EPA EJ Perspective and Work
National Environmental Justice Advisory Council

• Integrate environmental justice considerations into Agency programs, policies and activities.
• Improve the environment or public health in communities disproportionately burdened by environmental harms and risks.
• Address environmental justice by ensuring meaningful involvement in EPA decision-making, building capacity in disproportionately burdened communities, and promoting collaborative problem-solving for issues involving environmental justice.
• Strengthen its partnerships with other governmental agencies, such as other Federal agencies and State, Tribal, or local governments, regarding environmental justice issues.
• Enhance research and assessment approaches related to environmental justice.
Tribal EJ Policy

**Issued:** July 24, 2014

**Purpose:** To clarify and integrate environmental justice principles in a consistent manner in the Agency’s work with federally recognized tribes and indigenous peoples.

**Scope:** Federally recognized tribes, state recognized tribes, tribal members, indigenous community organizations, Native Hawaiians, individual Native Americans, and others living in Indian country.
EJ 2020 Action Plan

Collaborating with tribes to EJ build capacity as requested by tribes based on needs identified by tribes.

- **EJ 2020** is EPA’s strategic plan for *environmental justice* for the years 2016-2020

- **EJ 2020** builds on the foundation of **EJ 2014** and thirty years of work by EPA, communities and partners

- **EJ 2020** seeks greater environmental justice integration and results
