JAN 10 2017

The Honorable Marissa J. Levine, Commissioner
Commonwealth of Virginia
Department of Health
109 Governor Street
Richmond, Virginia 23219

Dear Commissioner Levine:

This letter acknowledges receipt of the Primacy Revision Application dated December 13, 2016, submitted by Mr. Andrew Hammond, Acting Director, of the Office of Drinking Water. This package modifies Virginia's Public Water System Supervision Program for the adoption of the Revised Total Coliform Rule (RTCR). Virginia is commended for its efforts to adopt this rule.

The U.S. Environmental Protection Agency (EPA) has determined that Virginia's Primacy Revision Application is complete and final. Interim primacy is granted pursuant to 40 C.F.R. §142.12(e) and remains in effect until EPA approves or disapproves the revised primacy program. EPA's ninety (90) day review period, per 40 C.F.R. §142.12(d)(3), begins on the date of this letter. We will notify you of our decision.

If you have any questions, please do not hesitate to contact me or have your staff contact Mr. Brian Hamilton, EPA's Virginia Liaison, at 215-814-5497 or hamilton.brian@epa.gov.

Sincerely,

Shawn M. Garvin
Regional Administrator
