**CONSENT AGREEMENT**

**I. Statutory Authority**

1. This is a civil penalty proceeding under Section 309(g)(2)(B) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(2)(B), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (C.F.R.) Part 22 (Part 22).

2. The authority to take action under Section 309(g)(2)(B) of the CWA, 33 U.S.C. § 1319(g)(2)(B), is vested in the Administrator of the United States Environmental Protection Agency (EPA). The Administrator has delegated this authority to the Regional Administrator Region 4, who in turn has redelegated this authority to the Director of the Water Protection Division of EPA Region 4 (Complainant).

**II. Statutory and Regulatory Background**

3. Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), states "[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)]."

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states "[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful." Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source . . . .”

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

10. The term “Discharge Area” means the jurisdictional waters that have been impacted either through filling or dredging as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is located within the Hofmann Forest, an approximately 79,026-acre tract of land located in Onslow and Jones Counties, North Carolina. It is located predominately on the north side of U.S. Highway 17, near Deppe, Onslow County, North Carolina, near 34.56° north latitude and 77.28° west longitude. The Discharge Area is indicated on the enclosed Exhibits A and B.

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.

### **III. Allegations**

12. The NC State Natural Resources Foundation, Inc. (NCSNRF or Foundation), (Respondent), at all times relevant to this Consent Agreement and Final Order, was the operator of the Site.

13. NCSNRF is a person within the definition set forth under section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. Through 2014, Respondent, or those acting on behalf of the Respondent, discharged dredged and/or fill material into certain jurisdictional wetlands on the Site using earth moving machinery, during unauthorized site preparation and drainage activities associated with forest management.

15. Respondent’s unauthorized site preparation activities directly impacted approximately 120 acres of forested wetlands (Discharge Area) in the Hofmann Forest. The

impacted forested wetlands are adjacent to tributaries of the White Oak River, the Trent River and the New River, all traditional navigable waters of the United States.

16. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are “pollutants” as defined under the CWA § 502(6), U.S.C. § 1362(6).

17. The earth moving machinery employed by the Respondent to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under the CWA § 502(14), U.S.C. § 1362(14).

18. Respondent’s placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under the CWA § 502(12), U.S.C. § 1362(12).

19. At no time during the discharge of dredged and/or fill material at the Discharge Area through 2014, did the Respondent possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent. Each discharge by the Respondent of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

20. Each day the material discharged by the Respondent remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

21. Therefore, the Respondent has violated Section 301 of the CWA, 33 U.S.C. § 1311, due to its discharge of dredged and/or fill material without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344.

#### **IV. Stipulations and Findings**

22. Complainant and the Respondent have conferred for the purpose of settlement under 40 C.F.R. Part 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without gathering any evidence or testimony, making of any argument, or adjudicating any issue in this matter, and in accordance with 40 C.F.R. Part 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

23. For the purposes of this CAFO, the Respondent admits the jurisdictional allegations set out above and neither admits nor denies the factual allegations set out above.

24. The Respondent hereby waives its right to contest the allegations set out above and its right to appeal the Final Order accompanying this Consent Agreement.

25. The Respondent consents to the assessment of and agrees to pay the administrative penalty as set forth in this CAFO and consents to the other conditions set forth in this CAFO.

26. By signing this CAFO, the Respondent certifies that the information it has supplied concerning this matter was at the time of submission, and is, truthful, accurate, and complete for each such submission, response and statement. The Respondent realizes that there are significant penalties for submitting false or misleading information, including the possibility of fines and/or imprisonment for knowing submission of such information.

27. The EPA reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification provided by the Respondent was materially false or inaccurate at the time such information or certification was provided to the EPA.

28. Complainant and the Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CWA.

#### V. Payment

29. Under Section 309(g)(2)(B) of the CWA, 33 U.S.C. § 1319(g)(2)(B), and 40 C.F.R. § 19, and considering the nature of the violations and other relevant factors, the EPA has determined that One Hundred Sixty Thousand dollars (\$160,000) is an appropriate civil penalty to settle this action.

30. The Respondent shall submit payment of the penalty specified in the preceding paragraph within 30 days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 33. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by the Respondent to pay the penalty assessed by the CAFO in full by its due date may subject the Respondent to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be in an amount equal to twenty percent (20%) of the aggregate amount of such penalty and nonpayment penalty which are unpaid as of the beginning of such quarter. In any such collection action, the validity, amount and appropriateness of the penalty and of this CAFO shall not be subject to review.
