

PROPOSED RELOCATION OF APPALACHIAN TRAIL

CELCO LANDFILL AREA

CELCO PLANT AREA

LEGEND:

— APPROXIMATE PROPERTY LINE

NOTES:

1. This figure shows the site topography published by USGS and is presented for illustration purposes. Topographic data from the Narrows and Pearisburg USGS Topographic Quadrangles are shown. The Narrows Quad was surveyed in 1965 and photorevised in 1998. The Pearisburg Quad was surveyed in 1965 and photorevised in 1985. Photorevisions are shown in purple.
2. In the Plant Area, Fly Ash Ponds 1, 2, 4, Equalization Basin, Aeration Basin and White Sludge Pond B have been closed since these USGS maps were last updated and therefore may not represent current conditions.
3. The Appalachian Trail is illustrated based on the USGS topographic map. The proposed relocation of one section is shown.
