

City of Richland, Washington RFP for LFG Energy Project Developer

As a service to our Partners and stakeholders, the U.S. EPA Landfill Methane Outreach Program (LMOP) is pleased to provide information about a **request for proposals (RFP)** from the **City of Richland, Washington**.

Pre-Proposal Meeting: May 10, 2017

Deadline for Questions: May 19, 2017

Proposal Deadline: May 26, 2017

The City of Richland owns and operates the **Horn Rapids Landfill**, an active municipal solid waste disposal site with a landfill gas (LFG) collection system. The current landfill cell is expected to reach capacity in 2020, after which the LFG collection system will be expanded.

The City is seeking to enter into a **long-term LFG purchase agreement** with a qualified full-service developer who will **convert the LFG into renewable natural gas**. The City invites such developers to submit proposals to provide financing, design, site preparation, equipment installation, operation and marketing services.

The **Horn Rapids Landfill Gas-to-Fuel Project RFP, No. 17-0050**, is available at <http://www.publicpurchase.com/>. Companies not already registered with Public Purchase will have to register in order to obtain access to this RFP. Information on how to register is available on the City's website at <https://www.ci.richland.wa.us/departments/administrative-services/purchasing/public-purchase>.

Prospective proposers are strongly encouraged to attend the **pre-proposal meeting at 9:00 AM (Pacific Local Time) on May 10, 2017**. This meeting will be held at the Horn Rapids Landfill, 3102 Twin Bridges Road, Richland, WA.

Questions regarding this RFP must be submitted in writing following instructions within the RFP. The last day to submit questions is **May 19, 2017 by 3:00 PM (Pacific Local Time)**.

Proposals are due by **3:00 PM (Pacific Local Time) on May 26, 2017**.

EPA is providing this information as a service but does not endorse the information or opinions included therein.
