I. JURISDICTION

1. This Settlement Agreement is entered into pursuant to the authority vested in the Administrator of the U.S. Environmental Protection Agency (EPA) by Section 122(h)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9622(h)(1), which authority has been delegated to the Regional Administrators of the EPA by EPA Delegation No. 14-14-D (Cost Recovery Non-Judicial Agreements and Administrative Consent Orders) and redelegated from the Regional Administrator through the Director, Superfund Division, through the Deputy Director, Superfund Division, to the Chief, Superfund Enforcement and Community Engagement Branch by EPA Regional Delegation No. R-14-14-D. This Settlement Agreement is also entered into pursuant to the authority of the Attorney General of the United States to compromise and settle claims of the United States, which authority, in the circumstances of this settlement, has been delegated to the Assistant Attorney General for the Environment and Natural Resources Division.

2. This Settlement Agreement is made and entered into by EPA and Domtar Paper Company LLC (“Settling Party”). Settling Party consents to and will not contest the authority of the United States to enter into this Settlement Agreement or to implement or enforce its terms.

II. BACKGROUND

3. This Settlement Agreement concerns the Ward Transformer Superfund Site (“Site”) located in Raleigh, North Carolina. EPA alleges that the Site is a facility as defined by Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).

5. In response to a release or a substantial threat of a release of a hazardous substance at or from the Site, in April 2003, EPA commenced a Remedial Investigation and Feasibility Study (“RI/FS”) for the Site pursuant to 40 C.F.R. § 300.430.

6. On September 16, 2005, EPA Region 4 signed an Administrative Settlement Agreement and Order on Consent with potentially responsible parties to perform a time-critical removal action at the Ward Transformer facility and adjacent parcels (now known as Operable Unit 2 (“OU2”)). The removal action was completed August 2015.

8. The decision by EPA on the remedial action to be implemented at OU1 of the Site is embodied in a Record of Decision for OU1 (“OU1 ROD”), executed on September 29, 2008, on which the State has given its concurrence. The ROD includes a responsiveness summary to
the public comments. Notice of the final plan was published in accordance with Section 117(b) of CERCLA, 42 U.S.C. § 9617(b).

9. On January 9, 2014, EPA Region 4 signed an Administrative Settlement Agreement and Order on Consent (“OU2 RI/FS AOC”) with potentially responsible parties to perform, and with certain federal agencies, including the United States Department of the Army, United States Department of the Navy, United States Department of the Air Force, and Tennessee Valley Authority, to partially fund, a supplemental remedial investigation/focused feasibility study (“RI/FS”) on OU2. Potentially responsible parties are performing the RI/FS for OU2. EPA anticipates publishing a Record of Decision for OU2 (“OU2 ROD”) after the completion of the Remedial Investigation and Feasibility Study. EPA will perform the remedy for OU2 set forth in the OU2 ROD.

10. In performing response action at the Site, EPA has incurred response costs and will incur additional response costs in the future.

11. EPA alleges that Settling Party is a responsible party pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), and is jointly and severally liable for response costs incurred and to be incurred at the Site.

12. EPA and Settling Party recognize that this Settlement Agreement has been negotiated in good faith and that this Settlement Agreement is entered into without the admission or adjudication of any issue of fact or law. The actions undertaken by Settling Party in accordance with this Settlement Agreement do not constitute an admission of any liability by Settling Party. Settling Party does not admit, and retains the right to controvert in any subsequent proceedings other than proceedings to implement or enforce this Settlement Agreement, the validity of the facts or allegations contained in this Section.

III. PARTIES BOUND

13. This Settlement Agreement shall be binding upon EPA and upon Settling Party and its successors and assigns. Any change in ownership or corporate or other legal status of Settling Party, including but not limited to any transfer of assets or real or personal property, shall in no way alter Settling Party’s responsibilities under this Settlement Agreement. Each signatory to this Settlement Agreement certifies that he or she is authorized to enter into the terms and conditions of this Settlement Agreement and to bind legally the party represented by him or her.

IV. STATEMENT OF PURPOSE

14. By entering into this Settlement Agreement, the mutual objective of the Parties is to avoid difficult and prolonged litigation by allowing Settling Party to make a cash payment, which includes a premium, to resolve its alleged civil liability under Sections 106 and 107(a) of CERCLA, 42 U.S.C. §§ 9606 and 9607(a), with regard to the Site as provided in the Covenants by EPA in Section VIII, subject to the Reservations of Rights by EPA in Section IX.

If any amounts due to EPA under Paragraph 16 (Payment by Settling Party for Response Costs) are not paid by the required date, Settling Party shall be in violation of this Settlement Agreement and shall pay to EPA, as a stipulated penalty, in addition to the Interest required by Paragraph 20 (Interest on Late Payments), $1000 per violation per day that such payment is late.

23. Notwithstanding any other provision of this Section, EPA may, in its unreviewable discretion, waive payment of any portion of the stipulated penalties that have accrued pursuant to this Settlement Agreement. With respect to present and future liability, these covenants shall take effect upon the Effective Date. These covenants are conditioned upon the satisfactory performance by Settling Party of its obligations under this Settlement Agreement. These covenants extend only to Settling Party and do not extend to any other person.
IX. RESERVATIONS OF RIGHTS BY EPA

25. United States' Pre-Certification Reservations for OU1. Notwithstanding any other provision of this Settlement Agreement, the United States reserves, and this Settlement Agreement is without prejudice to, the right to institute judicial proceedings and/or to issue an administrative order seeking to compel Settling Party to perform response actions relating to OU1 and/or to pay the United States for additional costs of response if, (a) prior to Certification of RA Completion for OU1, (1) conditions at the Site, previously unknown to EPA, are discovered, or (2) information, previously unknown to EPA, is received, in whole or in part, and (b) EPA determines that these previously unknown conditions or information together with any other relevant information indicates that the RA for OU1 is not protective of human health or the environment. For purposes of this paragraph, the information and the conditions known to EPA will include only that information and those conditions known to EPA as of November 24, 2015, the date certain potentially responsible parties submitted the “Annual Status Update, Ward Transformer OU1 Superfund Site, Raleigh, North Carolina” to EPA.

26. United States' Post-Certification Reservations for OU1. Notwithstanding any other provision of this Settlement Agreement, the United States reserves, and this Settlement Agreement is without prejudice to, the right to institute judicial proceedings and/or to issue an administrative order seeking to compel Settling Party to perform response actions relating to OU1 and/or to pay the United States for additional costs of response if, (a) subsequent to Certification of RA Completion for OU1, (1) conditions at the Site, previously unknown to EPA, are discovered, or (2) information, previously unknown to EPA, is received, in whole or in part, and (b) EPA determines that these previously unknown conditions or this information together with other relevant information indicate that the RA for OU1 is not protective of human health or the environment. For purposes of this paragraph, the information and the conditions known to EPA shall include only that information and those conditions known to EPA as of the date of Certification of RA Completion for OU1 and set forth in the OU1 ROD, the administrative record supporting the OU1 ROD, the post-OU1 ROD administrative record, or in any information received by EPA pursuant to the requirements of the RD/RA CD prior to Certification of RA Completion for OU1.

27. United States’ Pre-Certification Reservations for OU2. Notwithstanding any other provision of this Settlement Agreement, in the event that EPA selects an RA for OU2, the United States reserves, and this Settlement Agreement is without prejudice to, the right to institute judicial proceedings and/or to issue an administrative order seeking to compel Settling Party to perform response actions relating to OU2 and/or to pay the United States for additional costs of response if, (a) prior to Certification of RA Completion for OU2, (1) conditions at the Site, previously unknown to EPA, are discovered, or (2) information, previously unknown to EPA, is received, in whole or in part, and (b) EPA determines that these previously unknown conditions or information together with any other relevant information indicates that the RA for OU2 is not protective of human health or the environment. For purposes of this paragraph, the information and the conditions known to EPA will include only that information and those conditions known to EPA as of the date the OU2 ROD is signed and set forth in the OU2 ROD and the administrative record supporting the OU2 ROD.
28. United States’ Post-Certification Reservations for OU2. Notwithstanding any other provision of this Settlement Agreement, in the event that EPA selects an RA for OU2, the United States reserves, and this Settlement Agreement is without prejudice to, the right to institute judicial proceedings and/or to issue an administrative order seeking to compel Settling Party to perform response actions relating to OU2 and/or to pay the United States for additional costs of response if, (a) subsequent to Certification of RA Completion for OU2, (1) conditions at the Site, previously unknown to EPA, are discovered, or (2) information, previously unknown to EPA, is received, in whole or in part, and (b) EPA determines that these previously unknown conditions or this information together with other relevant information indicate that the RA for OU2 is not protective of human health or the environment. For purposes of this paragraph, the information and the conditions known to EPA shall include only that information and those conditions known to EPA as of the date of Certification of RA Completion for OU2 and set forth in the OU2 ROD, the administrative record supporting the OU2 ROD, or the post-OU2 ROD administrative record.

29. General Reservations of Rights. EPA reserves, and this Settlement Agreement is without prejudice to, all rights against Settling Party with respect to all matters not expressly included within Paragraph 24 (Covenants for Settling Party by EPA). Notwithstanding any other provision of this Settlement Agreement, EPA reserves all rights against Settling Party with respect to:

   a. liability for failure of Settling Party to meet a requirement of this Settlement Agreement;
   b. criminal liability;
   c. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments;
   d. liability based on the ownership or operation of the Site by Settling Party when such ownership or operation commences after signature of this Settlement Agreement by Settling Party;
   e. liability based on Settling Party’s transportation, treatment, storage, or disposal, or arrangement for transportation, treatment, storage, or disposal of a hazardous substance or a solid waste at or in connection with the Site, after signature of this Settlement Agreement by Settling Party; and
   f. liability arising from the past, present, or future disposal, release or threat of release of a hazardous substance, pollutant, or contaminant outside of the Site; and

30. Nothing in this Settlement Agreement is intended to be nor shall it be construed as a release, covenant not to sue, or compromise of any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, that EPA may have against any person, firm, corporation or other entity not a signatory to this Settlement Agreement.
X. COVENANTS BY SETTLING PARTY

31. **Covenants by Settling Party.** Settling Party covenants not to sue and agrees not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site and this Settlement Agreement, including but not limited to:

   a. any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund established by 26 U.S.C. § 9507, based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

   b. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the State Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, or at common law; or

   c. any claim pursuant to Sections 107 or 113 of CERCLA, 42 U.S.C. §§ 9607 or 9613, Section 7002(a) of RCRA, 42 U.S.C. § 6972(a), or state law relating to the Site.

32. Except as provided in Paragraph 34 (claims against other PRPs) and Paragraph 39 (res judicata and other defenses), the covenants in this Section shall not apply in the event EPA brings a cause of action or issues an order pursuant to any of the reservations in Section IX (Reservations of Rights by EPA), other than in Paragraph 29.a (liability for failure to meet a requirement of the Settlement Agreement) or 29.b (criminal liability), but only to the extent that Settling Party’s claims arise from the same response action or response costs that EPA is seeking pursuant to the applicable reservation.

33. Nothing in this Settlement Agreement shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

34. Settling Party agrees not to assert any claims and to waive all claims or causes of action (including but not limited to claims or causes of action under Sections 107(a) and 113 of CERCLA) that they may have for response costs relating to the Site against any other person who is a potentially responsible party under CERCLA at the Site. This waiver shall not apply with respect to any defense, claim, or cause of action that Settling Party may have against any person if such person asserts a claim or cause of action relating to the Site against such Settling Party.

XI. EFFECT OF SETTLEMENT/CONTRIBUTION

35. Except as provided in Paragraph 34 (claims against other PRPs), nothing in this Settlement Agreement shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Settlement Agreement. Except as provided in Section X (Covenants by Settling Party), each of the Parties reserves any and all rights (including, but not limited to, under Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action that it may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Settlement Agreement diminishes the right of the United States, pursuant to Section 113(f)(2) and (3) of CERCLA, 42
U.S.C. § 9613(f)(2)-(3), to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2).

36. The Parties agree that this Settlement Agreement constitutes an administrative settlement pursuant to which Settling Party has, as of the Effective Date, resolved liability within the meaning of Sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(h)(4), and are entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(h)(4) of CERCLA, or as may be otherwise provided by law, for the “matters addressed” in this Settlement Agreement. The “matters addressed” in this Settlement Agreement are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States or by any other person, except for the State; provided, however, that if EPA exercises rights under the reservations in Section IX (Reservations of Rights by EPA), other than in Paragraphs 29.a (liability for failure to meet a requirement of the Settlement Agreement) or 29.b (criminal liability), the “matters addressed” in this Settlement Agreement will no longer include those response costs or response actions that are within the scope of the exercised reservation.

37. The Parties further agree that this Settlement Agreement constitutes an administrative settlement pursuant to which Settling Party has, as of the Effective Date, resolved liability to the United States within the meaning of Section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B).

38. Settling Party shall, with respect to any suit or claim brought by it for matters related to this Settlement Agreement, notify EPA in writing no later than 60 days prior to the initiation of such suit or claim. Settling Party also shall, with respect to any suit or claim brought against it for matters related to this Settlement Agreement, notify EPA in writing within 10 days after service of the complaint or claim upon it. In addition, Settling Party shall notify EPA within 10 days after service or receipt of any Motion for Summary Judgment and within 10 days after receipt of any order from a court setting a case for trial, for matters related to this Settlement Agreement.

39. In any subsequent administrative or judicial proceeding initiated by EPA, or the United States on behalf of EPA, for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Party shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by EPA, or the United States on behalf of EPA, in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenants by EPA set forth in Section VIII.

40. Effective upon signature of this Settlement Agreement by Settling Party, Settling Party agrees that the time period commencing on the date of its signature and ending on the date EPA receives from Settling Party the payment(s) required by Section VI (Payment of Response Costs) and, if any, Section VII (Failure to Comply with Settlement Agreement), shall not be included in computing the running of any statute of limitations potentially applicable to any action brought by the United States related to the “matters addressed” as defined in Paragraph 36, and that, in any action brought by the United States related to the “matters addressed,”
Settling Party will not assert, and may not maintain, any defense or claim based upon principles of statute of limitations, waiver, laches, estoppel, or other defense based on the passage of time during such period. If EPA gives notice to Settling Party that it will not make this Settlement Agreement effective, the statute of limitations shall begin to run again commencing 90 days after the date such notice is sent by EPA.

**XII. RETENTION OF RECORDS**

41. Until 5 years after the Effective Date, each Settling Party shall preserve and retain all non-identical copies of records, reports, documents, and other information (including records, reports, documents and other information in electronic form) (hereinafter referred to as “Records”) now in its possession or control, or that come into its possession or control, that relate in any manner to its liability under CERCLA with respect to the Site, in addition, all Records that relate to the liability of any other person under CERCLA with respect to the Site. Each of these requirements shall apply regardless of any corporate retention policy to the contrary.

42. At the conclusion of the document retention period, Settling Party shall notify EPA at least 90 days prior to the destruction of any such Records, and, upon request by EPA, except as provided in Paragraph 43 (Privileged and Protected Claims), Settling Party shall deliver such Records to EPA.

43. **Privileged and Protected Claims.**

   a. Settling Party may assert that all or part of a Record is privileged or protected as provided under federal law, provided they comply with Paragraph 43.b, and except as provided in Paragraph 43.c.

   b. If Settling Party asserts a claim of privilege or protection, they shall provide EPA with the following information regarding such Record: its title; its date; the name, title, affiliation (e.g., company or firm), and address of the author, each addressee, and of each recipient; a description of the Record’s contents; and the privilege or protection asserted. If a claim of privilege or protection applies only to a portion of a Record, Settling Party shall provide the record to EPA in redacted form to mask the privilege or protection only. Settling Party shall retain all Records that they claim to be privileged or protected until EPA has had a reasonable opportunity to dispute the privilege or protection claim and any such dispute has been resolved in the Settling Party’s favor.

   c. Settling Party may make no claim of privilege or protection regarding:

      (1) any data regarding the Site, including but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, radiological, or engineering data, or the portion of any other Record that evidences conditions at or around the Site; or

      (2) the portion of any Record that Settling Party is required to create or generate pursuant to this Settlement Agreement.

44. **Business Confidential Claims.** Settling Party may assert that all or part of a Record submitted to EPA under this Section or Section XII (Retention of Records) is business
confidential to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. § 2.203(b). Records that Settling Party claims to be confidential business information will be accorded the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies Records when they are submitted to EPA, or if EPA has notified Settling Party that the Records are not confidential under the standards of Section 104(e)(7) of CERCLA or 40 C.F.R. Part 2 Subpart B, the public may be given access to such Records without further notice to Settling Party.

45.
