administrative penalty as set forth in this CAFO and consents to the other conditions set forth in this CAFO.

25. By signing this CAFO, Respondent certifies that the information it has supplied concerning this matter was at the time of submission, and is, truthful, accurate, and complete for each such submission, response and statement. Respondent realizes that there are significant penalties for submitting false or misleading information, including the possibility of fines and/or imprisonment for knowing submission of such information.

26. The EPA reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification provided by Respondent was materially false or inaccurate at the time such information or certification was provided to the EPA.

27. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CWA.

28. Under Section 309(g)(2)(B) of the CWA, 33 U.S.C. § 1319(g)(2)(B), and 40 C.F.R. § 19, and considering the nature of the violations and other relevant factors, EPA has determined that ONE HUNDRED EIGHTY SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$187,500) is an appropriate civil penalty to settle this action.

29. Respondent shall submit payment of the penalty specified in the preceding paragraph within 30 days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 32. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by the Respondent to pay the penalty assessed by the CAFO in full by its due date may subject the Respondent to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Other than as expressed herein, compliance with this CAFO shall not be a defense to any actions subsequently commenced under federal laws and regulations administered by the EPA.

34. Nothing in this CAFO shall be construed as prohibiting, altering, or in any way limiting the ability of the United States to seek any other remedies or sanctions available by virtue of Respondent's violation of this CAFO or of the statutes and regulations upon which this agreement is based, or for Respondent's violation of any federal or state statute, regulation or permit.
